online serial Daron's Guitar Chronicles The relationship between Daron and the reader is something I've never experienced before and I don't believe could have been achieved in the third person limited or omniscient as brilliantly as it's been done here Daron's narrative is intimate personal and it's of all the oddest things interactive Or maybe it's reactive Whatever one wishes to call it there are times during the reading of this and the previous books that I wanted to hug him shake him by the shoulders give him an earful and then go right back to hugging him through his pain and torment Sometimes it's hard to remember Daron's a fictional character
