It may sound odd, but Robert Greene assures you it will bring great results. *33 Strategies of War* feels like it's written by Sun Tzu. It has the essence of *The Art of War* but with a contemporary tone. It's commonly said that history tends to repeat itself; that being said, it's better to know these strategies to avoid making the same mistakes over and over. This book has the same philosophy: you'll learn important lessons from the events of history in order to become the greatest in your field.

Note: This summary is wholly written and published by Abbey Beathan. It is not affiliated with the original author in any way. Do not fight them. Instead, think of them the way you think of children or pets: not important enough to affect your mental balance.

Robert Greene: All of the strategies in this book focus on one grand strategy, which is the art of looking ahead of the present battle and always keep in mind the big picture. You'll learn the importance of always keeping your priorities in check so you lose battles but win the war. *The 33 Strategies of War* offers an unique concept to the table: a different approach of the social game. *The 33 Strategies of War* offers an unique concept to the table: a different approach of the social game.
