'Die Groot 5'

Eendag in die sonnige savanne, was daar vyf spesiale vriende, die Afrika Groot Vyf. Leeu, die dapper koning, het 'n brul so sterk soos die wind.

Olifant, die grootste, het met sy lang slurp water gespuit. Renoster, met sy stewige horing, het rustig in die modder gerol. Buffel, met sy groot horings, het lekker in die gras gewei. En luiperd, die vinnige jagter, het saggies deur die bosse beweeg. Hulle het almal saam gespeel en die klein diertjies van die savanne beskerm. En so het hulle die beste vriende in die hele wildtuin geword.

Claiming the City in South African Literature Meg Samuelson, 2021-08-23 This book demonstrates the insights that literature brings to transdisciplinary urban studies and particularly to the study of cities of the South Starting from the claim staked by mining capital in the late nineteenth century and its production of extractive and segregated cities it surveys over a century of writing in search of counterclaims through which the literature reimagines the city as a place of assembly and attachment Focusing on how the South African city has been designed to funnel gold into the global economy and to service an enclaved minority the study looks to the literary city to advance a contrary emphasis on community conviviality and care An accessible and informative introduction to literature of the South African city at significant historical junctures this book will also be of great interest to scholars and students in urban studies and Global

are the struggle years This has seen some sent into exile but few ever forget their South Africanness for the pull of nostalgia is an ever present force Some question the value of what they did during those years others see it in a rather ambivalent light while others want to forget want to move on want to be relieved of the baggage of their past For many of them sex becomes the means of escape from the shackles of memory This is not just another encomium to the struggle years instead what makes this book stand out is the author's unusual and illuminating take on that period of our history It is not viewed then in a way we've become accustomed to but from a different perspective Additionally each story is decidedly relevant and most importantly all make for easy and engrossing reading
