Dyslexia and Effective Learning in Secondary and Tertiary Education Morag Hunter-Carsch, Margaret Herrington, 2001-10-22 Recent policy initiatives illuminate the need for greater teacher awareness about dyslexia in secondary and tertiary education Yet the debates about dyslexia are often narrowly based and can exclude some teachers This book attempts to open up the debate by bringing together different ways of talking and thinking about dyslexia Fundamental questions about how to respond to dyslexia in teaching and support contexts are addressed and the significance of exploratory conversations between learners and tutors is recognised The need to restructure the structured approach and to consider meta affectivity as well as metacognition is explored Practitioners in both secondary and tertiary sectors can gain ready access to contributions from internationally respected writers and teachers in the field Alan Hurst's preface refers to this important book as paving the way to a more truly inclusive attitude and approach to education in and beyond compulsory schooling

Assessing Children with Specific Learning

Difficulties Gavin Reid, Gad Elbeheri, John Everatt, 2015-07-16 This comprehensive book provides all the information that practitioners need to know about assessment in relation to their pupils with Specific Learning Difficulties. The why, how and what of assessment is addressed whilst the link between assessment and intervention is also a key focus. Looking at the full range of Specific Learning Difficulties, this book provides practical guidance on implementing strategies that are tried and tested for use in any classroom whilst also acknowledging that assessment is a process involving other professionals and parents. Addressing issues and topics common in inclusive classrooms around the world, key topics covered include Specific Learning Difficulties in context, Teacher Assessment in literacy, numeracy and movement, Motor development and coordination, Attention factors in learning, The key issues on learning differences, Self-esteem and emotional literacy, How to enhance skills and the self-sufficiency of teachers, Assessing Children with Specific Learning Difficulties. This will be an invaluable guide for classroom teachers, learning support departments, psychologists and other professionals. *The Teacher's Guide to Understanding and Supporting Children with Literacy Difficulties In The Classroom* Valerie Muter, 2024-09-19 Why do some children experience literacy difficulties? How can I identify a child with reading and writing challenges? What is the best way to support them in a classroom context? 1 in 8 children will experience some kind of reading difficulty and while you as a class teacher are not expected to formally assess children or deliver specialist interventions, a good understanding of literacy challenges is crucial for providing optimum educational support. This guide demystifies and disentangles different types of literacy difficulty and explains how they can impact the child's day-to-day classroom functioning and general school life. Chapters include how to identify children that are struggling, how to work with SpLD teachers and parents so they can be maximally supported, the co-occurrence of literacy difficulties with other learning difficulties such as with maths and attention problems, alongside practical tips to support each child's learning. Strongly grounded in up-to-date theory and research, this is a perfect companion for classroom teachers of all age levels.
