The Abundance Whisperer:

The Abundance Whisperer Cynthia Marie, 2018-10-04 What is the real reason why the key to abundance works so well for others and for some of us we still cannot seem to turn the key What some are reluctant to reveal is that the real key to abundance is in the mouth of the elephant that resides in the middle of the living room The elephant is the parent of all the accumulated beliefs that we grew up with and still carry today Until we acknowledge and have the elephant regurgitate the key we will never truly manifest or if we do manifest the manifestations will be short lived In order to stop feeding the elephant we must first recognize that we are in fact feeding the elephant The elephant's diet consists of what the elephant was fed as a baby and continues to chew upon today What the elephant eats eventually becomes our diet as well As children we were fed a strict meal of not enough We never measured up to what the elephant thought we should because the elephant had deficiencies of its own Those that were fortunate enough to grow up with a silver spoon in their mouths are the same ones that seem to take straw and make gold out of in the same day They can do anything they set their minds to do They were fed a strict diet of love and support If you were deprived of these basic nutrients as a child your entire being is still in a state of malnutrition By acknowledging these deficiencies and changing your mental diet in no time you will be in mental and spiritual shape to achieve any manifestation that is good and worthy of your being Just for today be willing to hang a mental sign above your third eye which states Gone Elephant Hunting Be Back in Three Weeks Now let's go **As the Mountains**

Abba's Whisper Alan Davey, Elizabeth Davey, 2017-01-18 There is a longstanding tradition that God whispers in our ears He does not shout It is in the holy whisper writes the Quaker mystic that we hear Abba's voice not in the noise of clamoring crowds or the incessant barrage of social media To hear the voice of God is an awesome thing to know his thoughts to intuit his love to participate in his good pleasure It is both a gift to be received and art to be cultivated It can call to us when we least expect but we can train ourselves to become receptive listeners We need help to separate the cacophony of voices calling to us from the quiet whisper of Abba barely audible Since our wordy world masks the quiet respectful voice of God we need to recognize the primary ways that Abba communicates with his creation We must embrace practices that move us out of lives of distraction and exchange old patterns of living with new

ways of seeing and hearing From our deep Christian past we hear the voice of St Augustine murmur Whisper in my heart I am here to save you I shall hear your voice and make haste to clasp you to myself House Whisper Georg
