Teaching Mindfulness Donald McCown, Diane K. Reibel, Marc S. Micozzi, 2010-03-10 The applications and use of mindfulness based interventions in medicine mental health care and education have been expanding as rapidly as the

empirical evidence base that is validating and recommending them This growth has created a powerful demand for professionals who can effectively deliver these interventions and for the training of new professionals who can enter the fold Ironically while the scientific literature on mindfulness has surged little attention has been paid to the critical who and how of mindfulness pedagogy Teaching Mindfulness is the first in depth treatment of the person and skills of the mindfulness teacher It is intended as a practical guide to the landscape of teaching to help those with a new or growing interest in mindfulness based interventions to develop both the personal authenticity and the practical know how that can make teaching mindfulness a highly rewarding and effective way of working with others The detail of theory and praxis it contains can also help seasoned mindfulness practitioners and teachers to articulate and understand more clearly their own pedagogical approaches Engagingly written and enriched with vignettes from actual classes and individual sessions this unique volume Places the current mindfulness based interventions in their cultural and historical context to help clarify language use and the integration of Eastern and Western spiritual and secular traditions Offers a highly relational understanding of mindfulness practice that supports moment by moment work with groups and individuals Provides guidance and materials for a highly experiential exploration of the reader s personal practice embodiment and application of mindfulness Describes in detail the four essential skill sets of the mindfulness teacher p Proposes a comprehensive systematic model of the intentions of teaching mindfulness as they are revealed in the mindfulness based interventions Includes sample scripts for a wide range of mindfulness practices and an extensive resource section for continued personal and career development Essential for today s practitioners and teachers of mindfulness based interventions Teaching Mindfulness A Practical Guide for Clinicians and Educators brings this increasingly important discipline into clearer focus opening dialogue for physicians clinical and health psychologists clinical social workers marriage and family therapists professional counselors nurses occupational therapists physical therapists pastoral counselors spiritual directors life coaches organizational development professionals and teachers and professionals in higher education in short everyone with an interest in helping others find their way into the benefits of the present moment New World Mindfulness Donald McCown, Marc S. Micozzi, 2011-12-22 Techniques to fit mindfulness into the demands and pace of real life Reveals the medical benefits of mindfulness for stress anxiety and depression as well as for coping with serious illness and major life changes Offers a wide range of techniques including a high speed form of contemplation from the authors extensive experience working with this practice as a healing modality We are all busy and we all long for quiet and connection Yet despite the growing body of evidence supporting the benefits of mindfulness the hectic pace of modern life leaves little time to devote to meditation relaxation and contemplation In New World Mindfulness mindfulness teacher and therapist Donald McCown and physician Marc Micozzi provide techniques to successfully integrate mindfulness into real life so we can rise above the stress of work family and community that can easily pull us out of the moment and into states of tension anxiety or

depression Dispelling the two big myths of mindfulness that it is an exotic activity and that it requires you to slow down and find more time the authors present a history of mindfulness in the West from the American Founding Fathers Thoreau and Emerson up to present day leaders in the field such as Jon Kabat Zinn and reveal a high speed form of contemplation ideal for even the busiest of lives Exploring the physiological impact of mindfulness practices for stress anxiety depression and coping with serious illness and major life changes the authors show that mindfulness is not about being silent and alone it can even be practiced as a family or community Not prescribing change but rather working from within this book connects Western no nonsense get it done pragmatism with the yearning for beauty and balance that makes a full life truly fulfilled *Brain*
