From the Foreword by Shirley Hord, Scholar Emerita, Southwest Educational Development Laboratory. Planning is an important thing. What Whole Faculty Study Groups has done for us is to ensure that we never forget that implementation is the only thing. Jack Ernst, Superintendent, Springfield Public Schools, Springfield, MO. One of the most successful and exciting approaches to staff development, school reform, and systemic change in education today. Used by hundreds of schools and school districts across the country, the Whole Faculty Study Group (WFSG) System is a student-driven, holistic process for facilitating major staff development and schoolwide change. While providing a step-by-step methodology for the development and implementation of successful WFSGs, this newest edition of Murphy and Lick's groundbreaking bestseller incorporates the most current theoretical concepts on change, the latest refinements to change management procedures, and a wealth of new experiences from more than two thousand individual study groups. Other significant revisions to this edition include: Three additional chapters on the research foundation for WFSGs; how to recognize and understand school culture; and fourteen key findings. A reorganization of chapters to make the book even more reader-friendly. New material on timely topics such as learning communities and learning teams.
