Grant Hardy

The Book Of Mormon:

The Story of the Book of Mormon George Reynolds, 2008-04-24 This 1888 classic by LDS General Authority Elder George Reynolds is considered the first commentary on the Book of Mormon. It is also a retelling of its stories in a way accessible to everyone. The love he had for that book of scripture and the inspiration he received from it and expressed within the pages of this book continues to inspire modern readers. **Understanding the Book of Mormon** Grant

Hardy, 2010-04-07 This introduction adopting approaches from literature and religious studies for the first time makes the contents of the Book of Mormon accessible to outsiders in a comprehensive detailed manner. By identifying the organizing principles of the text which include multiple levels of narration, Hardy demonstrates that the book has more coherence and literary interest than is often assumed. **The Book of Mormon (Royal Collector's Edition) (Case Laminate Hardcover with Jacket)** , 2021-01-26

The Book of Mormon is a sacred text of the Latter Day Saint movement. It has a number of original doctrinal discussions on subjects such as the fall of Adam and Eve, the nature of the Christian atonement and eschatology.

Understanding the Book of Mormon Ross Anderson, 2009-08-30 Mormons or members of the Church of Jesus Christ of Latter-day Saints form a growing population in both numbers and influence. Yet few people have more than a passing knowledge of the document that defines and drives this important movement, the Book of Mormon. A former Mormon and an adult convert to Christianity, author Ross Anderson provides a clear summary of the Book of Mormon including its history, teachings, and unique features. Stories from the author and other ex-Mormons illustrate the use of Mormon scripture in the Latter-day Saint church. Anderson gives special attention to how the Book of Mormon relates to Christian beliefs about God, Jesus, and the Bible. With discussion questions to facilitate group use and a focus on providing an accurate portrayal of Mormons' beliefs, *Understanding the Book of Mormon* is an indispensable guide for anyone wishing to become more familiar with the Church of Jesus Christ of Latter-day Saints and its most formative scripture. *THE BOOK OF MORMON* Joseph Smith, 2020-12-17 The Book of Mormon is a sacred text of the Latter Day Saint movement which contains writings of ancient prophets who lived on the American continent from approximately 2200 BC to AD 421. The Book of Mormon is the earliest of the unique writings of the Latter-day Saint movement, the denominations of which typically regard the text primarily as scripture and secondarily as a historical record of God's dealings with the ancient inhabitants of the Americas. According to Smith's account and the book's narrative, the Book of Mormon was originally written in otherwise unknown characters referred to as reformed Egyptian, engraved on golden plates. Smith said that the last prophet to contribute to the book, a man named Moroni, buried it in the Hill Cumorah in present-day Manchester, New York, before his death and then appeared in a vision to Smith in 1827 as an angel, revealing the location of the plates and instructing him to translate the plates into English for use in the restoration of Christ's true church in the latter days. *The Book of Mormon* Grant Hardy, 2005-08-10 Regarded as sacred scripture by millions, the Book of Mormon, first published in 1830, is one of the most significant

documents in American religious history This new reader friendly version reformats the complete unchanged 1920 text in the manner of modern translations of the Bible with paragraphs quotations marks poetic forms topical headings multichapter headings indentation of quoted documents italicized reworkings of biblical prophecies and minimized verse numbers It also features a hypothetical map based on internal references an essay on Book of Mormon poetry a full glossary of names genealogical charts a basic bibliography of Mormon and non Mormon scholarship a chronology of the translation eyewitness accounts of the gold plates and information regarding the lost 116 pages and significant changes in the text The Book of Mormon claims to be the product of three historical interactions the writings of the original ancient American authors the editing of the fourth century prophet Mormon and the translation of Joseph Smith The editorial aids and footnotes in this edition integrate all three perspectives and provide readers with a clear guide through this complicated text New readers will find the story accessible and intelligible Mormons will gain fresh insights from familiar verses seen in a broader narrative context This is the first time the Book of Mormon has been published with quotation marks select variant readings and the testimonies of women involved in the translation process It is also the first return to a paragraphed format since versification was added in 1879
