The Second World War in the Twenty-First-Century Museum

Stephan Jaeger,2020-02-24 The Second World War is omnipresent in contemporary memory debates As the war fades from living memory this study is the first to systematically analyze how Second World War museums allow prototypical visitors to comprehend and experience the past It analyzes twelve permanent exhibitions in Europe and North America including the Bundeswehr Military History Museum in Dresden the Museum of the Second World War in Gda sk the House of European History in Brussels the Imperial War Museums in London and Manchester and the National WWII Museum in New Orleans in order to show how museums reflect and shape cultural memory as well as their cognitive ethical emotional and aesthetic potential and effects This includes a discussion of representations of events such as the Holocaust and air warfare In relation to narrative memory and experience the study develops the concept of experientiality on a sliding scale between mimetic and structural forms which provides a new textual spatial method for reading exhibitions and understanding the experiences of historical individuals and collectives It is supplemented by concepts like transnational memory empathy and encouraging critical thinking through difficult knowledge

Manpower and the Armies of the British Empire in the Two World

Wars Andrew L. Brown,Douglas E. Delaney,Mark Frost,2021-06-15 In the first and only examination of how the British Empire and Commonwealth sustained its soldiers before during and after both world wars a cast of leading military historians explores how the empire mobilized manpower to recruit workers care for veterans and transform factory workers and farmers into riflemen Raising armies is more than counting people putting them in uniform and assigning them to formations It demands efficient measures for recruitment registration and assignment It requires processes for transforming common people into soldiers and then producing officers staffs and commanders to lead them It necessitates balancing the needs of the armed services with industry and agriculture And often overlooked but illuminated incisively here raising armies relies on medical services for mending wounded soldiers and programs and pensions to look after them when demobilized Manpower and the Armies of the British Empire in the Two World Wars is a transnational look at how the empire did not always get these things right But through trial error analysis and introspection it levied the large armies needed to prosecute both wars Contributors Paul R Bartrop Charles Booth Jean Bou Daniel Byers Kent Fedorowich Jonathan Fennell Meghan Fitzpatrick Richard S Grayson Ian McGibbon Jessica Meyer Emma Newlands Kaushik Roy Roger Sarty Gary Sheffield Ian van der Waag

New York Magazine ,1991-12-09 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the

trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Canadian Books in Print.**

Author and Title Index ,1975 *World War II and the U.S. Army Mobilization Program* Arlene R. Kriv,1992 **Best Books for Children, Preschool Through Grade 6** ,2006 **Vasil Byka?** Zina J. Gimpelevich,2005-09-16 In the first English biography of his life and work Zina Gimpelevich describes the conditions under which Bykau lived in the former USSR and provides a literary and political history of Belarus from 1918 2003 Based on interviews that she conducted with Bykau she illuminates his life of as an artist and a defender of human rights She also provides literary criticism of Bykau s work including *The Ordeal and Pack of Wolves* and discusses the psychological realism of his early novels and his interest in existentialism **East European Accessions Index** ,1953 **World War II Snipers** Gary Yee,2022-05-04 This illustrated military history reveals the untold story of WWII snipers from training and firearms to combat and field operations Though snipers played a significant role in the battlefields of World War II they are often overlooked by historians In this volume military historian and firearms expert Gary Yee offers a comprehensive and fully illustrated narrative of snipers across the major theaters of conflict Europe the Eastern Front and the Pacific Drawing on memoirs archives wartime photographs and eyewitness accounts *World War II Snipers* presents a compelling and authoritative study Each of the warring countries had its own unique methodology for selecting and training snipers They recruited hunters outdoorsmen competitive shooters and military veterans to take on this highly skilled role They were deployed to ensure battlefield dominance and instill a paralyzing fear among the enemy Yee tells the stories of these soldiers who were both admired and at times reviled by their own comrades He also includes a lengthy chapter on the sniper rifles and other equipment issued to snipers [Peacekeeper Rail Garrison Program](#) ,1989 [Those who Hold Bastogne](#) Peter Schrijvers,2014-01-01 A new telling of the brutal siege of Bastogne where vastly outnumbered American forces held off a savage German onslaught and sealed the fate of the Third Reich Hitler s last gamble the Battle of the Bulge was intended to push the Allied invaders of Normandy all the way back to the beaches The plan nearly succeeded and almost certainly would have were it not for one small Belgian town and its tenacious American defenders who held back a tenfold larger German force while awaiting the arrival of General George Patton s mighty Third Army In this dramatic account of the 1944 45 winter of war in Bastogne historian Peter Schrijvers offers the first full story of the German assault on the strategically located town From the December stampede of American and Panzer divisions racing to reach Bastogne first through the bloody eight day siege from land and air and through three more weeks of unrelenting fighting even after the siege was broken events at Bastogne hastened the long awaited end of WWII Schrijvers draws on diaries memoirs and other fresh sources to illuminate the experiences not only of Bastogne s 3 000 citizens and their American defenders but also of German soldiers and commanders desperate for victory The costs of war

are here made real uncovered in the stories of those who perished and those who emerged from battle to find the world forever changed **WTIU.** ,2007 *New Jersey Women during World War II* Patricia Chappine,2023-10-24 While World War II has long been viewed as a pivotal period that allowed women expanded opportunities in the military and the labor force locally focused considerations have long been left out of the national narrative *New Jersey Women during World War II On the Home Front and Abroad* by Patricia Chappine explores the experiences that detail the wartime narrative of New Jersey women on the home front and abroad and describes the impact these women had as they pushed past gendered social boundaries and joined the war effort in numbers greater than any previous generation of Americans Through expansive research Chappine examines the critical role the women of New Jersey played as they stepped into newly formed military branches and entered the labor force in areas never before open to them volunteering in staggering numbers Focusing on the nuances of women s wartime experiences this book blends the personal with the social political and economic climate of New Jersey and the communicated aspirations uncertainties and fears of women during World War II to offer new insights into the role they all played *All Hands* ,1949 **Fire and Fortitude** John C. McManus,2020-08-04 WINNER OF THE GILDER LEHRMAN PRIZE FOR MILITARY HISTORY An engrossing epic history of the US Army in the Pacific War from the acclaimed author of *The Dead* and *Those About to Die* This eloquent and powerful narrative is military history written the way it should be James M McPherson Pulitzer Prize winning historian Out here mention is seldom seen of the achievements of the Army ground troops wrote one officer in the fall of 1943 whereas the Marines are blown up to the skies Even today the Marines are celebrated as the victors of the Pacific a reflection of a well deserved reputation for valor Yet the majority of fighting and dying in the war against Japan was done not by Marines but by unsung Army soldiers John C McManus one of our most highly acclaimed historians of World War II takes readers from Pearl Harbor a rude awakening for a military woefully unprepared for war to Makin a sliver of coral reef where the Army was tested against the increasingly desperate Japanese In between were nearly two years of punishing combat as the Army transformed at times unsteadily from an undertrained garrison force into an unstoppable juggernaut and America evolved from an inward looking nation into a global superpower At the pinnacle of this richly told story are the generals Douglas MacArthur a military autocrat driven by his dysfunctional lust for fame and power Robert Eichelberger perhaps the greatest commander in the theater yet consigned to obscurity by MacArthur s jealousy Vinegar Joe Stillwell a prickly soldier miscast in a diplomat s role and Walter Krueger a German born officer who came to lead the largest American ground force in the Pacific Enriching the narrative are the voices of men otherwise lost to history the uncelebrated Army grunts who endured stifling temperatures apocalyptic tropical storms rampant malaria and other diseases as well as a fanatical enemy bent on total destruction This is an essential ambitious book the first of three volumes a compellingly written and boldly revisionist account of a war that reshaped the American military and the globe and continues to resonate today INCLUDES MAPS AND PHOTOS **Neptune** Craig L. Symonds,2014-04-10

Seventy years ago more than six thousand Allied ships carried more than a million soldiers across the English Channel to a fifty mile wide strip of the Normandy coast in German occupied France It was the greatest sea borne assault in human history The code names given to the beaches where the ships landed the soldiers have become immortal Gold Juno Sword Utah and especially Omaha the scene of almost unimaginable human tragedy The sea of crosses in the cemetery sitting today atop a bluff overlooking the beaches recalls to us its cost Most accounts of this epic story begin with the landings on the morning of June 6 1944 In fact however D Day was the culmination of months and years of planning and intense debate In the dark days after the evacuation of Dunkirk in the summer of 1940 British officials and soon enough their American counterparts began to consider how and where and especially when they could re enter the European Continent in force The Americans led by U S Army Chief of Staff General George C Marshall wanted to invade as soon as possible the British personified by their redoubtable prime minister Winston Churchill were convinced that a premature landing would be disastrous The often sharp negotiations between the English speaking allies led them first to North Africa then into Sicily then Italy Only in the spring of 1943 did the Combined Chiefs of Staff commit themselves to an invasion of northern France The code name for this invasion was Overlord but everything that came before including the landings themselves and the supply system that made it possible for the invaders to stay there was code named Neptune Craig L Symonds now offers the complete story of this Olympian effort involving transports escorts gunfire support ships and landing craft of every possible size and function The obstacles to success were many In addition to divergent strategic views and cultural frictions the Anglo Americans had to overcome German U boats Russian impatience fierce competition for insufficient shipping training disasters and a thousand other impediments including logistical bottlenecks and disinformation schemes Symonds includes vivid portraits of the key decision makers from Franklin Roosevelt and Churchill to Marshall Dwight Eisenhower and Admiral Sir Bertram Ramsay who commanded the naval element of the invasion Indeed the critical role of the naval forces British and American Coast Guard and Navy is central throughout In the end as Symonds shows in this gripping account of D Day success depended mostly on the men themselves the junior officers and enlisted men who drove the landing craft cleared the mines seized the beaches and assailed the bluffs behind them securing the foothold for the eventual campaign to Berlin and the end of the most terrible war in human history

Allies and Italians under Occupation I. Williams, 2013-07-30 Using original documents the Allied Occupation of southern Italy particularly Sicily and Naples is illustrated by examining crime and unrest by Allied soldiers deserters rogue troops and Italian civilians from drunkenness theft rape and murder to riots demonstrations black marketeering and prostitution
