A Comparative History of World Philosophy Ben-Ami Scharfstein,1998-02-27 A Comparative History of World Philosophy presents a personal yet balanced guide through what the author argues to be the three great philosophical traditions Chinese European and Indian The book breaks through the cultural barriers between these traditions proving that despite their considerable differences fundamental resemblances exist in their abstract principles Ben Ami Scharfstein argues that Western students of philosophy will profit considerably if they study Indian and Chinese philosophy from the very beginning along with their own Written with clarity and infused with an engaging narrative voice this book is organized thematically presenting in virtually every chapter characteristic views from each tradition that represent similar positions in the core areas of metaphysics and epistemology At the same time Scharfstein develops each tradition historically as the chapters unfold He presents a great variety of philosophical positions fairly avoiding the relativism and ethnocentrism that could easily plague a comparative presentation of Western and non Western philosophies

An Environmental History of the World J. Donald Hughes,2002-09-26 An Environmental History of the World is a concise history from Ancient to Modern times of the interaction between human societies and the other forms of life that inhabit our planet This original work follows a chronological path through the history of mankind in relationship to ecosystems around the world Each chapter concentrates on a general period in human history which has been characterised by large scale changes in the relationship of human societies to the biosphere and gives three case studies that illustrate the significant patterns occurring at that time Little environmental or historical knowledge is assumed from the reader in this introduction to environmental history
