Obama's America Dinesh D'Souza, 2014-07 Argues that President Obama intends to weaken America so that other nations may rise in the name of global fairness claiming that a second Obama term would bring about defense cuts and increased dependence on foreign energy **Divider-in-Chief** Kate Obenshain, 2012-09-04 Argues that the Obama administration has become the most divisive presidency in history describing how the president has put his ideological and electoral interests ahead of what is best for the country Obama's Unending Wars Jeremy Kuzmarov, 2019-07-20 Many academics consider Obama to have been a master foreign policy strategist and shrewd practitioner of the art of realpolitik This book demonstrates however that Obama in reality helped to institutionalize a permanent warfare state that resulted in gross human rights violations and contributed to America's strategic decline His perpetuation of the War on Terror created more enemies and prompted the United States to lose influence in the Middle East His Pivot to Asia policy intensified prospects for regional war while his unnecessary and willful military intervention destroyed Libya and drew the Russians in to protect Bashir al Assad who won Syria's civil war The Obama administration's heavy handed interference in Ukraine led to effective Russian counter moves promoting a strategic alliance with China and regional integration that is moving the world towards multi polarity Obama's Unending Wars provides the first critical comprehensive and highly documented history of the foreign policy of America's forty fourth president the drone king who ordered the bombing of seven Muslim countries backtracked on a pledge to reduce America's nuclear arsenal and helped fuel a new Cold War with Russia During his years in office Obama provided billions of dollars in arms sales to Saudi Arabia as it assisted in the crushing of pro democracy demonstrators in Bahrain and invaded Yemen He sanctioned a coup in Honduras which plunged that country into chaos perpetuated a failed drug war policy and contributed to the recolonization of Africa While any Democratic Party president would have faced peril in confronting the Pentagon which had carried out a slow coup d'etat over the decades Obama was rather in many ways the most perfect spokesman for the military industrial complex Who else but this articulate constitutional law professor could pull off a pro war speech after winning the Nobel Peace Prize while ramping up drone assassinations and America's network of military bases in Africa and still retain the support of liberal progressives As many in the time of Trump now glance nostalgically back to the Obama presidency this book will help them to see the continuity and continuous failure of American foreign policy irrespective of the party or figurehead representing it Prisoners of the White House Kenneth T. Walsh, 2015-11-17 Prisoners of the White House looks at the isolation experienced by presidents of the United States in the White House a habitat almost guaranteed to keep America's commander in chief far removed from everyday life The authors look at how this is emerging as one of the most serious dilemmas facing the American presidency As presidents have become more isolated the role of the presidential pollster has grown Ken Walsh has been given exclusive access to the polls and confidential memos received by presidents over the years and has interviewed presidential pollsters directly to gain their

unique perspective Prisoners of the White House gets inside the bubble and punctures the mythology surrounding the presidency

Hunting the President Mel Ayton, 2014-04-14 In American history four U S Presidents have been murdered at the hands of an assassin In each case the assassinations changed the course of American history But most historians have overlooked or downplayed the many threats modern presidents have faced and survived Author Mel Ayton sets the record straight in his new book Hunting the President Threats Plots and Assassination Attempts From FDR to Obama telling the sensational story of largely forgotten or never before revealed malicious attempts to slay America s leaders Supported by court records newspaper archives government reports FBI files and transcripts of interviews from presidential libraries Hunting the President reveals How an armed would be assassin stalked President Roosevelt and spent ten days waiting across the street from the White House for his chance to shoot him How the Secret Service foiled a plot by a Cuban immigrant who told coworkers he was going to shoot LBJ from a window overlooking the president s motorcade route How a deranged man broke into Reagan s California home and attempted to strangle the former president before he was subdued by Secret Service agents In early 1992 a mentally deranged man stalking Bush turned up at the wrong presidential venue for his planned assassination attempt The relationships presidents held with their protectors and the effect it had on the Secret Service s mission Hunting the President opens the vault of stories about how many of our recent Presidents have come within a hair s breadth of assassination leaving America s fate in the balance Most of these stories have remained buried until now

Presidency and Domestic Policy Michael A. Genovese, Todd L. Belt, William W. Lammers, 2015-11-17 This book systematically examines the first terms of every president from FDR to Barack Obama and assesses the leadership style and policy agenda of each Success in bringing about policy change is shown to hinge on the leadership style and skill in managing a variety of institutional and public relationships The second edition of this timely book adds chapters on George W Bush and Obama and focuses on the significant domestic policy challenges of their respective times The authors have reconfigured the analytical framework of the book to take into account the dynamic opportunity structure that emerged during the George W Bush administration The Presidency and Domestic Policy provides unique insights into contemporary presidential leadership in a highly partisan age

Christianity in America G. Wright Doyle, 2013-07-17 Was America founded as a Christian nation What role has the Christian faith of many of its leaders played in the course of its history How has Christianity affected American culture and society This trenchant critique of the role of Christianity in American history highlights both the ways in which Christians have made many valuable contributions as salt and light and how they have caused a great deal of damage by trying to be savior and lord Believers in Christ have built one of the most Christianized countries in the world with benefits for millions They have also nurtured messianic aspirations that have spawned disasters for themselves and other countries Generous in praise for dedicated believers who have reflected the character of Christ the book is also unsparing in criticism of Christians who have sometimes with the best intentions failed to act wisely In short the

reader will be encouraged by the many triumphs of Christianity in America and sobered by its tragedy **Baseball with a Latin Beat** Peter C. Bjarkman, 2010-07-27 Since Cuba's Esteban Bellan made his debut for the Troy Haymakers of the National Association in 1871 Latin Americans have played a large role in the major leagues Nearly 15 percent of big league rosters are made up of Latinos while the region's colorful and competitive winter leagues have been a proving ground for up and coming major league players and managers Early Latin American stars were barred purely because of the color of their skin from playing in the major leagues Players such as Jose Mendez and Martin Dihigo the only player elected to the U S Cuban and Mexican halls of fame made their marks on the Negro Leagues turning the leagues barnstorming tours into major attractions in many Caribbean countries This history of the players and events that make up the rich tradition of Latin American baseball gives a unique insight to this long neglected area of baseball **American Book Publishing Record Cumulative, 1950-1977** R.R. Bowker Company. Department of Bibliography, 1978 **American Book Publishing Record** R.R. Bowker Company, 1978 The Cumulative Book Index ,1953 A world list of books in the English language Books in Print Supplement ,1973 The Publishers Weekly ,1974 Weekly Record ,1974 The National Union Catalog ,1961
