Beyond Gatsby Robert McParland, 2015-04-16 Many of the heralded writers of the 20th century including Ernest Hemingway John Dos Passos F Scott Fitzgerald and William Faulkner first made their mark in the 1920s while established authors like Willa Cather and Sinclair Lewis produced some of their most important works during this period Classic novels such as *The Sun Also Rises* *The Great Gatsby* *Elmer Gantry* and *The Sound and the Fury* not only mark prodigious advances in American fiction they show us the wonder the struggle and the promise of the American dream In *Beyond Gatsby* How Fitzgerald Hemingway and Writers of the 1920s Shaped American Culture Robert McParland looks at the key contributions of this fertile period in literature Rather than provide a compendium of details about major American writers this book explores the culture that created F Scott Fitzgerald and his literary contemporaries The source material ranges from the minutes of reading circles and critical commentary in periodicals to the archives of writers works as well as the diaries journals and letters of common readers This work reveals how the nation's fiction stimulated conversations of shared images and stories among a growing reading public Signifying a cultural shift in the aftermath of World War I the collective works by these authors represent what many consider to be a golden age of American literature By examining how these authors influenced the reading habits of a generation *Beyond Gatsby* enables readers to gain a deeper comprehension of how literature shapes culture

Toward a National Ocean Policy, 1976 and Beyond Robert Endicott Osgood, Johns Hopkins University. Ocean Policy Project, 1976

Beyond Alterity Qinna Shen, Martin Rosenstock, 2014-07-01 With the economic and political rise of East Asia in the second half of the twentieth century many Western countries have re-evaluated their links to their Eastern counterparts Thus in recent years Asian German Studies has emerged as a promising branch within interdisciplinary German Studies This collection of essays examines German language cultural production pertaining to modern China and Japan and explicitly challenges orientalist notions by proposing a conception of East and West not as opposites but as complementary elements of global culture thereby urging a move beyond national paradigms in cultural studies Essays focus on the mid-century German Japanese alliance Chinese German Leftist collaborations global capitalism travel identity and cultural hybridity The authors include historians and scholars of film and literature and employ a wide array of approaches from postcolonial globalization media and gender studies The collection sheds new light on a complex and ambivalent set of international relationships while also testifying to the potential of Asian German Studies

Beyond Adornment Yvonne J. Markowitz, Susanne Günsicke, 2025-05-06 A must have for jewelry enthusiasts this engaging volume illuminates the ways in which jewelry has been used to craft and express identity Why do people wear jewelry What meaning does it hold for the wearer And what does the wearer hope it will convey to those they encounter or to someone viewing their image decades even centuries later Artistic renderings of the human figure in portraiture sculpture and other media in a

range of allegorical historical and religious images often showcase jewelry The ornaments depicted in such designs offer an abundance of information that not only heightens our understanding of the subject but also provides insights into the imagination of the artist Jewelry enhances our enjoyment of works of art because it is visually compelling sensuous and laden with an array of associations and symbolic meanings Bringing together spectacular and significant art objects depicting figures wearing sumptuous personal adornments that define who they are within the specific milieus in which they lived this richly illustrated and accessible volume represents a novel interdisciplinary approach to the ways in which jewelry can be studied and understood

steady reliable foundation From Berlin to Baghdad incisively dissects the numerous unsuccessful attempts to devise a new grand foreign policy strategy that could match the moral clarity and political efficacy of containment Brands takes a fresh look at the key events and players in recent American history In the 1990s George H W Bush envisioned the United States as the guardian of a new world order and the Clinton administration sought the enlargement of America s political and economic influence However both presidents eventually came to accept albeit grudgingly that America s multifaceted roles responsibilities and objectives could not be reduced to a single fundamental principle During the early years of the George W Bush administration it appeared that the tragedies of 9 11 and the subsequent war on terror would provide the organizing principle lacking in U S foreign policy since the containment of communism became an outdated notion For a time most Americans were united in support of Bush s foreign policies and the military incursions into Afghanistan and Iraq As the swift invasions became grinding occupations however popular support for Bush s policies waned and the rubric of the war on terror lost much of its political and rhetorical cachet From Berlin to Baghdad charts the often onerous course of recent American foreign policy from the triumph of the fall of the Berlin Wall to the tragedies of 9 11 and beyond analyzing the nation s search for purpose in the face of the daunting complexities of the post Cold War world

Beyond Piggly Wiggly Lisa C. Tolbert, 2023-08 Patented in 1917 Piggly Wiggly was by far the most influential self service store of the early twentieth century Before 1940 it was the only self service chain with a national distribution network but it was neither the first nor the only version Beyond Piggly Wiggly reveals the importance of Piggly Wiggly in the invention of self service and goes beyond the history of a single firm to explore the role of small business entrepreneurs who invented the first self service stores in a grassroots social process During the 1920s and 1930s a minority of enterprising grocers experimented with a wide variety of sometimes wacky design ideas for automating shopping They created specialized stores designed as enclosed retail systems that went far beyond open display techniques to construct unique physical and psychological advantages for automating salesmanship Beyond Piggly Wiggly offers the first perspective on the national scale of experimentation and connects the southern Jim Crow origins of self service to the national history of this mass retailing method Empirical analysis of store arrangements demonstrates how small stores that have previously been overlooked or undervalued as quaint anomalies were integral to the creation of supermarkets Ultimately self service was more than a business decision it was a fundamentally new social practice

Beyond Bakelite Joris Mercelis, 2020-03-24 The changing relationships between science and industry in the late nineteenth and early twentieth centuries illustrated by the career of the father of plastics The Belgian born American chemist inventor and entrepreneur Leo Baekeland 1863 1944 is best known for his invention of the first synthetic plastic his near namesake Bakelite which had applications ranging from electrical insulators to Art Deco jewelry Toward the end of his career Baekeland was called the father of plastics given credit for the establishment of a sector to which many other researchers inventors and firms inside and outside the United States had also made significant

contributions In *Beyond Bakelite* Joris Mercelis examines Baekeland's career using it as a lens through which to view the changing relationships between science and industry on both sides of the Atlantic in the late nineteenth and early twentieth centuries He gives special attention to the intellectual property strategies and scientific entrepreneurship of the period making clear their relevance to contemporary concerns Mercelis describes the growth of what he terms the science industry nexus and the developing interdependence of science and industry After examining Baekeland's emergence as a pragmatic innovator and leader in scientific circles Mercelis analyzes Baekeland's international and domestic IP strategies and his efforts to reform the US patent system his dual roles as scientist and industrialist the importance of theoretical knowledge to the science industry nexus and the American Bakelite companies research and development practices technically oriented sales approach and remuneration schemes Mercelis argues that the expansion and transformation of the science industry nexus shaped the careers and legacies of Baekeland and many of his contemporaries *Beyond Normandy: Rommel's*

Legacy Pasquale De Marco, 2025-03-17 Erwin Rommel the Desert Fox is one of the most iconic military commanders of World War II His daring exploits in North Africa and his defense of Normandy against the Allied invasion have made him a legend But who was the real Rommel Was he a brilliant general or a ruthless war criminal This book explores Rommel's life and career in detail examining his military campaigns his leadership style and his personal life It also discusses the controversies surrounding his legacy and tries to understand why he remains such a fascinating figure to this day Rommel was born in 1891 in Heidenheim Germany He joined the German army in 1910 and served with distinction in World War I After the war he remained in the military and rose through the ranks In 1940 he was given command of the Afrika Korps a German expeditionary force sent to North Africa to aid the Italian army Rommel quickly proved to be a brilliant military commander He led the Afrika Korps to a series of victories against the British culminating in the capture of Tobruk in June 1942 Rommel's successes in North Africa made him a national hero in Germany and earned him the nickname Desert Fox However Rommel's luck eventually ran out In October 1942 the British launched a massive offensive against the Afrika Korps at El Alamein Rommel was forced to retreat and eventually evacuate his troops from North Africa In 1944 Rommel was given command of the German forces defending Normandy against the Allied invasion He was tasked with holding the Allies at bay long enough for the Germans to build up their defenses in France Rommel knew that the odds were stacked against him but he was determined to do his duty The Allies landed in Normandy on June 6 1944 Rommel's forces fought bravely but they were outnumbered and outgunned After a month of fighting Rommel was forced to retreat The Allies liberated Paris in August 1944 and Rommel was dismissed from his command Rommel was implicated in the July 20 plot to assassinate Hitler and he was forced to commit suicide in October 1944 He was 53 years old This book is the definitive biography of Erwin Rommel It is a must read for anyone interested in military history World War II or the life of one of the most fascinating figures of the 20th century If you like this book write a review **Women's Labour Activism in Eastern Europe and Beyond** Selin

Communications G. W. Andrew, Sidney John Duly, 1924 **Dostoevsky in the Arts and Beyond** Olga

Tabachinkova, Liudmila Saraskina, Galima Lukina, Ekaterina Salnikova, 2024-08-30 The book is a substantial contribution to international Dostoevsky research exploring Dostoevsky's contemporary relevance from a multicultural and multidisciplinary perspective. It offers some fresh readings of Dostoevsky's texts presenting new complex studies on the writer and his works in the mirror of several arts of the last three decades. The book is divided into three Parts featuring researchers from Bulgaria, Great Britain, Russia, and Ukraine. Part One deals with conceptual issues treating Dostoevsky above all as a prophet and philosopher and thus determines the ideological system of coordinates for the studies presented in the rest of the book. Part Two examines Dostoevsky's legacy through the lenses of literary theory, music, and illustration art, and Part Three via world cinema and theatre. The volume has gathered together an array of original and innovative studies from world-leading experts in Dostoevsky's creative universe to make an authoritative input into the field.

A Bomber Pilot's Story Robert P.

Neilson, 2016-09-15 Flying a B-17 Flying Fortress with the Fifteenth Air Force out of Foggia, Italy, Lt. George H. Neilson describes the harrowing experiences of his twenty-eight combat missions, as well as the ups and downs of life in the US Army Air Corps from enlistment to discharge. 1943-45 Blending selections of his father's letters to home and memoirs he recorded a half-century later with documented background history, the younger Neilson tells the saga of the son of a Boston widow as he

confronts the rigors of pilot officer training and combat service in the Mediterranean Theater of Operations during the final six months of World War II in Europe George depicts the humorous and mundane sides of army life as well as the terror filled moments during bomb runs over targets in Austria Germany Czechoslovakia Poland Yugoslavia and Austria as antiaircraft flak bursts battered the aircraft Neilsons daily chronicles juxtapose moments when life and death hung in the balance such as when he landed his crippled Fort in the Adriatic Sea with the unexpected moments of splendor such as when he dined in luxury on the Isle of Capri at a castle owned by the royal family of Italy Flying in formation through clouds so thick that the plane thirty feet off his wing was invisible George received the Distinguished Flying Cross for his ability as a skilled instrument pilot He recounts youthful escapades on duty free hours and the tales of life in Foggias mud bound tent city in the spur of Italy It includes the stirring story of his visit to a field hospital where his brother a captain in the infantry was recovering from a bullet wound incurred in the fighting in the Apennine Mountain campaign Finally the story tells of World War IIs fiery end and how he unknowingly worked on the secret research project to develop the atomic bomb in a lab at MIT before enlistment For the student of history and aviation and its role in the Allied victory over Hitlers nefarious Reich this microhistory will not disappoint

Beyond the Architect's Eye Mary N. Woods, 2013-12-11 Typical architectural photography freezes buildings in an ideal moment and rarely captures what photographer Berenice Abbott called the medium's power to depict how the past jostled the present In *Beyond the Architect's Eye* Mary N Woods expands on this range of images through a rich analysis that commingles art amateur and documentary photography genres usually not considered architectural but that often take the built environment as their subject Woods explores how photographers used their built environment to capture the disparate American landscapes prior to World War II when urban and rural areas grew further apart in the face of skyscrapers massive industrialization and profound cultural shifts Central to this study is the work of Alfred Stieglitz Frances Benjamin Johnston and Marion Post Wolcott but Woods weaves a wider narrative that also includes Alice Austen Gertrude K sebiere Berenice Abbott Margaret Bourke White Helen Levitt Lisette Model Louise Dahl Wolfe Morgan and Marvin Smith Eudora Welty Samuel Gottscho Walker Evans Max Waldman and others In such disparate places as New York City the rural South and the burgeoning metropolis of Miami these unconventional architectural photographers observed buildings as deeply connected to their context Whereas Stieglitz captured New York as the quintessential modern urban landscape in the period the South was its opposite a land supposedly frozen in the past Yet just as this myth of the Old South crystallized in photographs like Johnston's *A New South* shaped by popular culture and modern industry arose Miami embodied both of these visions In Wolcott's work agricultural fields where stoop labor persisted were juxtaposed with Art Deco hotels a popular modernism of the machine age that remade Miami Beach into a miniaturized Manhattan on the beach *Beyond the Architect's Eye* is a groundbreaking study that melds histories of American art cities and architecture with visual studies of landscape photography and cultural geography
