Joseph M. Boggs,1996 This introduction to film appreciation uses contemporary and popular American movies to help students develop critical skills in the analysis and evaluation of film By suggesting what to look for and how to look for it this text challenges students to sharpen their powers of observation establish habits of perceptive watching and discover complex aspects of film art that will further enhance their enjoyment of watching films *Pregnancy in Literature and Film* Parley

Ann Boswell,2014-03-13 This exploration of the ways in which pregnancy affects narrative begins with two canonical American texts Nathaniel Hawthorne s *The Scarlet Letter* 1848 and Harriet Jacobs s *Incidents in the Life of a Slave Girl* 1861 Relying on such diverse works as *Frankenstein* *Peyton Place* *Beloved* and *I Love Lucy* the book chronicles how pregnancy evolves from a conventional plot device into a mature narrative form Especially in the 20th and 21st centuries the pregnancy narrative in fiction and film acts as a lightning rod with the power to electrify all genres of fiction and film from early melodrama *Way Down East* to noir *Leave Her to Heaven* from horror *Rosemary s Baby* to science fiction and dystopia *Alien* *The Handmaid s Tale* and from iconic *Lolita* to independent *Juno* *Precious* Ultimately the pregnancy narrative in popular film and fiction provides a remarkably clear lens by which we can gauge how popular American film and fiction express our most profound and most private fears values and hopes **Making Sense of Cinema** CarrieLynn D. Elements Fictional and Dramatic Elements and a unique chapter on Adaptions **The Message Behind the Movie—The Reboot** Douglas Beaumont,2022-04-11 When it comes to movies people of faith often focus on negative assessments of the film industry and certain style elements that they find objectionable such as violence nudity or harsh language While these

criticisms are important they are not the whole story A film's message and its method are not always the same thing By discussing the cinematic techniques and the genre considerations filmmakers use to communicate their ideas this book helps Catholics and other Christians to become informed viewers Douglas Beaumont shows how to evaluate the stories that movies tell and how to discern what they say about reality God and what it means to be human At the same time he illustrates how movie watchers can engage in thoughtful lively discussions about not only film but also the big questions in life The Message Behind the Movie Douglas M. Beaumont, 2009-05-01 Some Christians denounce nearly every move that Hollywood produces others celebrate even the most morally and artistically questionable While most Christians can agree on the cultural importance of films very few are able to interpret movies with insight and understanding Apologetics professor and film lover Doug Beaumont wants moviegoers to become more informed viewers by better grasping the cinematic techniques and genre considerations that filmmakers use to communicate their central themes He also wades into hot button issues of nudity violence and language in movies helping Christians to more carefully evaluate celluloid depictions of sin Packed with quote and excerpts from many of Hollywood's most successful films and from some of the indie favorites that have gained cult followings The Message Behind the Movie is a fun and enlightening look at the art from that defines our age

Petrie, 2021-10-19 Never before have movies been so readily available to those who wish to watch them When the first edition of this book was published students viewing opportunities were mostly limited to local theaters classrooms with 16mm projection capabilities or television Since then cable satellite VCRs laserdisc players and DVRs beginning with TiVo have dramatically widened our choice of films to see and ways to see them DVDs and

streaming video via the Internet and Wi Fi have offered home viewers both improved visual and sound quality and content extras such as commentaries by directors actors writers editors cinematographers and other filmmakers as well as extended making of documentaries Perhaps most helpfully for the study of film these technologies allow direct digital entry to individual scenes so that we can now scrutinize a film sequence by sequence shot by shot and even frame by frame What are we to make of this greater access to movies What purpose does it serve This textbook is informed by the belief that making films is an art and that watching films is also an art Most students come into an introductory film course having watched plenty of movies but during the semester they develop ways to engage in the experience on a deeper more meaningful level
