Skilled Labor Mobility and Migration Elisabetta Gentile, 2019 One of the primary objectives of the ASEAN Economic Community AEC established in 2015 was to boost skilled labor mobility within the region This insightful book takes stock of the existing trends and patterns of skilled labor migration in the ASEAN It endeavors to identify the likely winners and losers from the free movement of natural persons within the region through counterfactual policy simulations Finally it discusses existing issues and obstacles through case studies as well as other sectoral examples **The Report: Qatar 2015** Oxford Business Group, 2015-04-22 Qatar's sizable oil and natural gas reserves have underpinned its rapid economic growth over the past two decades Home to the world's largest non associated gas field the country is the world's fourth largest producer of dry natural gas and the largest producer of liquefied natural gas with hydrocarbons revenues forming the bulk of national income as a result Although the drop in global energy prices has impacted export revenues rigorous economic diversification drives in recent years have paid dividends and in 2015 non hydrocarbons growth reached 7.7% compared to a 0.1% contraction for hydrocarbons growth during the same period The country's financial sector has continued to evolve Islamic banking in particular has witnessed significant progress Meanwhile as the country gears up to host several important sporting events in the coming years most notably the 2022 FIFA World Cup numerous big ticket infrastructure builds continue to expand the construction sector **PISA 2015 Results (Volume II) Policies and Practices for Successful Schools** OECD, 2016-12-06 The OECD Programme for International Student Assessment PISA examines not just what students know in science reading and mathematics but what they can do with what they know Results from PISA show educators and policy makers the quality and equity of learning outcomes achieved elsewhere □□□□18□ □□□□□□□□, 2016-06-01 *The Report: Thailand 2012*, 2011 **Tax Guide 2015** Alan Moore, A handy quick reference guide to the Irish tax system Covering income tax PRSI USC corporation tax capital gains tax VAT capital acquisitions tax stamp duties Finance Act 2014 summary Revenue offices **Thailand** International Monetary Fund. Asia and Pacific Dept, 2015-05-07 This 2015 Article IV Consultation highlights that after a sharp contraction in the first quarter of 2014 Thailand's economy experienced a modest recovery in subsequent quarters to expand by 0.7 percent in the year as a whole Inflation decelerated toward the end of 2014 and became negative in January 2015 owing to a sharp decline in oil prices The recovery is expected to continue in 2015 with growth projected at 3.7 percent on account of some rebound in consumption including from lower fuel prices and in private investment as backlogs of project approvals have been largely cleared by various government agencies **Transitions from Education to Work** Roslyn Cameron, Subas Dhakal, John Burgess, 2017-11-22 Labour markets are becoming more dynamic in response to pressures from globalisation new technologies and trade agreements as well as cross border migration inter generation differences changing education imperatives and employer expectations By focusing on several Asia Pacific countries this book explores the differences in their workforces ageing or abundant in labour

OECD Reviews of Vocational Education and Training Vocational Education and Training in Thailand OECD,2021-07-23 One of a series of studies on vocational education and training this review assesses vocational education and training VET in Thailand and provides policy recommendations VET has the potential to provide relevant education and training opportunities to young people and adults in Thailand especially as the demand for technical skills is high This can be achieved by building on the strengths of the system including a strong postsecondary vocational system and a small but dynamic dual system However it remains an unattractive option for many students in Thailand because of a poor image among students and parents quality issues a hard to navigate system and limited progression pathways Additional efforts are therefore needed to align the mix of provision with the needs of the Thai labour market This review provides recommendations on how to improve access to programmes reduce inequalities in access to high quality institutions and programmes make better use of skills intelligence to inform education and training policies and engage employers in the design and delivery of vocational education and training including work based learning

Regrettably, worldwide teacher shortages have been endangering the future of education. New data collected for the Global Report on Teachers indicates that 44 million additional teachers are needed to achieve universal primary and secondary education by 2030. Shortages are widespread, with sub-Saharan Africa needing 15 million more teachers, while higher income countries face retention challenges resulting in teachers massively leaving the profession. Echoing calls from the International Commission on the Futures of Education and the 2022 Transforming Education Summit, this report advocates for dignifying, diversifying, and valorizing the teaching profession. It emphasizes the importance of improved working conditions, enhanced professional development, and increased teacher involvement in decision making to bridge the gap. This report is a tool to mobilize international and country efforts to empower, recruit, train, and support teachers within resilient education systems for a collaborative, innovative, and cohesive teaching profession. It is a roadmap aiming to elevate the status of the teaching profession and ensure quality education for all learners, urging immediate action.
