intellectual freedom in the profession      The Emerald Tablet Dennis William Hauck,1999-03-01 The Emerald Tablet an ancient document that contains the essence of the alchemical teachings has had an important influence on many Western spiritual and religious traditions Ostensibly concerned with turning base metals into gold alchemy was in fact dedicated to transforming the lead of self into the gold of spirit This brilliant history of alchemy traces its sources back to ancient Egypt and presents alchemy as a useful practical system of self transformation Each of the seven steps of alchemical transformation is explained with hands on techniques and exercises treating alchemy as a living discipline for achieving a spiritual awakening      **Restoring the Goddess** Barbara G. Walker,2000-03 Harkening back to the widespread worship of a mother goddess at the dawn of civilization Walker argues for a restoration of this primal religious sensibility which celebrated the Earth s fertility and woman s innate power to bear new life      **Pagans & Christians** Gus DiZerega,2001 Although Christianity is still a major religious force there are growing numbers of people in other faiths including the various Pagan traditions Some Christians have responded to this trend with fear and derision while some Pagans have reacted to that fear with anger and mistrust Much of the problem is due to misunderstandings and lack of communication This can change with Gus diZerega s Pagans Christians Here you will find a penetrating and illuminating comparison showing that neither path has the single correct approach to the Divine Rather either or both can be authentic and legitimate expressions of the appreciation of the Ultimate Source of All Pagans Christians is an ideal way to help bridge what at time seems a wide chasm between Christian and Pagan beliefs By sharing core ideas of both paths this book provides a way to give deeper mutual understanding and unity among the religions of the world Although Pagans Christians accepts both paths as valid the book provides a more in depth explanation of Paganism the minority religion because in some ways Paganism demands a greater defense and explanation of its beliefs and ideas to dispel misunderstandings The author is a Third Degree Gardenerian Elder and in Pagans Christians has presented nothing less than a brilliant defense of Paganism clearly showing how it should stand beside all of the major religions of the world as an equal As part of this defense diZerega gives a listing of biblical contradictions and Christian philosophical difficulties which can help any Pagan responding to a negative attack and will help any Christian to view his or her religion as a way not the way Winner of the 2001 Coalition of Visionary Resources COVR Award for Best Non fiction Book      **A Thematic Access-Oriented Bibliography of Jesus's Resurrection** Michael J. Alter,2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus s Resurrection addresses these challenges in several ways First the bibliography organizes more than seven

thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

*The Secret Yoga of the Vikings* Steven A. Key,2019-09-13 With their secretive poetic lore and even more mysterious pantheon of gods led by Odin the All Father Thor the great Hammer Striker Loki the Evil One and Heimdal the Cosmic Horn Blower it is almost impossible not to love the Vikings But there are even more fans of the multi faceted yoga systems devised by the ancient Hindustani in India more than five thousand years ago Steven A Key makes the case that transcendental yoga has not only endured over the millennia but that it has traveled in different forms of spiritual or religious expression in The Secret Yoga of the Vikings Drawing on the writings of Joseph Campbell the famous mythologist who hinted at a link between the cultures of the Eastern Hindus and the Northern Vikings as well as other great thinkers the author shows that yoga has influenced Buddhism Christianity and yes even the tenth century Vikings Discover how a spiritual cult of anonymous Odin warriors who died long ago was likely responsible for the writing of the Poetic Edda itself as well as the role transcendental yoga played in the life of the Vikings

**The Christ Conspiracy** Acharya S.,2012-09-04 In this highly controversial and explosive book archaeologist historian mythologist and linguist Acharya S marshals an enormous amount of startling evidence to demonstrate that Christianity and the story of Jesus Christ were created by members of various secret societies mystery schools and religions in order to unify the Roman Empire under one state religion In developing such a fabrication this multinational cabal drew upon a multitude of myths and rituals that existed long before the Christian era and reworked them for centuries into the religion passed down to us today Contrary to popular belief there was no single man who was at the genesis of Christianity Jesus was many characters rolled into one These characters personified the ubiquitous solar myth and their exploits were well known as reflected by such popular deities as Mithras Heracles Hercules Dionysos and many others throughout the Roman Empire and beyond The story of Jesus as portrayed in the Gospels is revealed to be nearly identical in detail to that of the earlier savior gods Krishna and Horus who for millennia preceding Christianity held great favor with the people The Christ Conspiracy shows the Jesus character as not unique or original not divine revelation Christianity reinterprets the same extremely ancient body of knowledge that revolved around the celestial bodies and natural forces The result of this myth making has been The Greatest Conspiracy Ever Sold

**From Mythology to Reality: Moving Beyond Rastafari** Seon M. Lewis,2013-10-19 The main thesis of this book is based on the Rastafarian Movement This book presents information about this movement in one place that is largely not know by the many adherents of the faith Moreover this book presents a unique view of the Movement a view embedded in a Grenadian Caribbean experience This view however is not narrowly placed but is argued within a wider world context and thus explains whether the Rastafarian movement can be a force for good both within the black community and the world at large Editor and author Norm R Allen Jr said that This well researched book expertly demolishes the ridiculous notion among Rastafarians that Emperor Haile Selassie of Ethiopia is God Moreover Lewis offers many excellent critiques of theism the Bible Rastafarianism Afrocentric thought and religion in general This book is informative to everyone

The Awakening of Global Consciousness Jawara D. King, D.D.,2010-07-26 One of the world s leading spiritual teachers returns with an inspiring and provocative message with solutions to our planetary crises offering effective steps to change the world and integrate all levels of our Being Religion is psychological entrapment promoting the controlled behavior of the herd civilization Institutionalized organized religion is the cause of enslavement violence prejudice hatred classism and war False religious institutions created god in their own personal image and after the likeness of their own mind for control and money Every religious holy book has been altered dissected rewritten and censored to appear as the word of God and all the gods of religious holy books are controlled by fundamentalists

Organized religion is a serious threat to the human race and a mental illness that afflicts over 80% of the world's population. It has nothing to do with spirituality and is no more than a collection of unholy lies. The spiritual terrorism of religion frowns upon free will, despises questions, prohibits doubt, and survives on blind faith. Eternal life with God is only promised to the obedient religious slaves who unconditionally follow rigid religious belief structures. This mythology was created based on division, not unity. Control is the essence of evil. The easiest way to control humanity is through fear, which is why the religious elite created gods of intimidation and fear to control others and solicit money. *The Awakening of Global Consciousness* is a must read for the millions who've read Jawara's earlier classic books and a great beginning for those unfamiliar with his great works questioning the validity of the world's three major religions.
