Investing in U.S. Financial History Mark J. Higgins, 2024-02-27 Investors who ignore the past are lost in the present and blind to the future Most people rely only on their life experience to make investment decisions This causes them to overlook cyclical forces that repeatedly reshape economies and markets Investing in U S Financial History fills this void by recounting the comprehensive financial history of the United States of America It begins with Alexander Hamilton s financial programs in 1790 and ends with the Federal Reserve s battle with inflation in 2023 Authored by Mark Higgins an experienced investment advisor and financial historian this book will help you Understand key drivers of financial crises and the principles for managing them Recognize warning signs of speculative manias that lead to asset bubbles Understand why few investors outperform market indices and why index funds are preferable for most individuals and institutions Identify the major threats to U S economic prosperity in the twenty first century Investing in U S Financial History reveals that there is almost no financial event that is unprecedented By understanding the fundamental drivers underpinning key economic events you will internalize investment principles avoid common pitfalls and resist the temptation to panic amid market volatility

The Bundahišn , 2020-08-11 The Bundahi n meaning primal or foundational creation is the central Zoroastrian account of creation cosmology and eschatology Redacted sometime in the ninth century CE it is one of the most important of the surviving testaments to Middle Persian Zoroastrian literature and pre Islamic Iranian culture Well known in the field as an essential primary source for scholars of ancient Iran s history religions literatures and languages the Bundahi n is also a great work of literature itself which ranks alongside the creation myths of other ancient traditions Genesis the Babylonian Emdin Elish Hesiod s Theogony and others

Ethnicities and Tribes in Sub-Saharan Africa S. N. Sangmpam, 2017-03-08 This book proposes new avenues for understanding tribal allegiance in Sub Saharan Africa Much research on ethnicity and cultural pluralism in Sub Saharan Africa falsely equates the term tribe with ethnicity and obscures the differences between Sub Saharan Africa and other regions It also puts too much emphasis on the role of the colonial state in fostering tribal allegiance This book challenges these claims and offers an alternate way of
