World War And Its Aftermath Form:

The First World War and Its Aftermath T. G Fraser, T.G. Fraser, 2015-09-15 Think of a map of World War I and chances are that map will be of Europe but the First World War had just as heavy an impact on the Middle East shaping the region into what we know it as today This book gathers together leading scholars in the field to examine this impact which is crucial to understanding the region's current problems and the rise of groups like the Islamic State In addition to recounting the crucial international politics that drew fierce lines in the sands of the Middle East a story of intrigue between the British Russians Ottomans North Africans Americans and others the contributors engage topics ranging from the war's effects on women the experience of the Kurds sectarianism the evolution of Islamism and the importance of prominent intellectuals like Ziya G kalp and Michel Aflaq They examine the dissolution of the Ottoman empire the exploitation of notions of Islamic unity and pan Arabism the influences of Woodrow Wilson and American ideals on Middle East leaders and likewise the influence of Vladimir Lenin's vision of a communist utopia Altogether they tell a story of promises made and promises broken of the struggle between self determination and international recognition of centuries old empires laying in ruin and of the political poker of the twentieth century that carved up the region separating communities into the artificial states we know today

American Literature in Transition, 1940-1950 Christopher Vials, 2017-12-28 In the aftermath of World War II the United States emerged as the dominant imperial power and in US popular memory the Second World War is remembered more vividly than the American Revolution American Literature in Transition 1940 1950 provides crucial contexts for interpreting the literature of this period Essays from scholars in literature history art history ethnic studies and American studies show how writers intervened in the global struggles of the decade the Second World War the Cold War and emerging movements over racial justice gender and sexuality labor and de colonization One recurrent motif is the centrality of the political impulse in art and culture Artists and writers participated widely in left and liberal social movements that fundamentally transformed the terms of social life in the twentieth century not by advocating specific legislation but by changing underlying cultural values This book addresses all the political impulses fueling art and literature at the time as well as the development of new forms and media from modernism and noir to radio and the paperback

After Modernism Pelagia Goulimari, 2023-03-31 While celebrating the centenary of the annus mirabilis of modernism we now encounter modernism after postmodernist poststructuralist postcolonial critical race feminist queer and trans writing and theory Out of the figures narratives and concepts they have developed a less universal more global decentred context specific interconnected modernism emerges In after modernism the meanings of after include periodisation homage and critique This book attends to neglected genealogies and intertexts high and low yet offering unacknowledged ontological epistemological conceptual and figurative resources How have artists of the Global South negotiated the hierarchical division of art capital into Western high art vs Global South culture Modernity's location has been the Western metropolis but other origin stories have been centring slavery colonialism

the nation state If modernity did not originate once why not multiple and still to come modernities Instead of a universalizable Western modernity vs local non Western traditions the contributors to this book discern multiple modern traditions Rather than reifying their heterogeneity the authors tunnel for lost transnational connections The nation state and the citizen have together defined Western modernity and the civilized Yet they have required the gender binary gender and sexual normativity assimilation exclusion forced migration partition segregation In between the public and the private humans and the natural world this book explores a multiple relational modern subjectivity collectivity and cosmic interconnectivity whose space is indivisible entangled ever folding and unfolding It was originally published as a special issue of the journal *Angelaki*

The Meddlers Jamie Martin, 2022-06-14 While the birth of global economic governance is conventionally dated to the end of World War II Jamie Martin shows how its roots lie in World War I and its aftermath The Meddlers explores the intense political struggles about sovereignty and self governance provoked by the first attempts to govern global capitalism

The Welfare State and Its Aftermath Shmuel Noah Eisenstadt, Ora Ahimeir, 1985-01-01 This book surveys the creation and existence of the welfare state in the developed economies analyzes ways in which problems have emerged and suggests possibilities for reform

A Fascist Century R. Griffin, 2008-08-20 Ten essays on the nature of fascism by a leading scholar in the field focusing on how to understand and apply fascist ideology to various movements since the twentieth century Mussolini s prophesied fascist century Includes studies of fascism s attempted temporal revolution Nazism as extended case study and fascism s postwar evolution

Introduction to American Government Frederic Austin Ogg, Perley Orman Ray, 1928

The Constructive Mind Brady Wagoner, 2017-03-02 The Constructive Mind is an integrative study of the psychologist Frederic Bartlett s 1886 1969 life work and legacy Bartlett is most famous for the idea that remembering is constructive and for the concept of schema for him constructive meant that human beings are future oriented and flexibly adaptive to new circumstances This book shows how his notion of construction is also central to understanding social psychology and cultural dynamics as well as other psychological processes such as perceiving imagining and thinking Wagoner contextualises the development of Bartlett s key ideas in relation to his predecessors and contemporaries Furthermore he applies Bartlett s constructive analysis of cultural transmission in order to chart how his ideas were appropriated and transformed by others that followed As such this book can also be read as a case study in the continuous reconstruction of ideas in science

The Assassination of Theo van Gogh Ron Eyerman, 2008-08-28 Explores the motives mass media attention and narrative interpretation of the November 2004 murder of Dutch filmmaker Theo van Gogh

Maps: their untold stories Rose Mitchell, Andrew Janes, 2014-09-11 A map is a snapshot of a place a city a nation or even the world at a given point in time fascinating for what they tell us about the way our ancestors saw themselves their neighbours and their place in the world This magnificent collection drawn from seven centuries of maps held in the National Archives at Kew

looks at a variety of maps from those found in 14th Century manuscripts through early estate maps to sea charts maps used in military campaigns and maps from treaties The text explores who the mapmakers were the purposes for which the maps were made and what it tells us about the politics of the time Great images are accompanied by compelling stories Featured is a woodcut map of 16th Century London a map of where the bombs fell during the Second World War and a map the first American settlers drew when they were attempting to establish a new empire on Roanoke Island off the coast of what is now North Carolina Richly illustrated with large scale reproductions of the maps the book also includes some of the more amusing or esoteric maps from the National Archives such as the map of the Great Exhibition in 1851 that was presented on a lady s glove a London Underground map in the form of a cucumber and a Treasure Island map used to advertise National Savings This is a fascinating and unusual journey through the world of maps and mapmakers *Jewish and Romani Families in the Holocaust and Its Aftermath* Eliyana R. Adler,Katerina Capková,2020-10-16 Despite the centrality of family in both Jewish and Romani cultures this is the first scholarly work to focus on the importance of the family in experiences of the Holocaust and its aftermath Scholars from the US Israel and across Europe have contributed new research from the family perspective

The Cambridge Companion to the Modern German Novel Graham Bartram,2004-04-05 The Cambridge Companion to the Modern German Novel first published in 2004 provides a broad ranging introduction to the major trends in the development of the German novel from the 1890s to the present Written by an international team of experts it encompasses both modernist and realist traditions and also includes a look back to the roots of the modern novel in the Bildungsroman of the late eighteenth and nineteenth centuries The structure is broadly chronological but thematically focused chapters examine topics such as gender anxiety images of the city war and women s writing within each chapter key works are selected for close attention Unique in its combination of breadth of coverage and detailed analysis of individual works and featuring a chronology and guides to further reading this Companion will be indispensable to students and teachers

Maps: Their Untold Stories 2nd edition Rose Mitchell,Andrew Janes,2025-09-11 A new edition of this fascinating and unusual journey through the world of maps and mapmakers drawing on 700 years worth of maps from the National Archives A map is a snapshot of a place a city a nation or even the world at a given point in time fascinating for what they tell us about the way our ancestors saw themselves their neighbours and their place in the world This magnificent collection drawn from seven centuries of maps held in the National Archives at Kew looks at a variety of maps from those found in 14th century manuscripts through to early estate maps to maps used in 20th century military campaigns Great images are accompanied by compelling stories Featured is a woodcut map of 16th Century London a map of where the bombs fell during the Second World War and a map the first American settlers drew when they were attempting to establish a new empire on Roanoke Island off the coast of what is now North Carolina This new edition has been revised throughout with many new maps added including newly discovered and digitised maps from North America A whole new chapter Mapping Buildings has also been

added *The Independent*, 1926 *Aging and Loss* Jason Danely, 2015-01-02 By 2030 over 30% of the Japanese population will be 65 or older foreshadowing the demographic changes occurring elsewhere in Asia and around the world What can we learn from a study of the aging population of Japan and how can these findings inform a path forward for the elderly their families and for policy makers Based on nearly a decade of research *Aging and Loss* examines how the landscape of aging is felt understood and embodied by older adults themselves In detailed portraits anthropologist Jason Danely delves into the everyday lives of older Japanese adults as they construct narratives through acts of reminiscence social engagement and ritual practice and reveals the pervasive cultural aesthetic of loss and of being a burden Through first hand accounts of rituals in homes cemeteries and religious centers Danely argues that what he calls the self in suspense can lead to the emergence of creative participation in an economy of care In everyday rituals for the spirits older adults exercise agency and reinterpret concerns of social abandonment within a meaningful cultural narrative and by reimagining themselves and their place in the family through these rituals older adults in Japan challenge popular attitudes about eldercare Danely's discussion of health and long term care policy and community welfare organizations reveal a complex picture of Japan's aging society *Public Education and Social Reform* Thomas J. Suhrbur, 2025-04-08 Founded in 1853 the Illinois Education Association IEA and its predecessors have played a vital role in shaping the Illinois public school system Thomas J Suhrbur's history covers the lifespan of the IEA within the larger story of state public education as a battleground for contentious social and economic issues Suhrbur pays particular attention to the impact of race gender religion and tax policy on the IEA and public schools He also examines the IEA's evolution from a professional organization controlled by administrations and officials through its radical transformation into a teacher led independent labor union As a workers organization the IEA successfully fought for collective bargaining and organized K 12 and higher education while continually standing against right wing efforts to privatize education and undermine public schools with vouchers for profit institutions and tax credits Multifaceted and up to date *Public Education and Social Reform* tells the story of the organization and figures dedicated to sustaining and advancing Illinois public education *New Directions in War and Culture Studies* Martin Hurcombe, 2025-02-05 This edited volume explores the new directions emerging in the field of war and culture through six essays that examine conflicts and their cultural legacy from the First World War to the ongoing conflict in Ukraine The first two essays focus on the French experience of the World Wars through first a study of trench poetry and then the sexual experiences of POWs in Germany The next two essays focus on gendered and especially women's experiences of conflict through first a study of women's war labour in the British army and then analysis of women photojournalists role in promoting the adoption of Vietnamese babies in the USA This volume concludes with two essays focusing on twenty first century conflict The first explores representations of veterancy in contemporary Romanian fiction and the second the phenomenon of fanvids in relation to the ongoing conflict in Ukraine Originally published as a special issue of the *Journal for*

War Culture Studies the book indicates new directions of travel for this sub discipline and reflects the Journal s commitment over the past two decades to bring the Arts and Humanities and the Social Sciences into dialogue with each other

Cultural Methodologies Jim McGuigan, 1997-11-21 Cultural Methodologies illustrates the distinctiveness and coherence of cultural studies as a site of interaction between the humanities and the social sciences Topics covered include the relationship between critical theory and cultural studies the pragmatics of cultural research and education ethical questions and research purposes the role of feminism in cultural studies the uses of autobiography the analysis of city cultures textual analysis and ethnographic procedures constructions of identity in relation to race sexuality and nationhood the use of qualitative and quantitative data and some of the main issues involved in generating research findings for a thesis or other publication The book is written for students either commencing or intending to do research in cultural studies It stresses how necessary it is to consider and plan very carefully the rationales and principles in research while avoiding the straitjacket of methodolatory

Towards Social Dialogue Anne Trebilcock, 1994 This work brings together studies on the participation of employers and workers representatives in economic and social policy making in a variety of contexts A comparative analysis eight country chapters and monographs on French speaking Africa and Latin America cover both institutional settings and informal arrangements for tripartism
