My Boss's Kitten 7 Yumi Hisawa, 2020-11-03 Aya met Bucho's family and spent a heart-warming time with them. When February hit, the whole town was in full Valentine's Day mode and Aya's mind was full of Bucho. The two will finally find their ultimate happiness together. Yumi Hisawa presents the heart-clenching love story of a girl who lost love and her sadistic boss living under the same roof. **My Boss's Kitten** Yumi Hisawa, 2019-10-15 Aya was deserted right before her marriage and was left without a place to live. One day she finds herself wandering back into the house she was supposed to own after her wedding. To her surprise, the cold-blooded boss she hates from work had moved in as the new owner. A dangerous love ignites under one roof between the girl who lost love and her sadistic boss.

The Phenomenon of Mental Disorder Petr Kouba, 2014-11-18 This book provides a critical introduction to Heidegger's impact on psychiatry and psychology and has a focus on the application of his philosophy to psychiatry. This is a complete revision of Heidegger's existential philosophy in the light of psychopathological phenomena. Readers will find here a philosophical inquiry into the problem of mental disorder which shows Heidegger's own philosophy in a new light, uncovering both its strengths and its weak points. The author maps not only Heidegger's interaction with psychiatric thought as depicted in his Zollikon Seminars but also his influence on Swiss phenomenological psychiatry. The work treats Heidegger in a critical way, taking the phenomenon of mental disorder as a touchstone on which Heidegger's thought is tested. The results of such a critical examination are important not only for a better understanding of psychopathological phenomena but also for a new understanding of Heidegger's approach to human existence. This work treats the phenomenon of mental disorder as a philosophical problem that reflects the ontological character of human existence. Heidegger's approach to mental disorder is confronted with the conceptions of Foucault, Deleuze and Guattari in a novel way. The book is more than just an historical overview as it highlights the limits of phenomenological thought in the area of psychiatry and it shows a possible way of moving beyond them. This is a philosophical work with an interdisciplinary range. Scholars of philosophy and those in the growing field of philosophy of psychiatry as well as those with an interest in Heidegger Studies will be particularly interested in this work. **My Boss's Kitten 6** Yumi Hisawa, 2020-09-08 With the incident surrounding Bucho's wife coming to a close, it's finally time to greet the new year. When Aya says she's going to visit her parents, Bucho asks if he could come as well. Here's another exciting volume.
