

History 12 Final Assessment

Overview

- For your final assessment, you will need to find 5 primary sources and 1 secondary source that are connected with the content we have studied this term.
- 5 of them need to be primary sources -- they must have been created at the time of the event in question. These can be photographs, speeches, diaries, political cartoons, posters, old films, reel clips... et cetera. The exception is for the Ethical Judgement section. You must use a secondary source for this. (your textbooks, a news article, for example)
- The sources can all be from the same era, or different eras -- that is up to you to decide. You may use sources that we have examined in class.
- Each of the sources must connect with a Historical Thinking Concept that we have learned about throughout the term.
- You must analyze all six sources and write an analysis that demonstrates your understanding of each historical thinking concept that is connected to it.
 - For example, you could examine a speech by Churchill during the Battle of Britain, and explain how it demonstrates (or helps one to understand) historical perspective.

Process

- Use the guide on the following page to help organize your thinking about each historical concept. It is advisable to make brief notes for each before starting to write your analysis. You don't have to answer all of the questions for each concept. The questions you address will depend on the source you have chosen. (some may not be applicable)
- You may wish to look back at the lesson documents we used for each of the six.
- Prepare your project in Google Docs. It must be done in Docs -- no exceptions. You will need to submit it through Google Classroom when you are done.
- Create one page for each of the concepts. Your written paragraph should address the questions for each concept as outlined on the following page.
- Provide the source in your Google Doc. You can add a link to a webpage if you can't add the source to a Google Doc directly.
- Your text does not need to be in essay format -- just in paragraph form. One or two paragraphs for each of the six should suffice.

Evaluation

- This project is worth 20% of your overall grade.
- You will be graded on the appropriateness of the source you have selected, the connection you have made to the historical thinking concept, and your analysis of the source.
