The Apartment A Novel:

The Apartment Ana Menéndez, 2023-06-27 From the critically acclaimed author of *In Cuba I Was a German Shepherd* comes a new novel about the search for freedom and the power of community that spans decades of residents in one Florida apartment. The Helena is an art deco apartment building that has witnessed the changing face of South Miami Beach for seventy years, observing the lives housed within. Among those who have called apartment 2B home are a Cuban concert pianist who performs in a nursing home, the widow of an intelligence officer raising her young daughter alone, a man waiting on a green card marriage to run its course so that he can divorce his wife and marry his lover, all of whom live together. A Tajik building manager with a secret identity and a troubled young refugee named Lenin. Each tenant imbues 2B with energy that will either heal or overwhelm its latest resident, Lana, a mysterious woman struggling with her own past. Examining exile, homesickness, and displacement, *The Apartment* asks what in our violent and lonely century do we owe one another. If alone we are powerless before sorrow and isolation, it is through community and the sharing of our stories that we may survive and persevere.

The Apartment Greg Baxter, 2013-12-03 A powerful and elegant debut novel about love, memory, exile, and war. One snowy December morning in an old European city, an American man leaves his shabby hotel to meet a local woman who has agreed to help him search for an apartment to rent. *The Apartment* follows the couple across a blurry, illogical, and frozen city into a past the man is hoping to forget and leaves them at the doorstep of an uncertain future. Their cityscape punctuated by the man's lingering memories of time spent in Iraq and the life he abandoned in the United States. Contained within the details of this day is a complex meditation on America's relationship with the rest of the world, an unflinching glimpse at the permanence of guilt and despair, and an exploration into our desire to cure violence with violence. A novel about how our relationships to others and most importantly to ourselves alters how we see the world. *The Apartment* perfectly captures the peculiarity and excitement of being a stranger in a strange city. Written in an affecting and intimate tone that gradually expands in scope, intensity, poetry, and drama, Greg Baxter's clear-eyed first novel tells the intriguing story of these two people on this single day. Both beguiling and raw in its observations and language, *The Apartment* is a crisp novel with enormous range that offers profound and unexpected wisdom.

Horror Fiction in the Global South Ritwick Bhattacharjee,Saikat Ghosh,2021-04-30 Horror Fiction in the Global South Cultures Narratives and Representations believes that the experiences of horror are not just individual but also simultaneously cultural Within this understanding literary productions become rather potent sites for the relation of such experiences both on the individual and the cultural front It s not coincidental then that either William Blatty s The Exorcist or Gabriel Garcia Marquez s One Hundred Years of Solitude become archetypes of the re presentations of the way horror affects individuals placed inside different cultures Such an affectation though is but a beginning of the ways in which the

supernatural interacts with the human and gives rise to horror Considering that almost all aspects of what we now designate as the Global North and its concomitant the Global South political historical social economic cultural and so on function as different paradigms the experiences of horror and their telling in stories become functionally different as well Added to this are the variations that one nation or culture of the east has from another The present anthology of essays in such a scheme of things seeks to examine and demonstrate these cultural differences embedded in the impact that figures of horror and specters of the night have on the narrative imagination of storytellers from the Global South If horror has an everyday presence in the phenomenal reality that Southern cultures subscribe to it demands alternative phenomenology The anthology allows scholars and connoisseurs of Horror to explore theoretical possibilities that may help address precisely such a need

Pluralism in the Iraqi Novel after 2003 Ronen Zeidel, 2020-01-13 Pluralism in the Iraqi Novel is about the use of literature and the novel to express the new content of an Iraqi national identity constructed after the American invasion of 2003 Instead of the homogenizing national identity in Iraqi literature created before 2003 postoccupation literature presents Iraqi society as a kaleidoscope of multiple religious identities converging in an accommodating Iraqi national identity The author argues that this could not have happened without the upheaval of 2003 and its consequent results democracy and political restructuring that incorporated Shia for the first time into the ruling political coalition in recognition of their numerical majority Literature was consequential to processing the complicated subject of Shia Sunni relations and the sectarian identity of each and even more in the wake of the geopolitical events of 2003 literature was instrument in bringing representation of the Kurds the small minorities and even the last Jews of Iraq to the fore As such literature demonstrated its revolutionary power and formed the basis for a New Iraq **The White Kami; a Novel** Edward Alden Jewell, 1922
