Creative Skits for Youth Groups Randy Fishell, Greg Dunn, 1987 Each volume contains twelve short scripts using simple props with messages on such timely topics as gossip health consciousness sin and treating friends well Screen Book Magazine Combined with Screen Play, 1940-02 **Mehera-Meher: A Divine Romance** David Fenster, 2021-01-21 Mehera Meher is the story of an intimate Divine Romance between the Beloved and his closest disciple The three volume paperback set draws deeply from Mehera's firsthand narrative gathered from over 200 hours of tape recordings made by the author David Fenster from the years 1974 to 1982 To this he painstakingly researched and added other historical material from Mehera and those close to her to create an epic 1785 page biography of Avatar Meher Baba's foremost woman disciple This is the latest revised edition and contains numerous corrections and additions to previous editions *Academic GK Matters -8*, **Modern Manhood and the Boy Scouts of America** Benjamin René Jordan, 2016-03-07 In this illuminating look at gender and Scouting in the United States Benjamin Ren Jordan examines how in its founding and early rise the Boy Scouts of America BSA integrated traditional Victorian manhood with modern corporate industrial values and skills While showing how the BSA Americanized the original British Scouting program Jordan finds that the organization's community based activities signaled a shift in men's social norms away from rugged agricultural individualism or martial primitivism and toward productive employment in offices and factories stressing scientific cooperation and a pragmatic approach to the responsibilities of citizenship By examining the BSA's national reach and influence Jordan demonstrates surprising ethnic diversity and religious inclusiveness in the organization's founding decades For example Scouting officials preferred urban Catholic and Jewish working class immigrants and modernizable African Americans and Native Americans over rural whites and other traditional farmers who were seen as too backward to lead an increasingly urban industrial society In looking at

the revered organization's past Jordan finds that Scouting helped to broaden mainstream American manhood by modernizing traditional Victorian values to better suit a changing nation

Creativity and Innovation Among Science and Art Christine Charyton, 2015-01-22 This edited book will address creativity and innovation among the two cultures of science and art. Disciplines within science and art include medicine, neurology, music therapy, art therapy, physics, chemistry, engineering, music improvisation, education, and aesthetics. This book will be the first of its kind to appeal to a broad audience of students, scholars, scientists, professionals, practitioners, physicians, psychologists, counsellors, and social workers, musicians, artists, educators, and administrators. In order to understand creativity and innovation across fields, the approach is multidisciplinary. While there is overlap across disciplines, unique domain-specific traits exist in each field and are also discussed in addition to similarities. This book engages the reader with the comparison of similarities and differences through dialog across disciplines. Authors of each chapter address creativity and innovation from their own distinct perspective. Each chapter is transdisciplinary in approach. These perspectives entail a representation of their field through research, teaching, service, and/or practice.

Encyclopedia of Television Subjects, Themes and Settings Vincent Terrace, 2024-10-17 Over the course of 80 years, television has produced countless programs, many of which fit a particular profile. Did you know, for example, some programs are devoted to ghosts, genies, angels, and even mermaids? Color broadcasting was first tested in 1941. Live models were used to advertise lingerie as early as 1950. Or that nudity, although accidental, occurred on TV long before cable was even thought possible. These are just a few of the many facts and firsts that can be found within the 145 entries included. Appropriate for fans and scholars and bursting with obscure facts, this work traces the evolution of specific topics from 1925 through the 2005-2006 season. Entries include such diverse themes as adolescence, adult film actresses on TV, bars, espionage, gays, immigrants, lawyers, transsexuals, and truckers, as well as locations like Canada, Hawaii, New York, and Los Angeles. Each entry is arranged as a timeline, clearly displaying how television's treatment of the subject has changed through the years. Each entry is as complete as possible and contains series, pilot, special, and experimental program information. Whether just a fan of television and eager to know more about the medium or a scholar seeking hard-to-find facts and information, this book traces the history of specific topics from television's infancy to its changes in the early twenty-first century.
