Resolving Structural Conflicts Richard E. Rubenstein,2017-01-06 This book analyses how certain types of social systems generate violent conflict and discusses how these systems can be transformed in order to create the conditions for

positive peace Resolving Structural Conflicts addresses a key issue in the field of conflict studies what to do about violent conflicts that are not the results of misunderstanding prejudice or malice but the products of a social system that generates violent conflict as part of its normal operations This question poses enormous challenges to those interested in conflict resolution since the solution to this problem involves restructuring social political and cultural systems rather than just calling in a mediator to help people arrive at an agreement This study breaks new ground in showing how local conflicts involving crime police and prisons transnational conflicts involving religious terrorism by groups like ISIS and international conflicts involving Great Power clashes are all produced in large part by elite driven exploitative or oppressive social structures It also presents new ideas about the implications of this structural turn for the practice of conflict resolution emphasizing the need for conflict resolvers to embrace a new politics and to broaden their methods far beyond traditional forms of facilitation Written by a leading scholar this book will be of much interest to students of conflict resolution peace studies war and conflict studies sociology political science and international relations in general **Congressional Record**

United States. Congress, 1976 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 *An Empire Divided* Andrew Jackson O'Shaughnessy, 2015-12-14 There were 26 not 13 British colonies in America in 1776 Of these the six colonies in the Caribbean Jamaica Barbados the Leeward Islands Grenada and Tobago St Vincent and Dominica were among the wealthiest These island colonies were closely related to the mainland by social ties and tightly connected by trade In a period when most British colonists in North America lived less than 200 miles inland and the major cities were all situated along the coast the ocean often acted as a highway between islands and mainland rather than a barrier The plantation system of the islands was so similar to that of the southern mainland colonies that these regions had more in common with each other some historians argue than either had with New England Political developments in all the colonies moved along parallel tracks with elected assemblies in the Caribbean like their mainland counterparts seeking to increase their authority at the expense of colonial executives Yet when revolution came the majority of the white island colonists did not side with their compatriots on the mainland A major contribution to the history of the American Revolution *An Empire Divided* traces a split in the politics of the mainland and island colonies after the Stamp Act Crisis of 1765 66 when the colonists on the islands chose not to emulate the resistance of the patriots on the mainland Once war came it was increasingly unpopular in the British Caribbean nonetheless the white colonists cooperated with the British in defense of their islands O'Shaughnessy decisively refutes the widespread belief that there was broad backing among the Caribbean colonists for the American Revolution and deftly reconstructs the history of how the island colonies followed an increasingly divergent course from the former colonies

to the north **Play in Philosophy and Social Thought** Henning Eichberg, 2018-08-06 To understand play we need a bottom up phenomenology of play This phenomenology highlights the paradox that it is the players who play the game but it is also the game which makes us players Yet what is it that plays us when we play Do we play the game or does the game play us These questions concern the relation between the playing subject and play as something larger than the individual play as craft play as rhythm play between normality and otherness even play as religion as a sense of spiritual play between self and other This goes deeper than the welfare political or educational intention to make people play or play more or to advise individuals to play in a correct and useful way Exploring topics such as identity otherness and disability as well as activities including skiing yoga dance and street sport this interdisciplinary study continues the work of the late Henning Eichberg and sheds new light on the questions that play at the borders of philosophy anthropology and the sociology of sport and leisure Play in Philosophy and Social Thought is a fascinating resource for students of philosophy of sport cultural studies sport sciences and anthropological studies It is also a thought provoking read for sport and play philosophers sociologists anthropologists cultural studies scholars and practitioners working with play
