the gap in existing scholarship on gaming providing an academic overview on the mechanisms and effects of serious games Contributors investigate the psychological mechanisms that take place not only during gaming but also in game selection persistent play and gaming impact The work in this collection focuses on the desirable outcomes of digital game play The editors distinguish between three possible effects learning development and change covering a broad range of serious games potential impact Contributions from internationally recognized scholars focus on five objectives Define the area of serious games Elaborate on the underlying theories that explain suggested psychological mechanisms elicited through serious game play addressing cognitive affective and social processes Summarize the empirical evidence on the effectiveness of serious games Introduce innovative research methods as a response to methodological challenges imposed through interactive media Discuss the possibilities and limitations of selected applications for educational purposes Anchored primarily in social science research the reader will be introduced to approaches that focus on the gaming process and the users experiences Additional perspectives will be provided in the concluding chapters written from non social science approaches by experts in academic game design and representatives of the gaming industry The editors acknowledge the necessity for a broader interdisciplinary study of the phenomena and work to overcome the methodological divide in games research to look ahead to a more integrated and interdisciplinary study of digital games This timely and singular volume will appeal to scholars researchers and graduate students working in media entertainment and game studies in the areas of education media communication and psychology

Fatal Pauses Stuart C. Yudofsky, 2015-04-01 People can become stuck in many ways and for a wide variety of reasons explains the author of Fatal Pauses that rare book that both clinicians and general readers can benefit from and enjoy Novelistic in its depictions of composite patients but clear eyed in its analysis the book offers a 3 D method of addressing stuck ness which is defined as not stopping something that is bad for us or not starting and staying with something that is good for us The process of discovering why one is stuck deciding to become unstuck and then asserting the discipline required to do so is brought to vivid life by one of the most respected psychiatrists of our day The book s structure is logical and engaging The Am I Stuck Scale can be self administered by general readers or administered by clinicians to their patients This first chapter sets the stage for what follows The 3 D method of getting unstuck is presented in a systematic easy to comprehend manner that begins with a brief overview and proceeds to more detailed instructions and insights Riveting case examples make up the heart of the book They are not mere summaries but consist of thorough and detailed clinical descriptions that provide context in addition to extensive dialogue and analysis Several of these cases are divided into multiple chapters providing a comprehensive clinical picture to help both mental health professionals and lay readers increase their understanding of being stuck A range of categories or stuck ness is addressed including being trapped by career choices limited by obesity paralyzed by an unsatisfying marriage incapacitated by addiction and imprisoned by the need to please Of special note is the case example of a young man whose interpersonal

relationships have gradually but progressively become reduced to computer based encounters The author s examination of this individual s fixation on video games and virtual realities and his escape from this cyberprison through treatment is both timely and compelling Finally the author provides an evolutionary and neurobiological overview of how we become stuck which helps the reader grasp the underpinnings of this behavior and learn how to become unstuck Written in a warm and disarming style *Fatal Pauses* will find a home in clinicians libraries waiting rooms and on family room bookshelves

The Ecology of Games Katie Salen Tekinbas,2007-11-30 An exploration of games as systems in which young people participate as gamers producers and learners In the many studies of games and young people s use of them little has been written about an overall ecology of gaming game design and play mapping the ways that all the various elements from coding to social practices to aesthetics coexist in the game world This volume looks at games as systems in which young users participate as gamers producers and learners The Ecology of Games edited by Rules of Play author Katie Salen aims to expand upon and add nuance to the debate over the value of games which so far has been vociferous but overly polemical and surprisingly shallow Game play is credited with fostering new forms of social organization and new ways of thinking and interacting the contributors work to situate this within a dynamic media ecology that has the participatory nature of gaming at its core They look at the ways in which youth are empowered through their participation in the creation uptake and revision of games emergent gaming literacies including modding world building and learning how to navigate a complex system and how games act as points of departure for other forms of knowledge literacy and social organization Contributors Ian Bogost Anna Everett James Paul Gee Mizuko Ito Barry Joseph Laurie McCarthy Jane McGonigal Cory Ondrejka Amit Pitaru Tom Satwicz Kurt Squire Reed Stevens S Craig Watkins

World of Warcraft: Tides of Darkness Aaron Rosenberg,2007-08-28 After killing the corrupt Warchief Blackhand Orgrim Doomhammer was quick to

seize control over the Orcish Horde Now he is determined to conquer the rest of Azeroth so that his people will once again have a home of their own in the WORLD OF WARCRAFT Anduin Lothar former Champion of Stormwind has left his shattered homeland behind and led his people across the Great Sea to the shores of Lordaeron There with the aid of the noble King Terenas he forges a mighty Alliance with the other human nations But even that may not be enough to stop the Horde s merciless onslaught Elves dwarves and trolls enter the fray as the two emerging factions vie for dominance Will the valiant Alliance prevail or will the Horde s tide of darkness consume the last vestiges of freedom on Azeroth Examining the Evolution of Gaming and Its Impact on Social, Cultural, and Political Perspectives Valentine, Keri Duncan, Jensen, Lucas John, 2016-06-20 With complex stories and stunning visuals eliciting intense emotional responses coupled with opportunities for self expression and problem solving video games are a powerful medium to foster empathy critical thinking and creativity in players As these games grow in popularity ambition and technological prowess they become a legitimate art form shedding old attitudes and misconceptions along the way Examining the Evolution of Gaming and Its Impact on Social Cultural and Political Perspectives asks whether videogames have the power to transform a player and his or her beliefs from a sociopolitical perspective Unlike traditional forms of storytelling videogames allow users to immerse themselves in new worlds situations and politics This publication surveys the landscape of videogames and analyzes the emergent gaming that shifts the definition and cultural effects of videogames This book is a valuable resource to game designers and developers sociologists students of gaming and researchers in relevant fields **The Cambridge Handbook of Literacy** David R. Olson, Nancy Torrance, 2009-02-16 This volume demonstrates how literacy is more than learning to read and write Literacy creates communities organizes personal and social lives makes possible civil society and the rule of law and underwrites the commitment of both modern and developing societies to universal education and ever higher levels of literate competence Everything that is involved in being and becoming literate is the concern of this interdisciplinary group of distinguished scholars **Handbook of Research on New Literacies** Julie Coiro, Michele Knobel, Colin Lankshear, Donald J. Leu, 2014-04-04 Situated at the intersection of two of the most important areas in educational research today literacy and technology this handbook draws on the potential of each while carving out important new territory It provides leadership for this newly emerging field directing scholars to the major issues theoretical perspectives and interdisciplinary research pertaining to new literacies Reviews of research are organized into six sections Methodologies Knowledge and Inquiry Communication Popular Culture Community and Citizenship Everyday Literacies Instructional Practices and Assessment Multiple Perspectives on New Literacies Research FEATURES Brings together a diverse international team of editors and chapter authors Provides an extensive collection of research reviews in a critical area of educational research Makes visible the multiple perspectives and theoretical frames that currently drive work in new literacies Establishes important space for the emerging field of new literacies research Includes a unique Commentary section The final section of the Handbook

reprints five central research studies Each is reviewed by two prominent researchers from their individual and different theoretical position This provides the field with a sense of how diverse lenses can be brought to bear on research as well as the benefits that accrue from doing so It also provides models of critical review for new scholars and demonstrates how one might bring multiple perspectives to the study of an area as complex as new literacies research The Handbook of Research on New Literacies is intended for the literacy research community broadly conceived including scholars and students from the traditional reading and writing research communities in education and educational psychology as well as those from information science cognitive science psychology sociolinguistics computer mediated communication and other related areas that find literacy to be an important area of investigation World of Warcraft Chronicle Volume 2 BLIZZARD

Gender and Sexuality in Online Game Cultures Jenny Sundén,Malin Sveningsson,2012-03-12 How do gender and sexuality come to matter in online game cultures Why is it important to explore straight versus queer contexts of play And what does it mean to play together with others over time as co players and researchers Gender and Sexuality in Online Game Cultures is a book about female players and their passionate encounters with the online game World of Warcraft and its player cultures It takes seriously women s passions in games and as such draws attention to questions of pleasure in and desire for technology The authors use a unique approach of what they term a twin ethnography that develops two parallel stories Sveningsson studies straight game culture and makes explicit that which is of the norm by exploring the experiences of female gamers in a male dominated gaming context Sundén investigates queer game culture through the queer potentials of mainstream World of Warcraft culture as well as through the case of a guild explicitly defined as LGBT Academic research on game culture is flourishing yet feminist accounts of gender and sexuality in games are still in the making Drawing on feminist notions of performance performativity and positionality as well as the recent turn to affect and phenomenology within cultural theory the authors develop queer feminist studies of online player cultures in ways that are situated and embodied

The Presentation of Self in Contemporary Social Life David Shulman,2016-04-28 The Presentation of Self in Contemporary Social Life covers the popular theories of Erving Goffman and shows modern applications of dramaturgical analysis in a wide range of social contexts David Shulman s innovative new text demonstrates how Goffman s ideas first introduced in 1959 continue to inspire research into how we manage the impressions that others form about us He synthesizes the work of contemporary scholars who use dramaturgical approaches from several disciplines who recognize that many values social norms and laws have changed since Goffman s time and that contemporary society offers significant new forms of impression management that we can engage in and

experience After a general introduction to dramaturgical sociology readers will see many examples of how Goffman s ideas can provide powerful insights into familiar aspects of contemporary life including business and the workplace popular culture the entertainment industry and the digital world
