

SONY

DSC-TF1/R

Cyber-shot Digital Camera TF1

Bring on the water, cold and dirt with the rugged, little camera that's built to take everything—including great pics with 16.1 megapixels and a 4x optical zoom. Keep everything you shoot blur-free with Optical SteadyShot™ image stabilization and there's 720p HD movie mode to capture all of the action.

Key Features

Rugged for the Elements

This camera is just as much at home in the water as on a night on the town! The rugged and compact camera fits in your pocket or purse, yet is waterproof to a depth of 33 ft, shockproof from falls up to approximately 5 ft and dustproof thanks to its airtight construction. This durable camera can even withstand extreme weather conditions, as it is operable as low as 14 degree Fahrenheit°. Seamlessly shifting from underwater marvels to a night on the town, the TF1 always makes it easy to get the best shot!

16.1 Megapixel Plus 4x Zoom

A powerful 16.1 megapixel CCD image sensor helps you capture gorgeous images with superb contrast and clarity down to the finest detail. With 16.1 megapixels, you can create stunning, photo-quality prints up to A3+ (13x19") size, or crop your images and still come away with high resolution shots. The 4x zoom Sony® lens helps you get much closer to your subjects.

720p AVI Movie Mode

In 720p AVI (motion jpeg) movie mode the camera shoots 1280 x 720 high definition movies at 30 fps.¹ Create high quality movies with full use of optical zoom in files small enough to transfer to compatible PC or Mac® computer. Once transferred to your computer and connected to the Internet, you can effortlessly upload your media to popular photo and video-sharing websites such as Photobucket® and YouTube™.

Optical SteadyShot™ image Stabilization

Sony's Active Mode image stabilization gives you the freedom to shoot movies even while walking or running.

Sweep Panorama™ mode (up to 360°)

Reach beyond the traditional wide angle lens, and capture more breathtaking shots with Sweep Panorama™ mode. Simply press the shutter button and sweep the camera in the desired direction and the camera continuously shoots at a high speed, then seamlessly stitches the images together with automatic position adjustment to create one stunning panoramic image. Available in wide and up to 360° full circle, the camera can take a variety of panoramic shots. Now capturing wide landscapes is as easy as press and sweep.

Picture Effect for more expressive photos

Picture Effect adds a new level of expression to photos, making ordinary landscapes and portraits come to life by heightening mood and emphasizing certain attributes.

Beauty effects

Beauty Effects allows edits to skin tones, skin smoothing, shine removal, eye widening, and teeth whitening. Beauty Effects can be combined to further enhance the image.

Advanced Flash illuminates distant subjects

Advanced Flash allows you to shoot bright, beautifully lit photos. The built in flash reaches farther resulting in brighter subjects in dimly lit rooms or outdoors in the evening.

Intelligent Auto Mode

Unlike traditional auto mode, Intelligent Auto (iAuto) mode thinks for you, recognizing scenes, lighting conditions, faces, and adjusts settings resulting in clear images, faces with natural skin tone and less blur. Take advantage of all the technology without leaving Auto mode. Kids on the playground, landscape shots, a beautiful flower or an indoor birthday party; all result in clear images without leaving auto mode.

Face Detection technology

Face Detection technology detects up to eight individual faces and adjusts focus, exposure, and white balance to help deliver crisp, properly lit images of family and friends.
