The Eschatology of the Book of Jubilees G.L. Davenport,2022-07-04 The Book of the Covenant Martin Sicker,2010-03-25 According to the biblical narrative in addition to the Ten Commandments Moses received a series of supplementary instructions to guide the people as they set about establishing a society in conformity with the covenant that are to be found in the so called the Book of the Covenant The book which is imbedded in the biblical book of Exodus essentially contains addenda or amendments to longstanding customary laws with which the children of Israel were already familiar and for this reason its various components vary widely in scope depending on the extent of differentiation from customary law that they entail This study of the ordinances in the Book of the Covenant focuses not only on what they meant for the ancient Israelites but also how those laws rules instructions and admonitions were treated and in some instances modified as they were incorporated into the huge corpus of Jewish Law as it emerged over a period of some two and a half millennia Holy Book and Holy Tradition Frederick Fyvie Bruce, Ernest Gordon Rupp, 1968 The Westminster Dictionary of Theological Terms, Second Edition Donald K.
