

AP WORLD HISTORY STUDY GUIDE

Unit 1 (1200-1450):

1.1: State Building in China

- China was kind of like the Texas of the ancient world: Don't mess with China.
- In 960, China was split into regional kingdoms again as the power of the Tang Dynasty was gradually waning. Zhao Kuangyin: ruler of one of those kingdoms that took it upon himself to unify most of them all again as the Song Dynasty. (960-1279)
- Song State Structure: 6 departments
 - Personnel, finance, rites, army, justice, and public works.
 - Censorate overseeing these departments. Made sure no one in these bureaucratic departments were behaving bad.
- Confucianism: chief things that helped organize the government.
 - Great continuity in Chinese culture over the years
 - According to Confucian thought, reality is fundamentally hierarchical. Everyone has their place in society, and everyone needs to behave rightly and fulfill their role for everything to go well. (People subject to rulers, etc.)
- Civil service examination:
 - Influenced by Confucian ideals. Major part of the exam was being WELL VERSED in Confucian ideals.
 - A test you had to pass in order to work in the imperial bureaucracy.
 - Led ruling from a heretic form of aristocracy to a new class of scholarly leaders
 - Aristocracy: a form of government in which power is held by the nobility.
- Chinese merchants participated heavily in robust system of long-distance trade across Afro-Eurasia.
 - Increasingly commercialized Chinese society. People began to produce goods not only for local consumption, but also for distant markets. Chinese manufacturing FLOURISHED during this period.
- By the 11th century, China's iron industry was producing 32,000 suits of armor and 16 million iron arrowheads ANUALLY.
- As commerce grew, role of money also changed. As economy grew, there was not enough precious metal available for minting coins to keep up with the demand.
 - Introduction of paper money
 - Became more popular than minting coins
- Gunpowder
 - Accidental discovery by Daoist alchemists trying to discover elixir of immortality.
 - First application was fireworks and pyrotechnic displays for imperial court, not in a military context.
 - Military context next.
- Influenced Japan
 - Chinese influence was all over Japanese culture.

World History Study Guide Pearson California:

Teaching World History in the Twenty-first Century: A Resource Book Heidi Roupp, 2015-02-12 This practical handbook is designed to help anyone who is preparing to teach a world history course or wants to teach it better. It includes contributions by experienced teachers who are reshaping world history education and features new approaches to the subject as well as classroom tested practices that have markedly improved world history teaching. **California Dreaming** Suzanne M. Wilson, 2008-10-01 This compelling book tells the history of the past two decades of efforts to reform mathematics education in California. That history is a contentious one full of such fervor and heat that participants and observers often refer to the math wars. Suzanne M. Wilson considers the many perspectives of those involved in math reform, weaving a tapestry of facts, philosophies, conversations, events, and personalities into a vivid narrative. While her focus is on California, the implications of her book extend to struggles over education policy and practice throughout the United States. Wilson's three-dimensional account of math education reform efforts reveals how the debates tend to be deeply ideological and how people come to feel misunderstood and misrepresented. She examines the myths used to explain the failure of reforms, the actual reasons for failure, and the importance of taking multiple perspectives into account when planning and implementing reform. **Index to the Periodicals**, 1903 **The ^AOxford Handbook of History and Material Culture** Ivan Gaskell, Sarah Anne Carter, 2020-04-07 Most historians rely principally on written sources. Yet there are other traces of the past available to historians: the material things that people have chosen, made, and used. This book examines how material culture can enhance historians' understanding of the past, both worldwide and across time. Deploying material culture to discover the pasts of constituencies who have left few traces in written record, the authors present familiar historical problems in new ways. This volume offers case studies arranged thematically in six sections that address the relationship of history and material culture to cognition, technology, the symbolic, social distinction, and memory. *Index to the Periodicals of ...*, 1895 *Handbook of Psychology, Research Methods in Psychology* Irving B. Weiner, John A. Schinka, Wayne F. Velicer, 2012-10-23 Psychology is of interest to academics from many fields as well as to the thousands of academic and clinical psychologists and general public who can't help but be interested in learning more about why humans think and behave as they do. This award-winning twelve-volume reference covers every aspect of the ever-fascinating discipline of psychology and represents the most current knowledge in the field. This ten-year revision now covers discoveries based in neuroscience, clinical psychology's new interest in evidence-based practice and mindfulness, and new findings in social, developmental, and forensic psychology. **History Teacher's Magazine**, 1917 *Review of Reviews for Australasia* William Henry Fitchett, Henry Stead, William H. Judkins, 1904 **The History of Foreign Investment in the United States, 1914-1945** Mira WILKINS, Mira Wilkins, 2009-06-30 Mira Wilkins, the foremost authority on foreign investment in the United States, continues her magisterial history in a work covering the critical years 1914-1945. Wilkins includes all long-term

inward foreign investments both portfolio by individuals and institutions and direct by multinationals across such enterprises as chemicals and pharmaceuticals textiles insurance banks and mortgage providers other service sector companies and mining and oil industries She traces the complex course of inward investments presents the experiences of the investors and examines the political and economic conditions particularly the range of public policies that affected foreign investments She also offers valuable discussions on the intricate cross investments of inward and outward involvements and the legal precedents that had long term consequences on foreign investment At the start of World War I the United States was a debtor nation By the end of World War II it was a creditor nation with the strongest economy in the world Integrating economic business technological legal and diplomatic history this comprehensive study is essential to understanding the internationalization of the American economy as well as broader global trends
