Worse Than Slavery David M Oshinsky

Stanley Cohen

Worse Than Slavery David M Oshinsky:

Worse Than Slavery David M. Oshinsky, 1997-04-22 In this sensitively told tale of suffering brutality and inhumanity *Worse Than Slavery* is an epic history of race and punishment in the deepest South from emancipation to the Civil Rights Era and beyond Immortalized in blues songs and movies like *Cool Hand Luke* and *The Defiant Ones* Mississippi's infamous Parchman State Penitentiary was in the pre civil rights south synonymous with cruelty Now noted historian David Oshinsky gives us the true story of the notorious prison drawing on police records prison documents folklore blues songs and oral history from the days of cotton field chain gangs to the 1960s when Parchman was used to break the wills of civil rights workers who journeyed south on Freedom Rides *Prison and Slavery - A Surprising Comparison* John Dewar Gleissner, 2010-11-17 This historically accurate and thoroughly researched book compares the modern American prison system to antebellum slavery The surprising comparison proves that antebellum slavery was not as bad as many believe while modern mass incarceration is an unrealized social and financial disaster of mammoth proportions *Lynchings in Mississippi* Julius E. Thompson, 2015-06-08 Lynching occurred more in Mississippi than in any other state During the 100 years after the Civil War almost one in every ten lynchings in the United States took place in Mississippi As in other Southern states these brutal murders were carried out primarily by white mobs against black victims The complicity of communities and courts ensured that few of the more than 500 lynchings in Mississippi resulted in criminal convictions This book studies lynching in Mississippi from the Civil War through the civil rights movement It examines how the crime unfolded in the state and assesses the large number of deaths the reasons the distribution by counties cities and rural locations and public responses to these crimes The final chapter covers lynching's legacy in the decades since 1965 an appendix offers a chronology *Inner Lives* Paula Johnson, 2004-03-01 An intimate collection of African American women's voices on their lives in prison The rate of women entering prison has increased nearly 400 percent since 1980 with African American women constituting the largest percentage of this population However despite their extremely disproportional representation in correctional institutions little attention has been paid to their experiences within the criminal justice system *Inner Lives* provides readers the rare opportunity to intimately connect with African American women prisoners By presenting the women's stories in their own voices Paula C Johnson captures the reality of those who are in the system and those who are working to help them Johnson offers a nuanced and compelling portrait of this fastest growing prison population by blending legal history ethnography sociology and criminology These striking and vivid narratives are accompanied by equally compelling arguments by Johnson on how to reform our nation's laws and social policies in order to eradicate existing inequalities Her thorough and insightful analysis of the historical and legal background of contemporary criminal law doctrine sentencing theories and correctional policies sets the stage for understanding the current system *Caught* Marie Gottschalk, 2016-02-16 A major reappraisal of crime and punishment in America The huge prison buildup of the past four

decades has few defenders yet reforms to reduce the numbers of those incarcerated have been remarkably modest. Meanwhile an ever widening carceral state has sprouted in the shadows extending its reach far beyond the prison gate. It sunders families and communities and reworks conceptions of democracy rights and citizenship posing a formidable political and social challenge. In *Caught* Marie Gottschalk examines why the carceral state remains so tenacious in the United States. She analyzes the shortcomings of the two dominant penal reform strategies: one focused on addressing racial disparities the other on seeking bipartisan race neutral solutions centered on reentry justice reinvestment and reducing recidivism. With a new preface evaluating the effectiveness of recent proposals to reform mass incarceration *Caught* offers a bracing appraisal of the politics of penal reform.

The Abolitionist Imagination Andrew Delbanco, 2012-04-09 Abolitionists have been painted in extremes vilified as reckless zealots who provoked the bloodletting of the Civil War or praised as daring reformers who hastened the end of slavery. Delbanco sees them as the embodiment of a driving force in American history the recurrent impulse of an adamant minority to rid the world of outrageous evil.

T&T Clark Handbook of Christian Ethics Tobias Winright, 2020-12-10 The T T Clark Handbook of Christian Ethics provides an ecumenical introduction to Christian ethics its sources methods and applications. With contributions by theological ethicists known for their excellence in scholarship and teaching the essays in this volume offer fresh purchase on and an agenda for the discipline of Christian ethics in the 21st century. The essays are organized in three sections following an introduction that presents the four font approach and elucidates why it is critically employed through these subsequent sections. The first section explores the sources of Christian ethics including each of the four fonts scripture tradition experience and reason. The second section examines fundamental or basic elements of Christian ethics and covers different methods approaches and voices in doing Christian ethics such as natural law virtue ethics conscience responsibility narrative worship and engagement with other religions. The third section addresses current moral issues in politics medicine economics ecology criminal justice and other related spheres from the perspective of Christian ethics including war genetics neuroethics end of life decisions marriage family work sexuality nonhuman animals migration aging policing incarceration capital punishment and more.

Punishment and Social Control Stanley Cohen, 2017-07-05 While crime law and punishment are subjects that have everyday meanings not very far from their academic representations social control is one of those terms that appear in the sociological discourse without any corresponding everyday usage. This concept has a rather mixed lineage. After September 11 has become a slogan that conveys all things to all people but carries some very specific implications on interrogation and civil liberties for the future of punishment and social control. The editors hold that the already pliable boundaries between ordinary and political crime will become more unstable national and global considerations will come closer together domestic crime control policies will be more influenced by interests of national security measures to prevent and control international terrorism will cast their reach wider to financial structures and ideological support the movements of immigrants refugees and asylum seekers will be

curtailed and criminalized taken for granted human rights and civil liberties will be restricted In the midst of these dramatic social changes hardly anyone will notice the academic field of punishment and social control being drawn closer to political matters Criminology is neither a pure academic discipline nor a profession that offers an applied body of knowledge to solve the crime problem Its historical lineage has left an insistent tension between the drive to understand and the drive to be relevant While the scope and orientation of this new second edition remain the same in recognition of the continued growth and diversity of interest in punishment and social control new chapters have been added and several original chapters have been updated and revised

Age of Betrayal Jack Beatty, 2008-04-08 *Age of Betrayal* is a brilliant reconsideration of America's first Gilded Age when war-born dreams of freedom and democracy died of their impossibility Focusing on the alliance between government and railroads forged by bribes and campaign contributions Jack Beatty details the corruption of American political culture that in the words of Rutherford B Hayes transformed a government of the people by the people and for the people into a government by the corporations of the corporations and for the corporations A passionate gripping scandalous and sorrowing history of the triumph of wealth over commonwealth

His Truth Is Marching On Jon Meacham, 2020-08-25 1 NEW YORK TIMES BESTSELLER An intimate and revealing portrait of civil rights icon and longtime U S congressman John Lewis linking his life to the painful quest for justice in America from the 1950s to the present from the Pulitzer Prize winning author of *The Soul of America* An extraordinary man who deserves our everlasting admiration and gratitude *The Washington Post* ONE OF THE WASHINGTON POST AND COSMOPOLITAN'S BEST BOOKS OF THE YEAR John Lewis who at age twenty five marched in Selma Alabama and was beaten on the Edmund Pettus Bridge was a visionary and a man of faith Drawing on decades of wide ranging interviews with Lewis Jon Meacham writes of how this great grandson of a slave and son of an Alabama tenant farmer was inspired by the Bible and his teachers in nonviolence Reverend James Lawson and Martin Luther King Jr to put his life on the line in the service of what Abraham Lincoln called the better angels of our nature From an early age Lewis learned that nonviolence was not only a tactic but a philosophy a biblical imperative and a transforming reality At the age of four Lewis ambitious to become a minister practiced by preaching to his family's chickens When his mother cooked one of the chickens the boy refused to eat it his first act he wryly recalled of nonviolent protest Integral to Lewis's commitment to bettering the nation was his faith in humanity and in God and an unshakable belief in the power of hope Meacham calls Lewis as important to the founding of a modern and multiethnic twentieth and twenty first century America as Thomas Jefferson and James Madison and Samuel Adams were to the initial creation of the Republic itself in the eighteenth century A believer in the injunction that one should love one's neighbor as oneself Lewis was arguably a saint in our time risking limb and life to bear witness for the powerless in the face of the powerful In many ways he brought a still evolving nation closer to realizing its ideals and his story offers inspiration and illumination for Americans today who are working for social and political change

The Myth of Overpunishment Barry

Latzer, Tom Cotton, 2022-04-26 Justice is on trial in the United States From police to prisons the justice system is accused of overpunishing It is said that too many Americans are abused by the police arrested jailed and imprisoned But the denunciations are overblown The data indicates contrary to the critics that we don't imprison too many nor do we overpunish This becomes evident when we examine the crimes of prisoners and the actual time served The history of punishment in the United States discussed in vivid detail reveals that the treatment of offenders has become progressively more lenient Corporal punishment is no more The death penalty has become a rarity Many convicted defendants are given no incarceration sentences Restorative justice may be a good thing for low level offenses or as an add on for remorseful prisoners but when it comes to major crimes it is no substitute for punitive justice The Myth of Overpunishment presents a workable and politically feasible plan to electronically monitor arrested suspects prior to adjudication bail reform defendants placed on probation and parolees

The American South William J. Cooper Jr., Thomas E. Terrill, Christopher Childers, 2016-11-17 In *The American South A History* Fifth Edition William J Cooper Jr and Thomas E Terrill demonstrate their belief that it is impossible to divorce the history of the South from the history of the United States The authors analysis underscores the complex interaction between the South as a distinct region and the South as an inescapable part of America Cooper and Terrill show how the resulting tension has often propelled section and nation toward collision In supporting their thesis the authors draw on the tremendous amount of profoundly new scholarship in Southern history Each volume includes a substantial bibliographical essay completely updated for this edition which provides the reader with a guide to literature on the history of the South This volume contains updated chapters and tables

What Is Classical Liberal History? Michael J. Douma, Phillip W. Magness, 2017-12-21 Historians working in the classical liberal tradition believe that individual decision making and individual rights matter in the making of history History written in the classical liberal tradition emerged largely in the nineteenth century when the field of history was first professionalized in Europe and the Americas Professional historical research was then imbued with liberal values which included rigorous attention to the sources historicist suspicion of an ultimate mover an honest and dispassionate rational outlook and humility towards what could be known Above all liberals wanted to chart the history of liberty warn against threats to liberty and defend it in an evolving political world They believed history was real and that it had lessons to teach but that these lessons could not provide sufficient knowledge to predict the future or reorganize society around a central plan This book demonstrates how the classical liberal tradition in historical writing persists to this day but how it is often neglected and due for renewal The book contrasts the classical liberal view on history with conservative progressive Marxist and post modern views Each of the eleven chapters address a different historical topic from the development of classical liberalism in nineteenth century America to the the history of civil liberties and civil rights that stemmed from this tradition Authors give particular attention to the importance of social and economic analysis Each contributor was chosen as an expert in their field to provide a historiographical overview of their

subject and to explain what the classical liberal contribution to this historiography has been and should be Authors then provide guidance towards possible tools of analysis and related research topics that future historians working in the classical liberal tradition could take up The authors wish to call upon other historians to recognize the important contributions to historical understanding that have come and can be provided by the insights of classical liberalism **Steeped in the Blood of Racism** Professor Nancy K. Bristow, 2020-04-01 Minutes after midnight on May 15 1970 white members of the Jackson city police and the Mississippi Highway Patrol opened fire on young people in front of a women s dormitory at Jackson State College a historically black college in Jackson Mississippi discharging buckshot rifle slugs a submachine gun carbines with military ammunition and two 30 06 rifles loaded with armor piercing bullets Twenty eight seconds later two young people lay dead another 12 injured Taking place just ten days after the killings at Kent State the attack at Jackson State never garnered the same level of national attention and was chronically misunderstood as similar in cause This book reclaims this story and situates it in the broader history of the struggle for African American freedom in the civil rights and black power eras The book explores the essential role of white supremacy in causing the shootings and shaping the aftermath By 1970 even historically conservative campuses such as Jackson State where an all white Board of Trustees of Institutions of Higher Learning had long exercised its power to control student behavior were beginning to feel the impact of the movements for African American freedom Though most of the students at Jackson State remained focused not on activism but their educations racial consciousness was taking hold It was this campus police attacked Acting on racial animus and with impunity the shootings reflected both traditional patterns of repression and the new logic and rhetoric of law and order with its thinly veiled racial coding In the aftermath the victims and their survivors struggled unsuccessfully to find justice Despite multiple investigative commissions two grand juries and a civil suit brought by students and the families of the dead the law and order narrative proved too powerful No officers were charged no restitution was paid and no apologies were offered The shootings were soon largely forgotten except among the local African American community the injured victimized once more by historical amnesia born of the unwillingness to acknowledge the essential role of race in causing the violence *The Hidden Roots of White Supremacy* Robert P. Jones, 2024-09-10 The story of three locations in the United States in Mississippi Minnesota and Oklahoma where the Indigenous people were driven out by European colonists where vicious racial killings took place in the last century and how these places are coming to terms with the past creating new organizations dedicated to racial repair and reconciliation as they aspire to a more inclusive more promising future *Clearinghouse Review* ,2006

The Mississippi Encyclopedia Ted Ownby, Charles Reagan Wilson, Ann J. Abadie, Odie Lindsey, James G. Thomas Jr., 2017-05-25 Recipient of the 2018 Special Achievement Award from the Mississippi Institute of Arts and Letters and Recipient of a 2018 Heritage Award for Education from the Mississippi Heritage Trust The perfect book for every Mississippian who cares about the state this is a mammoth collaboration in which thirty subject editors suggested topics over

seven hundred scholars wrote entries and countless individuals made suggestions The volume will appeal to anyone who wants to know more about Mississippi and the people who call it home The book will be especially helpful to students teachers and scholars researching writing about or otherwise discovering the state past and present The volume contains entries on every county every governor and numerous musicians writers artists and activists Each entry provides an authoritative but accessible introduction to the topic discussed The Mississippi Encyclopedia also features long essays on agriculture archaeology the civil rights movement the Civil War drama education the environment ethnicity fiction folklife foodways geography industry and industrial workers law medicine music myths and representations Native Americans nonfiction poetry politics and government the press religion social and economic history sports and visual art It includes solid clear information in a single volume offering with clarity and scholarship a breadth of topics unavailable anywhere else This book also includes many surprises readers can only find by browsing

The Palgrave Handbook of Magical Realism in the Twenty-First Century Richard Perez, Victoria A. Chevalier, 2020-04-30 The Palgrave Handbook of Magical Realism in the Twenty First Century examines magical realism in literatures from around the globe Featuring twenty seven essays written by leading scholars this anthology argues that literary expressions of magical realism proliferate globally in the twenty first century due to travel and migrations the shrinking of time and space and the growing encroachment of human life on nature In this global context magical realism addresses twenty first century politics aesthetics identity and social national formations where contact between and within cultures has exponentially increased altering how communities and nations imagine themselves This text assembles a group of critics throughout the world the Americas Europe Africa Asia the Middle East and Australia who employ multiple theoretical approaches to examine the different ways magical realism in literature has transitioned to a global practice thus signaling a new stage in the history and development of the genre

Liberty's Prisoners Jen Manion, 2015-10-07 Liberty's Prisoners examines how changing attitudes about work freedom property and family shaped the creation of the penitentiary system in the United States The first penitentiary was founded in Philadelphia in 1790 a period of great optimism and turmoil in the Revolution's wake Those who were previously dependents with no legal standing women enslaved people and indentured servants increasingly claimed their own right to life liberty and happiness A diverse cast of women and men including immigrants African Americans and the Irish and Anglo American poor struggled to make a living Vagrancy laws were used to crack down on those who visibly challenged longstanding social hierarchies while criminal convictions carried severe sentences for even the most trivial property crimes The penitentiary was designed to reestablish order both behind its walls and in society at large but the promise of reformatory incarceration failed from its earliest years Within this system women served a vital function and Liberty's Prisoners is the first book to bring to life the experience of African American immigrant and poor white women imprisoned in early America Always a minority of prisoners women provided domestic labor within the institution and served as model inmates more likely to submit to the authority of

guards inspectors and reformers White men the primary targets of reformatory incarceration challenged authorities at every turn while African American men were increasingly segregated and denied access to reform Liberty's Prisoners chronicles how the penitentiary though initially designed as an alternative to corporal punishment for the most egregious of offenders quickly became a repository for those who attempted to lay claim to the new nation's promise of liberty

White Freedom

Tyler Stovall, 2022-08-23 The racist legacy behind the Western idea of freedom The era of the Enlightenment which gave rise to our modern conceptions of freedom and democracy was also the height of the trans Atlantic slave trade America a nation founded on the principle of liberty is also a nation built on African slavery Native American genocide and systematic racial discrimination White Freedom traces the complex relationship between freedom and race from the eighteenth century to today revealing how being free has meant being white Tyler Stovall explores the intertwined histories of racism and freedom in France and the United States the two leading nations that have claimed liberty as the heart of their national identities He explores how French and American thinkers defined freedom in racial terms and conceived of liberty as an aspect and privilege of whiteness He discusses how the Statue of Liberty a gift from France to the United States and perhaps the most famous symbol of freedom on Earth promised both freedom and whiteness to European immigrants Taking readers from the Age of Revolution to today Stovall challenges the notion that racism is somehow a paradox or contradiction within the democratic tradition demonstrating how white identity is intrinsic to Western ideas about liberty Throughout the history of modern Western liberal democracy freedom has long been white freedom A major work of scholarship that is certain to draw a wide readership and transform contemporary debates White Freedom provides vital new perspectives on the inherent racism behind our most cherished beliefs about freedom liberty and human rights

If you ally compulsion such a referred **Worse Than Slavery David M Oshinsky** books that will provide you worth, get the very best seller from us currently from several preferred authors. If you desire to entertaining books, lots of novels, tale, jokes, and more fictions collections are furthermore launched, from best seller to one of the most current released.
