Teaching Middle Years Donna Pendergast, Katherine Main, Nan Bahr, 2024-11-15

Teaching Middle Years has established itself as the leading text to focus on the adolescent years of schooling. Recognition of the educational importance of this age group continues to grow as research reveals the benefits of programs designed especially for young people's needs. With a renewed approach, this fourth edition includes new chapters on Indigenous Knowledges, STEAM education and sustainable practices. A trusted resource, the book continues to provide a systematic overview of the philosophy, principles and key issues in middle schooling, together with an enhanced focus on the emotional and developmental challenges unique to this age group. There is an emphasis on creating positive learning environments, engaging relational pedagogies, achieving effective transition, the importance of physical activity and health in adolescence, and developing cooperative and collaborative learning. Further, there is an enhanced focus on practical applications right throughout the book. Featuring contributions from leading experts in the field and fully revised and updated to reflect the latest research, Teaching Middle Years will assist both pre-service and in-service teachers to bring out the very best in their students.

Balance of Power in World History S. Kaufman, R. Little, W. Wohlforth, 2007-08-22 The balance of power is one of the most influential ideas in international relations, yet it has never been comprehensively examined in pre-modern or non-European contexts. This book redresses this imbalance. The authors present eight new case studies of balancing and balancing failure in pre-modern and non-European international systems.

Wattles David M. Richardson, Johannes J. Le Roux, Elizabete Marchante, 2023-11-13 The book provides a comprehensive overview of current knowledge about wattles, a large clade of over 1000 species of trees and shrubs in the genus *Acacia*, most of which are native to Australia. It examines the biology, ecology, evolution and biogeography of wattles in their native ranges, including the evolutionary forces that have driven past speciation and adaptation to diverse environments, the conservation status, uses and human perceptions of these species. It considers the different histories of the introductions and proliferation of wattles as alien species in different parts of the world since c. 1850, the Anthropocene, situated within relevant political, socio-economic and scientific contexts, together with an analysis of how awareness of their impacts as invasive species has changed over time. Differences in the dynamics and trends associated with the introduction, naturalization and invasion of wattles in different parts of the world are reviewed. The book also synthesizes the global distribution of wattles using diverse data sources, alongside trends, patterns and projections of global uses of wattles. It discusses the genetics, biotic interactions and ecological, economic and social impacts of invasive wattles. This book is aimed at academics and students in the field of ecology, and at managers of natural and anthropic ecosystems, policy makers and regulators, and the general public interested in biology and environmental science.

com Assessing Student Learning Linda Suskie, 2018-01-05 Assessing Student Learning is a standard reference for college faculty and administrators and the third edition of this highly regarded book continues to offer comprehensive practical plainspoken guidance The third edition adds a stronger emphasis on making assessment useful greater attention to building a culture in which assessment is used to inform important decisions an enhanced focus on the many settings of assessment especially general education and co curricula a new emphasis on synthesizing evidence of student learning into an overall picture of an integrated learning experience new chapters on curriculum design and assessing the hard to assess more thorough information on organizing assessment processes new frameworks for rubric design and setting standards and targets and many new resources Faculty administrators new and experienced assessment practitioners and students in graduate courses on higher education assessment will all find this a valuable addition to their bookshelves **Black and Red** Gerald Horne, 1986-01-01 Many historians have seen a radical shift in W E B Du Bois political activities in his later years Following World War II the evolution of his political perspective led to his ouster from the National Association for the Advancement of Colored People where he had worked for years and the Justice Department s indictment of him for failure to register as a foreign agent In this extensively researched study Gerald Horne shows that Du Bois later activities were the culmination of his lifelong concerns which Du Bois resolutely followed despite the threats of Cold War McCarthyism In investigating Du Bois last 20 years Horne shows how the confluence of Cold War anticommunism and attempts to discredit the civil rights and anticolonial movements influenced the evaluation of Du Bois activity The recently opened papers of W E B Du Bois and previously unexamined papers of the NAACP are among the new sources Horne examined for his study

Hollywood or History? Scott L. Roberts, Charles J. Elfer, 2021-01-01 The challenges of teaching history are acute where we consider the world history classroom Generalized world history courses are a part of many if not most K 12 curricular frameworks in the United States While United States history tends to dominate the scholarship and conversation there are an equally wide number of middle level and secondary students and teachers engaged in the study of world history in our public schools And the challenges are real In the first place if we are to mark content coverage as a curricular obstacle in the history classroom generally then we must underscore that concern in the world history classroom and for obvious reasons The curricular terrain to choose from is immense and forever expanding dealing with the development of numerous civilizations over millennia and across a wide geographic expanse In addition to curricular concerns world historical topics are inherently farther away from most students lives not just temporally but often geographically and culturally Thus the rationale for the present text Hollywood or History An Inquiry Based Strategy for Using Film to Teach World History The reviews of the first volume Hollywood or History An Inquiry Based Strategy for Using Film to Teach United States History strategy have been overwhelmingly positive especially as it pertains to the application of the strategy for practitioner Classroom utility and teacher practice have remained our primary objectives in developing the Hollywood or History strategy
