The Bear Guarding The Beehive:

The Bear Guarding the Beehive Stephanie C. Fox, 2014-09-16 The bees are in terrible trouble They need a good lawyer one who is on their side Once upon a time there was a beautiful country called Oblivion It had everything growing in it to make its people happy and healthy raspberries almonds peaches apricots blueberries cranberries lavender thyme irises roses tulips daffodils the list seemed endless But it did end because some of the Thieves of Oblivion wanted to sell all of these wonderful things and to force Nature to produce more and more and more of them These Thieves running a corporation called BearGenics had a conflict of interest with Nature They tampered with the genetics of crop plants They never gave a thought to the fact that without honey bees none of these plants would grow The Thieves poisoned the plants and in so doing poisoned the honey bees That s what happens when you leave the bear guarding the beehive This story is a companion to *The Book of Thieves* which describes the Banksters of Oblivion and how they destroyed the financial security of that country

The Book of Thieves Stephanie C. Fox, 2012-02-26 The Book of Thieves is the story of how a greedy few destroyed a nation called Oblivion Oblivion was once a great place to live and work in with excellent laws to protect everyone who worked there and to keep conditions fair for them Not anymore A greedy few called Banksters cheated and stole after working harder at getting the rules changed and finding ways to simply ignore them than at earning an honest living The Banksters were assisted by an untrustworthy Trustee a Key Holder and Dealers The Oblivious the citizens of Oblivion did not notice until the deed was done This cautionary tale should be read carefully because it can happen anywhere It can happen in any country even with the best of laws All that s necessary is for people to not pay attention and for a few to cheat lie and steal Those who do not pay attention can expect to lose their homes and worse Life is unfair and so are the Thieves

[The Visitor Experience at the Mark Twain House](#) Stephanie C. Fox, 2020-04-18 This book contains a tour that I gave as a historic interpreter at the Mark Twain House in Hartford Connecticut It takes the readers from the front lawn to the porch to the hall then goes room by room throughout the author s family home telling the story of the wonderful life they all lived in a house that felt alive to them for seventeen years I did this for several years and it enabled me to learn all about the author and his family and to read many of his works It also led me to meet many fascinating and fun members of the public as I showed them around and told them hilarious

uproarious tales of Samuel Langhorne Clemens aka Mark Twain in the manner of a stand up comic They loved it as did I Many of these visitors made a wonderful remark to me at the conclusion of tour after tour after tour That was the best tour I have ever had anywhere I wish I could buy a copy of it You should write your tour down as is So I did *New World Order Underwater* Stephanie C. Fox, 2017-01-04 The world of Nae N e has undergone a tremendous change 6.8 billion human beings were Culled within the space of a year Human beings each one unique many talented have been erased The world has rebuilt itself adjusting to the new reality of the damage wrought by human overpopulation and resource depletion Most of the world is underwater and a new order has been imposed with the old The old world order includes universal use of Nae N e the nanite birth control device continues Anyone wishing to reproduce must still get a license to do so No license will be granted before a death has been recorded However thanks to Hamish's Regenics serum some people are living extended lifespans so fewer births are to be authorized Avril continues to be concerned by what she knows about the past year The Cull was not a natural plague it was genocide The Farmers of the world elites with access to the bulk of financial and other wealth orchestrated the Cull They are bankers hedge fundsters and corporatists It is Avril who has dubbed them Farmers due to their treatment of humans as a crop to be managed She must find a way to make this crime transparent to all while remaining out of reach The Farmers are a pernicious threat one that must be addressed Until then the new world order will be one of fear and manipulation by the powerful few The conclusion to the Nae N e series takes the reader to a Florida that is mostly underwater and to the International Criminal Court in The Hague the Netherlands A changed world that includes farms and orchards in every town electric vehicles and a currency that is created by the planet's governments instead of its bankers is shown **What the Small Gray Visitor Said** Stephanie C. Fox, 2020-08-26 It isn't often that a visitor from outer space gets stranded on Earth but it happens every so often When it does it's an accident No one intends to get stranded anywhere after all This visitor is female a botanist and a telepath The alien carries a Small Gray environmental suit with her She is looking for plants that can be grown on her own planet's severely depleted ecosystem The alien has just uprooted one when she finds herself stuck on Earth during a planet wide pandemic It is a spring day when Arielle an author and editor for hire spends her morning as she usually does writing editing blogging drinking coffee and sitting with her cat while looking out the back windows into her yard She gets up to stretch and takes a walk around her beautiful garden to enjoy some sunshine smell a few iris blossoms and survey her berries and herbs Suddenly she sees something under her honeysuckle bush At first she thinks it is discarded plastic litter that has blown around the area and she picks it up in disgust only to see that it is gray as light as a feather and definitely not plastic It has a face or rather a face covering Arielle glances up to find herself face to face with a stranded visitor the owner of the suit she is holding She takes her in after her husband a scientist tests them both for the virus The tests come back negative of course The aliens anticipating microbes that are not endemic to their own world have immunized themselves against Earth's pathogens before venturing out of their ship Find out what

happens next and what the Small Gray Visitor said while she was here *Intrigue On a Longship Cruise* Stephanie C. Fox, 2022-10-24 Arielle and her aunt Eloise are going on a Longship cruise up the Rh ne River in France They are happily anticipating a week of fun meeting new people eating gourmet food seeing historic sites in famous cities buying souvenirs and photographing it all It promises to be a lovely trip together after being cooped up at home during the recent pandemic Vaccinated and packed they are ready to tour the South of France free from any worry about dangerous microbes At least that s what they think Someone else aboard their ship has other ideas including murder and something worse than murder What could be worse than murder Read the story to find out and enjoy Arielle s photographs Scheherazade Cat - The Story of a War Hero Stephanie C. Fox, 2017-01-01 We humans are capable of great good In the time that our species has been on Earth we have done remarkable things to improve the human condition But a dark and horrible side of our nature often comes to the surface in the form of military conflict With sad regularity our leaders become filled with greed intolerance and lust for power resulting in bloodshed and cruelty that has become more and more horrible as our methods of killing become more efficient Indeed war is the most hideous of human experiences and is tragically a regular feature of our history However in the midst of wartime horror sometimes people and events come together and give some hope that in the end the positive aspects of human nature will triumph over our evil side Scheherazade Cat The Story of a War Hero is an example of how love loyalty and kindness can shine through the darkness of war and restore faith in the human spirit This is the true story of Lieutenant David Haines a United States Army chemical weapons officer and Scheherazade a calico kitten from Failaka Island Kuwait He met her while performing a mission there during the Persian Gulf War Scheherazade was playing with a small bomb during this meeting but fortunately it did not detonate Seeing this alerted Lt Haines to the presence of other mines allowing his squad to retreat safely Recognizing that this encounter may have saved his life and those of his men the soldier adopted Scheherazade and brought her to America This is a simple tale about a chance encounter but it is also a heartwarming lesson that showing kindness and loyalty to a small creature in the midst of extreme danger brings out the best in us For this reason the message of this book is a positive one that demonstrates the value of compassion and goodness

Nae-Née Stephanie C. Fox, 2014-01-18 Nae N e is a dystopian science fiction story It is a cautionary tale of a loss of liberty along with our ecosystem It takes place in the present Nae N e posits a world not unlike our own as it confronts the major taboo of our time the conflict between human overpopulation and the human desire to pass on one s DNA and culture and to rest assured that the next generation will care for the previous one and continue all that matters to it Our planet s ecosystem is being stressed past capacity to the brink of collapse due to biodiversity loss rising sea levels floods droughts overdependence on fossil fuels and the climate changes that drive all that In short the human species is in dire trouble due to overpopulation its own No one seems remotely inclined to sacrifice any comfort or control over their habits in order to save the environment and ultimately their own future existence happiness or sense of purpose But there is a significant difference

nanite technology has advanced sufficiently to be of actual practical use to physicians and scientists Nae N e is a safe reliable user friendly form of birth control It is a microscopic device made of nanites little robots It contains a life time supply of super concentrated RU486 which the device releases whenever it detects a rise in hormones that indicates a fertilized embryo is about to implant itself All that the inventors a husband and wife team wanted was a convenient device that would prevent pregnancy every time without constantly pumping a woman s body full of artificial hormones Its name literally translates as not born and was chosen by Avril the wife to reflect her husband s Scottish background and her own French ancestry The story is told from Avril s point of view a woman with Asperger s and a professor of women s medical history The world s leaders have decided to make it the duty of every human being to participate in a bold new world policy and they have drafted a treaty at the United Nations and every nation has agreed to sign onto it This is done on a date that doom sayers have anticipated with predictions of various and often unrelated dire consequences December 21 2012 Under the terms of the treaty all women must have a government registered Nae N e device Henceforth every birth of any new human being must be licensed and not everyone who wants a license to reproduce shall be granted one
