**Singing the Ethos of God** Brian Brock, 2007-04-02 Noting that academic biblical scholars and Christian ethicists have been methodologically estranged for some decades now Brian Brock seeks to reframe the whole Bible and ethics discussion in terms of this question What role does the Bible play in God's generation of a holy people and how do we participate in that regeneration Brock first examines various major contemporary thinkers on the Bible and Christian ethics including John Howard Yoder Brevard Childs John Webster and Dietrich Bonhoeffer He then undertakes major discussions of Augustine and Martin Luther unpacking their interpretation of the Psalms Finally Brock articulates the processes of renewal in God's people His close study of a few individual psalms shows how we enter the world of praise in which all human life is comprehended within God's work and is thus renewed Immersion in the exegetical tradition of the Christian faith Brock argues must be the heart and soul of theology and ethics

The Theology of Craft and the Craft of Work Jeremy Kidwell, 2016-06-03 An important reconceptualisation is taking place in the way people express creativity work together and engage in labour particularly suggests Kidwell a surprising resurgence in recent years of manual and craft work Noting the wide array of outlets that now market hand made goods and the array of popular books which advocate making as a basis for activism or personal improvement this book seeks to understand how the micro politics of craft work might offer insights for a broader theology of work Why does it matter that we do work which is meaningful excellent and beautiful Through a close reading of Christian scripture The Theology of Craft and the Craft of Work examines the theology and ethics of work in light of original biblical exegesis Kidwell presents a detailed exegetical study of temple construction accounts in the Hebrew bible and the New Testament Illuminating a theological account of craft and employing the ancient vision of good work which is preserved in these biblical texts Kidwell critically interrogates modern forms of industrial manufacture This includes a variety of contemporary work problems particularly the instrumentalisation and exploitation of the non human material world and the dehumanisation of workers Primary themes taken up in the book include agency aesthetics sociality skill and the material culture of work culminating with the conclusion that the church or new temple is both the product and the site of moral work Arguing that Christian worship provides a moral context for work this book also examines early Christian practices to suggest a theological reconceptualisation of work

Singing the Songs of the Lord in Foreign Lands Kenneth Mtata, Karl-Wilhelm Niebuhr, Miriam Rose, 2014-09-02 Martin Luther once said Many of the Fathers have loved and praised the Book of Psalms above all other books of the Bible No books of moral tales and no legends of saints which have been written or ever will be are to my mind as noble as the Book of Psalms Despite their richness the Psalms also raise some interpretive challenges How do we read such difficult passages as the one which advocates the violent destruction of one's enemies Are we to ignore these and embrace only those that edify us This collection of essays by renowned international scholars addresses such issues as the history and contemporary Lutheran and ecumenical interpretations of Psalms and

provides valuable interpretive insights for theologians biblical scholars pastors counselors and students With contributions by Lubomir Batka Andrea Bieler Brian Brock Hans Peter Gro hans Elelwani B Farisani Jutta Hausmann Anni Hentschel Frank Lothar Hossfeld Craig R Koester Madipoane Masenya Karl Wilhelm Niebuhr Urmias Nommik Roger Wanke and Vitor Westhelle

**Singing at the Winepress** Tyler Atkinson, 2015-04-23 Atkinson uses Qoheleth's work ethic to provide an analysis of Ecclesiastes utilising the writings of St Bonaventure and Martin Luther Reading Ecclesiastes within a penitential framework Bonaventure offers a version of the contemptus mundi tradition that is rooted in his metaphysics His commentary is ethically significant for the way he detects the vice of curiosity precipitating a perceptual rupture wherein vanity comes to signify sin and guilt Luther on the other hand interprets Solomon as a wise economic political administrator who preaches the good news of God's involvement in quotidian existence This understanding enables Luther to read Ecclesiastes eschatologically with labour being seen as a locus of divine activity One may thus read Solomon's refrain as an invitation to labour with the expectation of receiving God's gifts in the present Finally Atkinson suggests that Ecclesiastes enhances current conversations regarding the theology and ethics of work by working the doctrinal foci of protology and eschatology through Christology The presence of the Word then can be found now only in the preaching and sacraments of the church but also in the labour of the worker

**Sola Scriptura**, 2017-11-06 Sola Scriptura offers a multi disciplinary reflection on the theme of the priority and importance of Scripture in theology from historical biblical theological and systematic theological perspectives aiming at the interaction between exegesis and dogmatics Brian Brock and Kevin J Vanhoozer offer concluding reflections on the theme bringing the various contributions together

**Singing the Body of God** Steven Paul Hopkins, 2002-04-18 This is the first full length study of the devotional poetry and poetics of the fourteenth century poet philosopher Vedantadesika one of the most outstanding and influential figures in the Hindu tradition of Sri Vaishnavism the cult of Lord Vishnu Despite their intrinsic beauty and theological importance the poetry and philosophy of Vedantadesika have received very little scholarly attention But for the millions who belong to the Vaishnava tradition those poems are not just classical literature they are committed to memory recited sung and enacted in ritual both in India and throughout the Hindu diaspora Steven Hopkins here offers a comparative study of the Sanskrit Prakrit and Tamil poems composed by Vedantadesika in praise of important Vaishnava shrines and their icons poems that are considered to be the apogee of South Indian devotional literature

**The Beauty of Preaching** Michael Pasquarello, 2020-08-27 What does beauty have to do with healing the fragmentation within our churches According to Michael Pasquarello everything Amid the cacophony of ugly political invective that dominates nearly every space today including church only God has the power to unify and heal through his truth and goodness revealed in his beauty And every Sunday those in the pulpit have the opportunity and responsibility to share this beauty with their parishioners Tapping into a long tradition that can be traced back to Augustine Michael Pasquarello explores a theological definition of beauty that has tremendous revelatory power in a post Christendom

world A church manifesting this beauty is not merely a gathering of people but a place where God's new creation appears in the midst of the old creation ushered in by a pastor willing to make God the primary actor within the doxological craft of preaching *Captive to Christ, Open to the World* Brian Brock, 2015-02-26 In this wide ranging and engaging collection of interviews Brian Brock discusses how Christian faith makes a difference for life in the modern world Beginning with a discussion of teaching Christian ethics in the contemporary academy Brock takes up environmental questions political and medical ethics the modern city and Christian responsibility to it energy use the information age agriculture political consensus and coercion and many other issues The reader is thus offered a broad and incisive discussion of many contemporary topics in a brief illuminating but never superficial manner The book's unusual conversational style allows strikingly clear creative and concrete theological connections to emerge in the spaces between moral questions rarely thought of as linked As the title suggests the running theme of the interviews is being bound to Christ and placed into the contemporary world Brock's theological readings of contemporary cultural trends are vigorous unapologetic and insightful and they offer delightful surprises as well as fertile new ways through the sterile impasses of many issues currently being debated in the public square This book provides an excellent starting point for those interested in fresh theological insights into contemporary ethical questions and an accessible introduction to Brock's previous works **Old Testament Theology**

John Goldingay, 2009-10-26 In this third volume of his critically acclaimed Old Testament Theology John Goldingay explores the Old Testament vision of Israel's life before God The first volume focused on the story of God's dealings with Israel or Israel's gospel The second volume investigated the beliefs of Israel or Israel's faith Now the spotlight falls on the Old Testament's perspective on the life that Israel should live in its present and future including its worship prayer and spirituality as well as its practices attitudes and ethics before God Goldingay sees three spheres of life giving order to Israel's vision its life in relation to God its life in community and the life of the individual as a self Within these frameworks he unfurls a tapestry that is as broad and colorful as all of life and yet detailed in its intricate attention to the text With this final volume John Goldingay has given us the third pillar of an Old Testament theology that is monumental in scope and yet invites us to enter through multiple doors to explore its riches Students will profit from a semester in its courts and ministers of the Word will find their preaching and teaching deeply enriched by wandering its halls and meditating in its chambers

**Dogmatic Ecclesiology : Volume 1** Tom Greggs, 2019-11-05 Ecclesiology is a key issue for the present age of church history This groundbreaking work by one of today's leading theologians offers a major Protestant ecclesiology for the church catholic This volume the first of three considers the priesthood of the church in light of the priesthood of Christ Tom Greggs shows the connection between Christ's work as high priest and the universal church's role in salvation All together the three volumes will offer a major statement on the doctrine of the church for Christians from a variety of backgrounds

*Reforming a Theology of Gender* Daniel R. Patterson, 2022-08-11 Judith Butler and conservative Christian theology are

often perceived to be antithetical on questions of gender In *Reforming a Theology of Gender* they are shown to be strange bedfellows By engaging in dialogue with Butler on her terms desire violence and life this book absorbs the heart of Butler's critique revealing a righteous law and a seductive image in conservative theologies of gender The law of Adam and Eve manifests in the unjust administration of guilt grief and death By confronting this law which in fact condemns all in their bodies further reflection on Butler's thought leads to thinking about where one finds life in one's body of death The seductive image of Adam and Eve is revealed to be a false hope and a site that induces slave morality or body works based righteousness Butler's voice is strangely prophetic because it calls the church to offer hope and life by reorienting its gaze from the beautiful yet lifeless bodies of Adam and Eve to the bloodied and scarred risen body of Jesus Christ Gender in the end is shown to be a vocation of becoming what one is not

*The Malady of the Christian Body* Brian Brock, Bernd Wannenwetsch, 2016-11-08 The ailments of the contemporary church are remarkably similar to those suffered by the fractious Corinthian church in the first century This is the challenge presented in *The Malady of the Christian Body* a two volume commentary by Brian Brock and Bernd Wannenwetsch The manner in which Paul engages questions of factionalism sexuality legal conflict idolatry dress codes and eating habits reveals that neither the malady he diagnoses nor the therapy he offers track the dominant accounts currently on offer of the malaise suffered by today's church This volume depicts the Apostle as carefully examining the organic whole that is the body of Christ in order to detect obstacles to the healthy flow of powers that sustain its life The therapy that is then offered comes by way of a redirection of the Corinthian believers attention to the ways in which they can embrace God's active working among them to heal their broken unity This book breaks new ground in crossing and reconfiguring the traditional disciplinary boundaries between biblical studies systematic theology and theological ethics

*Luther and the Stories of God* Robert Kolb, 2012-03 A leading Lutheran scholar highlights Luther's use of biblical narrative in his preaching and teaching on Christian living

***Liturgy and Ethics***, 2017-11-06 The connection between Christian ethics and liturgy has been on the research agenda for some decades now *Liturgy and Ethics* addresses this issue departing from the particularity of the Reformed tradition and its potential for contributing to the discussion The volume offers in depth studies of how to understand God's acting in worship the centrality of justice and the formative meaning of the liturgy and relates these reflections to various moral issues and contemporary liturgical practices In combining a specific theological approach with a broad disciplinary treatment of the topics this volume aims to push forward the scholarly discussion on liturgy and ethics in significant ways

***Transfigured not Conformed*** Hans G. Ulrich, 2021-12-16 The moral theology of Hans G Ulrich is presented here in English for the first time These collected essays represent the culmination of a lifetime of reflection on Christian living from this German theologian in conversation with Luther Bonhoeffer and contemporary philosophers and theologians Ulrich's ethics affirm the lively presence of the living work of God in orienting the daily life of Christians This presence enables members of the Church to live as creatures

Fearon, 2013-03-01 38 carefully chosen songs to enrich collective worship in primary schools [Joining Creation's Praise](#)

Brian Brock, 2025-08-19 In the beginning God created Thus begins the Bible's story of a long conversation between God and creatures one in which humans are often the least edifying contributors They need to learn what it means to confess themselves creatures if they are to begin to understand what it means to be human and how to live Joining Creation's Praise a major statement by a leading Christian ethicist shows how confessing that we are creatures deeply reshapes every aspect of Christian thinking and living Human beings are made to embody Christ's image in the world not as dominators but as conduits of divine life In this comprehensive yet clear volume of theological ethics Brian Brock follows the first few chapters of Genesis in order to discover the things that the sages of Israel took to be crucial for the ethical life of human beings among other creatures in God's world Informed by theological rigor and careful exegesis the many ethical reflections in this volume allow an ancient wisdom to shed fresh light on very postmodern ethical questions about conversion life with God knowledge and wisdom dominion Sabbath vocation economics human dignity our relationship with the rest of creation sexuality marriage family sin death and politics **The Psalms (4 Volume Set)** Christopher Ash, 2024-07-09 Stand Alone

Prior,2020-03-16 We are living through a digital revolution which already touches every area of life and will continue to shape the future in as yet unforeseen ways Digital technologies are an ordinary part of daily life and yet they also present an unprecedented challenge to Christians to articulate a biblical theological framework to navigate times of rapid change The work of the French theologian Jacques Ellul is a theological time bomb primed for times like these Accounts of Ellul s career often divide off his sociology and theology but this book argues that Ellul conceived a single project of bringing technology into confrontation with the Word of God tackling the phenomenon he named technique the pursuit of maximal power and efficiency implicit in the technological enterprise with a profound depth of biblical and ethical insight Centering himself on the apocalypse or revelation of Jesus Christ in history Ellul offers a monumental timely though far from flawless contribution to contemporary ethical debates about the uses and abuses of technologies His work blazes a trail that Christians and all concerned for the future would do well to follow as we avoid both the naivety of technological neutrality and the dread of technological determinism      *Scripture, Tradition, and Reason in Christian Ethics* Bharat Ranganathan,Derek Alan Woodard-Lehman,2019-09-24 How should we understand the relationship between Christian ethics and religious ethics Among comparative ethnographic and normative methodologies Between confessional and non confessional orientations or between theology and philosophy This volume brings together emerging religious ethicists to engage the normative dimensions of Christian ethics Focusing on scripture tradition and reason the contributors to this volume argue for a vision of Christian ethics as religious ethics Toward this end they engage with scripture interpretation and religious practice examine the putative divide between reason and tradition autonomy and heteronomy and offer proposals about the normative characterization of conceptual and practical issues in contemporary religious ethics Collectively the volume engages Christian thought to make an argument for the continuing relevance of normative methodologies in contemporary religious and theological ethics
