Sinai Landscape And Nature In Egypt S Wilderness:

Sinai Omar Attum, 2014 Sinai Egypt environmental aspects pictorial work Landscape, Nature, and the Sacred in Byzantium Veronica della Dora, 2016-02-04 Nature is as much an idea as a physical reality By placing nature within Byzantine culture and within the discourse of Orthodox Christian thought and practice Landscape Nature and the Sacred in Byzantium explores attitudes towards creation that are utterly and fascinatingly different from the modern Drawing on Patristic writing and on Byzantine literature and art the book develops a fresh conceptual framework for approaching Byzantine perceptions of space and the environment It takes readers on an imaginary flight over the Earth and its varied topographies of gardens and wilderness mountains and caves rivers and seas and invites them to shift from the linear time of history to the cyclical time and spaces of the sacred the time and spaces of eternal returns and revelations *Picturesque Palestine, Sinai and Egypt* Sir Charles William Wilson, 1884 *The Wilderness of Sinai* Hugh John Llewellyn Beadnell, 1927 **Eight Years**

Wandering In The High Mountains Of Sinai Peninsula: A Tale Of Two Maps Ahmed Shams, 2011-08-07 This book is the first complete geo based account about the High Mountains of Sinai Peninsula A series of seventeen expeditions Phase I 2000 2008 were conducted to study the geography and human occupation development providing exclusive highly detailed maps Between 2010 and 2013 Phase II the study has undergone an extensive analysis modeling process supervised and sponsored by IMT Institute for Advanced Studies scientifically collaborating with the EURAC European Research Academy towards a global perspective It is a multidisciplinary geographical account which focuses on a local Bedouin community which inhabits a transitional mountain area of a rich and complex context reflecting the socioeconomic and geopolitical paradoxes of the Middle East the decade prior the revolutions of the Arab Spring It presents a complete image for the local aspects in a keystone Arab state a state of a significant share the Egyptian National Reforms Revolution of January 25 2011 CE **Sex, Tourism and the Postcolonial Encounter** Jessica Jacobs, 2016-04-01 Illustrated by revealing interviews with

women and men in the tourist resorts in the Sinai Egypt this book is ostensibly about western women who sleep with native men while on holiday Broadening the scope of issues involved it examines the link between these holiday romances and a much wider romanticism of place and people of the landscapes of paradise deserts and the lure of the Bedouin sheikh that are used to sell these destinations It argues that the romantic stereotyping and deliberate positioning of Third World resorts as places that somehow exist outside of the modernities the women come from is inextricably bound up in the relationships Similarly for the local man the tourist resort is perceived as a place other than his own cultural space and time and represents a modernity that is otherwise only found in the West The relationships that ensue can therefore only occur because the tourist resort acts as an intermediate space In analyzing the interaction of these men and women within the context of modernity the book provides insights into gender issues to do with globalization travel and sexuality as well as opening up the debate on sex tourism and showing this to be a lot more ambiguous and complicated than it might at first

DK Eyewitness Travel Guide: Jerusalem & the Holy Lands DK Publishing,2007-09-01 A highly illustrated guide to Jerusalem in the award winning DK Eyewitness Travel series **Environmental Politics in Egypt** Jeannie Sowers,2013-06-26 Drawing on extensive fieldwork conducted in Egypt from the late 1990s to 2011 this book shows how experts and activists used distinctive approaches to influence state and firm decision making in three important environmental policy domains These include industrial pollution from large scale industry the conservation of threatened habitat and water management of the irrigation system These cases show how environmental networks sought to construct legal discursive and infrastructural forms of authority within the context of a fragmented state apparatus and a highly centralized political regime Managerial networks composed of environmental scientists technocrats and consultants sought to create new legal regimes for environmental protection and to frame environmental concerns so that they would appeal to central decision makers Activist networks in contrast emerged where environmental pollution or exclusion from natural resources threatened local livelihoods and public health These networks publicized their concerns and mobilized broader participation through the creative use of public space media coverage and strategic use of existing state sanctioned organizations With the increased popular mobilization of the 2000s and the mass protests of the 2011 revolution environmental politics has become highly topical Expert and activist networks alike have sought to broaden their appeal and diversify their approaches The result may well be a more contested participatory and dynamic phase in Egyptian environmentalism The Yahwist's Landscape Theodore Hiebert,1996 In this book Theodore Hiebert re examines these assumptions and offers a new understanding of the role of nature in biblical thought
