Clothes Make the Pirate Holman Day,1925 **Pirates and Mutineers of the Nineteenth Century** Grace Moore,2016-12-05 The first volume devoted to literary pirates in the nineteenth century this collection examines changes in the representation of the pirate from the beginning of the nineteenth century through the late Victorian period Gone were the dangerous ruffians of the eighteenth century novel and in their place emerged a set of

brooding and lovable rogues as exemplified by Byron's *Corsair*. As the contributors engage with acts of piracy by men and women in the literary marketplace as well as on the high seas they show that both forms were foundational in the promotion and execution of Britain's imperial ambitions. Linking the pirate's development as a literary figure with the history of piracy and the making of the modern state tells us much about race, class and evolving gender relationships. While individual chapters examine key texts like *Treasure Island*, Dickens's 1857 mutiny story in *Household Words* and *Peter Pan*, the collection as a whole interrogates the growth of pirate myths and folklore throughout the nineteenth century and the depiction of their nautical heirs in contemporary literature and culture.

The Pirate's Revenge Sarita Leone, 2016-06-03

Still grieving the loss of her father, Mary Sweet finds solace strolling the seashore at Quinn Beach. There she meets a handsome stranger who seems to share her sadness. He is utterly alone in the world and praying to assuage his grief with this change of scenery. *Revenge* is a strong motivator, especially for a man who's been mistreated his whole life. The promise of pirate's gold colors Henry Titchell's view yet not so much that he can't see the beauty in Miss Mary Sweet. But while Henry is a stranger to Lobster Cove, he has not stumbled upon the place as he would have Mary believe. Instead, he seeks retribution rather than rest. When Mary realizes the newcomer is not who he seems, will her heart be willing to forgive his sins?

Transnational connections in early modern theatre M. A. Katritzky, Pavel Drábek, 2019-11-25

This volume explores the transnationality and interculturality of early modern performance in multiple languages, cultures, countries and genres. Its twelve essays compose a complex image of theatre connections as a socially, economically, politically and culturally rich tissue of networks and influences. With particular attention to itinerant performers, court festival and the Black Muslim and Jewish impact, they combine disciplines and methods to place Shakespeare and his contemporaries in the wider context of performance culture in English, Spanish, French, Dutch, German, Czech and Italian speaking Europe. The authors examine transnational connections by offering multidisciplinary perspectives on the theatrical significance of concrete historical facts, archaeological findings, archival records, visual artefacts and textual evidence.
