The Black Bear William H. Wright, While researching on another project of mine I came across this interesting account of The Black Bear amongst some old almost forgotten scripts I am publishing this copyright free book which I found was very badly formatted and had no images either It's a very nice story and also by a well known author of his time Also when I searched and did not find it on Google my deep seated philanthropist wanted to fill up that lacunae I hope this helps someone in their research or just to enjoy a good read Do please comment if you like this initiative of mine and I shall try to find more things that are not here and publish them I am charging a small amount for the book to help me towards the formatting and image creation process
