Simply Christian Why Christianity Makes Sense:

Simply Christian N. T. Wright, 2010-02-09 Why is justice fair Why are so many people pursuing spirituality Why do we crave relationship And why is beauty so beautiful N T Wright argues that each of these questions takes us into the mystery of who God is and what he wants from us For two thousand years Christianity has claimed to answer these mysteries and this renowned biblical scholar and Anglican bishop shows that it still does today Like C S Lewis did in his classic Mere Christianity Wright makes the case for Christian faith from the ground up assuming that the reader is starting from ground zero with no predisposition to and perhaps even some negativity toward religion in general and Christianity in particular His goal is to describe Christianity in as simple and accessible yet hopefully attractive and exciting a way as possible both to say to outsiders You might want to look at this further and to say to insiders You may not have quite understood this bit clearly yet

Simply Christian N.T. Wright, 2006 **Simply Christian** Nicholas Thomas Wright, Craig C. Hill, Matthew Smith, 2007
This resource presents 10 lessons for adult Christian education offering a fresh presentation of the timeless truths of Christianity making the case that faith is reasonable and rewarding to us today This course is based on the book Simply Christian why Christianity makes sense by N T Wright **Who Will You Become?** Conor M. Kelly, Director of Undergraduate Studies Conor M Kelly, Ryan G. Duns, 2025-09-02 An engaging introductory textbook of Catholic theology presented through the thought of Ignatius of Loyola Who Will You Become reimagines an introduction to Catholic theology through the framework of the Spiritual Exercises of Ignatius of Loyola the founder of the Jesuits In this textbook Ryan G Duns SJ and Conor M Kelly draw on the concept of discernment praying and meditating before making decisions in the Jesuit tradition and they invite readers to engage with the formative potential of theological studies This book explains the foundations of Catholic theology in a relatable fashion with practical spiritual exercises for discernment and spiritual growth Grounding theological concepts in contemporary examples Duns and Kelly present this accessible introduction to Catholic theology as both a way of thinking and a way of living **Subversive Spirituality** L Paul Jensen, 2011-06-30 Subversive Spirituality links the practice and study of Christian spirituality with Christian mission It develops a twofold thesis grace spiritual disciplines and mission practices are inseparably linked in the mission of Jesus of the early church and of several historical renewal movements as well as in a contemporary field research sample and amidst the collapse of space and time evidenced by our culture s increasingly hurried pace of life more time and space are needed for regular solitary and communal spiritual practices in church mission and leadership structures if Christian mission is to transform people and culture in our time This requires a subversion of the collapsed spatial and temporal codes that have infected our Christian institutions Jensen employs methods and approaches from a variety of academic disciplines to explore both spirituality in terms of space and time and mission in terms of deed and word Specifically Jensen examines the spirituality and mission of Jesus the early church the apostolic fathers Origen the Devotio Moderna the early Jesuits David Brainerd and several women

in 19th century Protestant missions He considers the spirituality and mission that have arisen within the postmodern generations born after 1960 Based on the theological historical cultural and field analyses of this study a model for spirituality and mission is proposed The model addresses the contemporary collapse of space and time and appears to have widespread applicability to diverse cultures and eras Jensen's model is applied to the pluralistic and postmodern milieu of North America with recommendations for spirituality and mission in church mission and educational structures A derivative model for teaching and practicing spirituality and mission in the academy which also has application for non formal leadership development structures is also proposed

Banned Questions About the Bible Christian D Piatt, 2011-03-31 From Christian Piatt When I was a teenager my youth minister threw a bible at my head for asking questions Too often for various reasons people don't have the opportunity to ask the hard questions they have about faith religion salvation and the bible And when questions are left unanswered in communities of faith people either seek answers elsewhere or lose interest all together The purpose of the series is to collect the most compelling and challenging questions from various theological areas and pose them to a panel of experts who are challenged with responding in two hundred words or less in plain English This volume addresses challenging or controversial questions about scripture collected from people on Facebook MySpace Twitter and other social networking media Respondents include theology professors clergy lay leaders liberals conservatives and voices representing a spectrum of views The idea behind the books is not so much to provide definitive answers as it is to stimulate thought reflection and discussion By offering multiple perspectives readers have the opportunity to arrive at their own questions Better they come to understand that questioning faith is not taboo but rather that it can be at the foundation of a strong and growing faith The directive given to each respondent guided them to be concise and to speak in plain language but also not to rely exclusively on the Bible says it justifications or to wax abstract or overly intellectual Instead they write from personal experience as much as possible and provide real life contexts that will allow the average seeker or churchgoer to apply such ideas to their daily lives

Missional. Monastic. Mainline. Elaine A. Heath, Larry Duggins, 2014-01-30 Here is the long awaited volume that provides both the theoretical foundations and practical guidance for developing new monastic and missional communities in contexts that are theologically progressive racially and economically diverse and multicultural This book contains the wisdom and perspectives of people who live and serve in missional new monastic communities in United Methodist and other mainline traditions and it describes new forms of theological education that are emerging to resource a new generation of Christian leaders Heath and Duggins challenge Methodists Lutherans Episcopalians Presbyterians and other Christians to reach into their own robust mainline heritage for resources to develop small intentional communities that practice a rigorous life of prayer hospitality and justice

A Door Set Open Peter L. Steinke, 2010-08-23 We resist change less when we associate it with mission and fortify it with hope So argues longtime congregational consultant Peter Steinke in his fourth book *A Door Set Open* as he explores the relationship

between the challenges of change and our own responses to new ideas and experiences Steinke builds on a seldom explored principle posited by the late Rabbi Edwin Friedman the hostility of the environment is proportionate to the response of the organism The key Steinke says is not the number or strength of the stressors in the system anxiety poor conditions deteriorating values but the response of the individual or organization to what is there Drawing on Bowen system theory and a theology of hope as well as his experience working with more than two hundred congregations Steinke makes the case that the church has entered an era of great opportunity Theologian and sociologist Ernst Troeltsch said the church had closed down the office of eschatology Steinke reopens it and draws our attention to God's future to a vision of hope for the people of God The door is set open for exploration and new creation

The Naturalness of Belief Charles Taliaferro, Paul Copan, 2018-11-13 Despite its name naturalism as a world view turns out to be rather unnatural in its strict and more consistent form of materialism and determinism This is why a number of naturalists opt for a broadened version that includes objective moral values intrinsic human dignity consciousness beauty personal agency and the like But in doing so broad naturalism begins to look more like theism As many strict naturalists recognize broad naturalism must borrow from the metaphysical resources of a theistic world view in which such features are very natural common sensical and quite at home in a theistic framework The Naturalness of Belief begins with a naturalistic philosopher's own perspective of naturalism and naturalness The remaining chapters take a multifaceted approach in showing theism's naturalness and greater explanatory power They examine not only rational reasons for theism's ability to account for consciousness intentionality beauty human dignity free will rationality and knowledge they also look at common sensical existential psychological and cultural reasons in addition to the insights of the cognitive science of religion

Theology After Christendom Joshua T. Searle, 2018-02-14 Christianity must be understood not as a religion of private salvation but as a gospel movement of universal compassion which transforms the world in the power of God's truth Amid several major global crises including the rise of terrorism and religious fundamentalism and a sudden resurgence of political extremism Christians must now face up fearlessly to the challenges of living in a post truth age in which deceitful politicians present their media spun fabrications as alternative facts This book is an attempt to enact a transformative theology for these changing times that will equip the global Christian community to take a stand for the gospel in an age of cultural despair and moral fragmentation The emerging post Christendom era calls for a new vision of Christianity that has come of age and connects with the spiritual crisis of our times In helping to make this vision a reality Searle insists that theology is not merely an academic discipline but a transformative enterprise that changes the world Theology is to be experienced not just behind a desk in an armchair or in a church but also in hospitals in foodbanks in workplaces and on the streets Theology is to be lived as well as read

You Can Trust a God with Scars Jared Ayers, 2025-09-09 How do you balance the tension between doubt and faith Can you really trust God considering the suffering injustice and hypocrisy you see in the news and in your own life Can the Christian faith resolve your deepest longings You are not alone if you feel spiritually adrift and directionless Questions about God faith life and the disillusionment toward church and religious leaders are widespread You Can Trust a God with Scars invites you to experience the broader Christian story In these pages the yearning and questions of your own story become grounded with a God who does not avoid pain but enters into it bearing wounds of His own In this timely book Rev Dr Jared Ayers offers a guided tour of the Christian Story for you who may be unfamiliar skeptical hurting and disillusioned lingering in the borderlands between faith and doubt With a fascinating mix of theology art Scripture music and literature he invites you into a conversation about a Christianity that embraces doubt mystery and a God who understands suffering intimately Whether you are a Christian seeking to draw closer to Jesus amidst pain have been hurt by the church or are an agnostic or atheist in You Can Trust a God With Scars you will find A series of conversations about Christian faith that are honest hospitable and intellectually compelling A meaningful framework to help you work through your beliefs Questions at the end of each chapter to guide reflection or discussion Here is a safe compassionate space to reawaken hope and find meaning in the Christian story despite living in a fractured world

Finding the Way Bruce McNab, 2013-03-18 Life is a complex journey and each of us must find our own way But sometimes we take a wrong turn and get lost When that happens we have to backtrack and begin again We are living in a time when many young adults who dropped out of church in high school or college are seeking to reconnect with their faith while older Christians are feeling a need to turn their own lives around Finding the Way offers help for all Christians who are hungry for an intimate

relationship with God and want to restart their spiritual journey on a path they can see clearly explain simply follow faithfully and share with others This is a book for those who want to practice Christian faith as a way of life not merely accept it as a system of doctrine We are not lost in a trackless twenty first century spiritual wasteland There is a Way that can lead us home to God We have companions on the journey and the Good Shepherd himself will guide us Finding the Way calls us to brave the steep upward journey with Jesus to rededicate ourselves boldly to the imitation of Christ Making Marriage Beautiful Dorothy Littell Greco, Christopher Greco, 2017-01-01 What makes a marriage beautiful Honesty Compatibility Physical and emotional intimacy All of these are important but there s one component that determines the quality and longevity of a marriage more than anything else a willingness to grow Because a wedding joins together two imperfect people all couples experience disappointment conflict and pain How husbands and wives respond to these challenges determines the kind of people they will become and the kind of marriage they will have Making Marriage Beautiful reveals how the pursuit of Christ results in profound transformation for both the individual and the marriage Rather than offering clich s and formulas Greco relies on candor humor and real life stories to bring encouragement and wisdom to all couples regardless of whether they have been married four weeks or forty years **Wholly Citizens** Joel Biermann, 2017-05-01 Wholly Citizens addresses the relation between the church and the world in light of the Reformation teaching of the two realms especially as presented by Luther Rather than exploring again the usual texts of Luther from the 1520 s this book begins with a careful reading of Luther s Commentary on Psalm 81 1531 and then considers subsequent interpreters of Luther both faithful and otherwise and the dubious legacy they have left the church The book argues that both the corporate church as well as individual believers are responsible for the world and that each must speak directly about and to the world in meaningful ways The final section of the book addresses the concrete situation facing believers in the early 21st century in light of faithful Reformation teaching about the two realms Following this path leads to conclusions not entirely expected including the forthright rejection of a wall of separation between church and state and also a rebuke of the familiar clamor for the preservation of the rights of Christians and the church Heedless of the status quo Wholly Citizens offers an engaging and bracing picture of Christian life in today s world a picture framed in theological truth Apologetics Beyond Reason James W. Sire, 2014-07-14 In this accessible and engaging work veteran apologist Jim Sire gives us eyes to see the signs all around us that point to the specific truth of God in Christ Sire focuses on the power of good literature even from those who deny the existence of God to enable us to perceive and testify to God s reality in ways that rational argument alone cannot Why the Bible Matters Mike Erre, 2010 Mike Erre the teaching pastor of a large culturally relevant church in Southern California offers intelligent answers to the questions emerging generations are asking about the Bible How can the Scriptures be relevant to the post Christian postmodern world Does objective truth even exist With so many viewpoints translations and theologies out there how can anyone today know what the Bible really means Many 20 and 30 somethings

are suspicious of the way the Bible has been used by some people in the Christian community But on the other hand they don't necessarily buy into modern revisionist criticisms either This unique guide provides the middle ground upholding the authority of the Bible in creative engaging and intellectually satisfying ways It addresses the specific biblical questions concerns and issues that are so important to the under 40 crowd Erre s contagious enthusiasm and deep respect for the Scriptures match his first rate scholarship Pauline Solidarity Daniel Oudshoorn,2020-04-30 Building on the themes established in the first two volumes of Paul and the Uprising of the Dead Pauline Solidarity explores a how the Pauline faction transforms relationships within the household unit in the new transnational family of God b how dominant cultural conceptions of honor are rejected in the embrace of shame in the company of the crucified c how vertical practices of patronage are replaced with a horizontal sibling based political economy of grace and d how the gospel of the Caesars is overcome by the lawlessness of the good news that is being assembled in an uprising of life among the left for dead Along the way many of the traditional themes associated with Paulinism grace justice love loyalty sin flesh death Jesus spirit life are reexamined and understood as core components of a movement that was spreading among vanquished colonized oppressed dispossessed and enslaved peoples who were finding new and treasonous ways of organizing themselves in order to be life giving and life affirming and in order to counter all the death dealing structures of Roman imperialism *Sing Us a Song of Joy* Philip W. Eaton,2018-02-05 Out on the barren margins of Babylonian exile the great Psalmist suggests their captors are actually asking for a song of joy Imagine that Is it possible to sing the Lord s song in a foreign land Christians today find themselves caught up in the massive sweep of secularizing culture Do we have a joyful song to sing anymore Do we know what our song has been throughout history Could we possibly sing as a mighty choir just perhaps igniting spiritual renewal for our world and for each one of us as well This book proposes the possibility of finding a new song for our time

Repentance and the Mission of the Church W. Ryan Vanderland,2023-05-03 What does it mean when we call men and women to repent What if repentance is more than just turning from individual sin What if repentance is more than merely a step in the process of conversion What if repentance is actually part of God s mission in the world In this book W Ryan Vanderland argues for this very understanding of repentance Building on the work of other scholars of repentance and engaging with Old Testament and New Testament texts this book shows how repentance is indeed part of God s mission in the world part of the mission of the church in the world and therefore part of the mission of God s people Finally this work takes this missional understanding of repentance and applies it to issues facing the contemporary church
