Fong,Richard Joseph Smith,2008 During the late Qing reform era 1895 1912 women for the first time in Chinese history emerged in public space in collective groups They assumed new social and educational roles and engaged in

intense debates about the place of women in China's present and future. These debates found expression in new media including periodicals and pictorials which not only harnessed the power of existing cultural forms but also encouraged experimentation with a variety of new literary genres and styles. Works increasingly produced by and for Chinese women.

Different Worlds of Discourse explores the reform period from three interrelated and comparatively neglected perspectives: the construction of gender roles, the development of literary genres, and the emergence of new forms of print media.

The Destruction of Jerusalem in Nineteenth-Century German Culture Axel Stähler, 2025-07-21. This book explores in a comparative approach the astounding medial variety and intermedial interleaving of cultural engagements with the subject of the destruction of Jerusalem and the Second Temple by the Romans in nineteenth-century Germany. Its main argument is that the pervasive discursive presence of the historical occurrence constitutes a significant but so far largely neglected arena for the negotiation of shifting German and Jewish imaginaries in which both German and Jewish creative minds engaged. Interpreted as pivotal not only for the progression of the history of salvation but also of universal history and responding to such decisive socio-cultural and political developments as the *Kulturkampf* and the rise of nationalism and antisemitism, the profusion of cultural engagements with the subject reveals its frequently contradictory polyvalence in the tense atmosphere of national unification, the negotiation of religious and national identities, and the positioning of the Jewish other, but also as a vehicle of Jewish self-definition and self-assertion in a period of proliferating antisemitism. The book addresses a broad readership of scholars of the culture of the nineteenth century, of intermediality, and of antisemitism.

Assassin's Creed: The Resurrection Plot Kate Heartfield, 2023-07-04. The conspiracies of the Templars reverberate across nineteenth-century Europe as they seize control of the future, and only the Brotherhood of Assassins can hold them back in this globetrotting adventure from *Assassin's Creed: Cairo 1869*. When a bomb goes off at the Khedivial Opera House celebrating the opening of the new Suez Canal, visiting Assassin Pierrette Arnaud investigates only to uncover a plot to eradicate free will. To her surprise, her old friend and teacher Simeon Price arrives in Egypt on the same trail seven years after they allied to stop the Templars in London. But there's no time to reminisce as the Templars maneuver Europe and Africa like pieces on a chessboard, wreaking havoc on a global scale. As Simeon and Pierrette race to stop further attacks, they unearth plans suggesting a mysterious tower is the key to the ultimate Templar takeover, and with the puzzling Engine of History in their grasp, the Assassins might be outmatched at last.

Gothic Fiction Angela Wright, 2007-07-20. What is the Gothic? Few literary genres have attracted so much praise and critical disdain simultaneously.
