Davis,1967 **The Child in the Electric Chair** Eli Faber,2021-06-25 An unsettling yet important historical excavation and true crime narrative Kirkus Reviews starred review The tragic story of the killing of 14 year old George Junius Stinney Jr the youngest person executed in the United States during the twentieth century At 7 30 a m on June 16 1944 George Junius Stinney Jr was escorted by four guards to the death chamber Wearing socks but no shoes the 14 year old Black boy walked with his Bible tucked under his arm The guards strapped his slight five foot one inch frame into the electric chair His small size made it difficult to affix the electrode to his right leg and the face mask which was clearly too large fell to the floor when the executioner flipped the switch That day George Stinney became and today remains the youngest person executed in the United States during the twentieth century How was it possible even in Jim Crow South Carolina for a child to be convicted sentenced to death and executed based on circumstantial evidence in a trial that lasted only a few hours Through extensive archival research and interviews with Stinney s contemporaries men and women alive

today who still carry distinctive memories of the events that rocked the small town of Alcolu and the entire state Eli Faber pieces together the chain of events that led to this tragic injustice The first book to fully explore the events leading to Stinney's death *The Child in the Electric Chair* offers a compelling narrative with a meticulously researched analysis of the world in which Stinney lived the era of lynching segregation and racist assumptions about Black Americans Faber explains how a systemically racist system paired with the personal ambitions of powerful individuals turned a blind eye to human decency and one of the basic tenets of the American legal system that individuals are innocent until proven guilty As society continues to grapple with the legacies of racial injustice the story of George Stinney remains one that can teach us lessons about our collective past and present By ably placing the Stinney case into a larger context Faber reveals how this case is not just a travesty of justice locked in the era of the Jim Crow South but rather one that continues to resonate in our own time A foreword is provided by Carol Berkin Presidential Professor of History Emerita at Baruch College at the City University of New York and author of several books including *Civil War Wives The Lives and Times of Angelina Grimke Weld Varina Howell Davis and Julia Dent Grant* *Panama Social Security and Labor Protection System, Policies, Laws and Regulations Handbook - Strategic Information and Regulations* IBP, Inc.,2017-11-24 *Panama Social Security System Policies Laws and Regulations Handbook Strategic Information and Basic Laws* Teachers' Monographs ,1915
