The Awakening Lisa M. Lilly, 2011-07-13 **The Beauty of Balance** Young Woon Ko, 2009-12-22 These essays examine the significance of balance between the opposites in order to understand God and the world The author argues that opposites the subject and object mind and nature good and evil truth and falsehood are not separated from each other but interdependent in the relational paradigm Each cannot exist without the other Creative advancement is achieved by their dynamic tensions The paradoxical relationship between the opposites is not posited in the mechanistic model in which opposites are recognized as separate entities and thereby antagonists rather they are dialectical and creative in the organic model Based on this organic model the relationship between God and the world is not hierarchical but interdependent In the organic model God is not described simply as a transcendent reality in a dualistic structure of God and the world God reveals God self in harmonious order and pattern as the ultimate principle formed in the world In other words God reveals God self in the relative contexts of the opposites good and evil true and false Unlike Aristotle's Law of Contrast God is both A transcendent and A immanent which is the basic logic of the organic model In this context God is different from eternal reality such as Plato's Idea or the transcendent God developed in the Western tradition In this text the author explores how the complex of divine reality entails the dialogue of differences in a constructive way using inter religious dialogue and religion nature dialogue as examples The author also brings the theme of paradox into his discussion to connect the West with the East and explore how it can be a positive method of understanding God and the world in the organic model which can in turn be a key to the understanding of the common good *Militias, States and Violence against Civilians* Paul Lorenzo Johnson, William Wittels, 2023-04-21 This book examines the conditions under which the presence and use of militias result in an increase or a decrease in violence against civilians in intra state conflicts Showcasing the breadth and diversity of modern militias in the context of violence against civilians the volume addresses the predation and repression that many such groups are infamous for as well as increasingly important efforts by other militias at civilian protection in war torn settings The chapters examine militias from around the world drawing on both qualitative and quantitative methods as they cover groups as varied as gangs death squads grassroots community defense groups official state militias and party sponsored armies groups on the civic vice side the civic virtue side and the wide and mixed in between space where most cases fall Taken as a cohesive unit the work lays the foundation for an encompassing theory and interrogation of the causal chain between militia type and operating context and the levels of violence against civilians It provides path breaking theory building and empirical scholarship Policymakers and national security practitioners dealing with issues relating to armed groups will also benefit from the practical issues covered here such as how different forms of sponsorship and training affect militia behavior This book will be of interest to students of civil wars political violence counterinsurgency civil military relations and security studies in general **The Blossoming Soul** Pasquale De Marco, 2025-08-12 Embark on a

guaranteed to change your life and the planet forever **Zongmi on Chan** Jeffrey L. Broughton, 2009 Japanese Zen often implies that textual learning *gakumon* in Buddhism and personal experience *taiken* in Zen are separate but the career and writings of the Chinese Tang dynasty Chan master Guifeng Zongmi 780-841 undermine this division For the first time in English Jeffrey Broughton presents an annotated translation of Zongmi's magnum opus the Chan Prolegomenon along with translations of his Chan Letter and Chan Notes The Chan Prolegomenon persuasively argues that Chan axiom realizations are identical to the teachings embedded in canonical word and that one who transmits Chan must use the sutras and treatises as a standard Japanese Rinzai Zen has since the Edo period marginalized the sutra based Chan of the Chan Prolegomenon and its successor text the Mind Mirror Zongjinglu of Yongming Yanshou 904-976 This book contains the first in depth treatment in English of the neglected Mind Mirror positioning it as a restatement of Zongmi's work for a Song dynasty audience The ideas and models of the Chan Prolegomenon often disseminated in East Asia through the conduit of the Mind Mirror were highly influential in the Chan traditions of Song and Ming China Korea from the late Koryo onward and Kamakura Muromachi Japan In addition Tangut language translations of Zongmi's Chan Prolegomenon and Chan Letter constitute the very basis of the Chan tradition of the state of Xixia As Broughton shows the sutra based Chan of Zongmi and Yanshou was much more normative in the East Asian world than previously believed and readers who seek a deeper more complete understanding of the Chan tradition will experience a surprising reorientation in this book *The Spirit of Regeneration* Pasquale De Marco, 2025-07-23 Embark on a transformative journey with *The Spirit of Regeneration* a profound exploration of personal transformation and profound healing Within these pages you will discover the keys to unlocking your true potential and living a life filled with purpose passion and unwavering spirit Through a series of thought provoking chapters you will delve into the depths of your being shedding the chains of the past and embracing the limitless possibilities of your authentic self This is a journey of evolution where growth and expansion become the driving forces of your existence As you progress through this transformative odyssey you will uncover the power of rebirth shedding old identities and stepping into the void of the unknown Through the integration of mind body and spirit you will discover the path to fulfillment reclaiming your birthright of well being and inner peace *The Spirit of Regeneration* empowers you to break free from limitations claim your personal power and live authentically Align with your soul's calling make meaningful contributions and experience the profound joy of self actualization This book transcends mere self improvement it's an invitation to transcend limitations expand your consciousness and experience the union of body and spirit Through the pages of this book you will embark on the ultimate journey of the soul rising above the mundane and embracing the divine within Join us on this extraordinary adventure of personal transformation and profound healing With each chapter you will uncover the secrets to unlocking your true potential and living a life filled with purpose passion and unwavering spirit *The Spirit of Regeneration* awaits you a journey to rediscover the essence of your being and ignite the fire within your soul If you like this book write a review [A Studio of](#)
