Carol Faulkner

The American Republic Since 1877 Chapter 27:

American Republic Since 1877, Teaching Strategies for American History Classroom, Including Block Scheduling McGraw-Hill Staff,2002-08 **The Times of Round Top** Cynthia A. Thornton,2013-10 Throughout the times of the land we call Round Top one thought has constantly prevailed This is a land of opportunity The land was formed over the centuries into flat land and hills by rivers beyond and by creeks and springs while waiting for animals and mankind to arrive This land is located in the northeastern margin of today s Fayette County and lies on a high hill that looks down toward the south into the bottom lands of a crossing The struggle on this small piece of land began with the movement of animals that needed a convenient place for water that was crossable during the seasons This perfect crossing flows through the south eastern side of the present town of Round Top located between two high hills This crossing was the home of native American Indians American settlers and German immigrants **Was the American Revolution a Mistake?** Burton Weltman,2013-08-27 Why was George Washington dismayed by the outcome of the American Revolution Would slavery still exist if the South had not seceded from the Union in 1861 Might socialists rule America today if Teddy Roosevelt had not run for President and lost in 1912 History is full of contingencies People confront problems and debate options for solving them Then they make a choice and face the consequences of their choice Often they wonder if a different choice might have been better Was the American Revolution a mistake Was racial segregation inevitable Was the Cold War necessary Americans have repeatedly asked these sorts of questions as they examined the consequences of their choices This is a book about revisiting crucial choices people made in history and examining the consequences of those choices for them and for us It demonstrates a method of teaching history that recreates events as people experienced them and asks important questions that troubled them but that rarely appear in conventional textbooks Unlike conventional methods that often reduce history to names dates and factoids for students to memorize it is a method that brings past debates to life the losers as well as the winners points of view and makes the subject exciting In studying history as choice students examine the problems people faced their options for solving them their decision making processes and the choices they made Then students evaluate the consequences of those choices both for people in the past and us today They explore what might have happened if different choices had been made Finally students relate the consequences of those past choices to problems we face today and the choices we need to make History as choice is a practical and practicable method It has been designed to satisfy the curriculum goals of the National Council for the Social Studies and the book explains how it can be used to satisfy any state or local curriculum standards The book also identifies and illustrates resources that can be used with this method from data bases to popular music and explains how teachers can gradually integrate it into their courses In the first part of the book the method of history as choice is explained using the question of whether the American Revolution was a mistake as a case in point The second part of the book explores thirteen other questions about significant issues and events in American history

as additional examples of how one might teach history as choice [Building the American Republic](#) Harry L. Watson, 2018
 Tells the story of United States beginning with the earliest Americans and the arrival of strangers on the eastern shore then moving through colonial society to the fight for independence and the construction of a federal republic From there it explains the renegotiations and refinements that took place as a new nation found its footing and it traces the actions that eventually rippled into the Civil War This volume goes beyond famous names and battles to incorporate politics economics science arts and culture And it shows that issues that resonate today immigration race labor gender roles and the power of technology have been part of the American fabric since the very beginning Adapted from publisher description *The American Promise, Volume I: To 1877* James L. Roark, Michael P. Johnson, Patricia Cline Cohen, Sarah Stage, Susan M. Hartmann, 2012-01-09 The American Promise is more teachable and memorable than any other U S survey text The balanced narrative braids together political and social history so that students can discern overarching trends as well as individual stories The voices of hundreds of Americans from Presidents to pipe fitters and sharecroppers to suffragettes animate the past and make concepts memorable The past comes alive for students through dynamic special features and a stunning and distinctive visual program Over 775 contemporaneous illustrations more than any competing text draw students into the text and more than 180 full color maps increase students geographic literacy A rich array of special features complements the narrative offering more points of departure for assignments and discussion Longstanding favorites include Documenting the American Promise Historical Questions The Promise of Technology and Beyond American Borders representing a key part of our effort to increase attention paid to the global context of American history **Building the American Republic, Volume 2** Harry L. Watson, Jane Dailey, 2018-01-18 Building the American Republic tells the story of United States with remarkable grace and skill its fast moving narrative making the nation's struggles and accomplishments new and compelling Weaving together stories of a broad range of Americans Volume 1 starts at sea and ends on the field Beginning with the earliest Americans and the arrival of strangers on the eastern shore it then moves through colonial society to the fight for independence and the construction of a federal republic Vol 2 opens as America struggles to regain its footing reeling from a presidential assassination and facing massive economic growth rapid demographic change and combative politics

Building the American Republic, Volume 2 Jane Dailey, 2018-01-04 Building the American Republic combines centuries of perspectives and voices into a fluid narrative of the United States Throughout their respective volumes Harry L. Watson and Jane Dailey take care to integrate varied scholarly perspectives and work to engage a diverse readership by addressing what we all share membership in a democratic republic with joint claims on its self governing tradition It will be one of the first peer reviewed American history textbooks to be offered completely free in digital form Visit buildingtheamericanrepublic.org for more information The American nation came apart in a violent civil war less than a century after ratification of the Constitution When it was reborn five years later both the republic and its Constitution were

transformed Volume 2 opens as America struggles to regain its footing reeling from a presidential assassination and facing massive economic growth rapid demographic change and combusive politics The next century and a half saw the United States enter and then dominate the world stage even as the country struggled to live up to its own principles of liberty justice and equality Volume 2 of Building the American Republic takes the reader from the Gilded Age to the present as the nation becomes an imperial power rethinks the Constitution witnesses the rise of powerful new technologies and navigates an always shifting cultural landscape shaped by an increasingly diverse population Ending with the 2016 election this volume provides a needed reminder that the future of the American republic depends on a citizenry that understands and can learn from its history

Slavery in the American Republic David F. Ericson, 2011-10-27 Many scholars believe that the existence of slavery stymied the development of the American state because slaveholding Southern politicians were so at odds with a federal government they feared would abolish their peculiar institution David Ericson argues to the contrary showing that over a seventy year period slavery actually contributed significantly to the development of the American state even as a house divided Drawing on deep archival research that tracks federal expenditures on slavery related items Ericson reveals how the policies practices and institutions of the early national government functioned to protect slavery and thereby contributed to its own development Here are surprising descriptions of how the federal government increased its state capacities as it implemented slavery friendly policies such as creating more stable slave markets by removing Native Americans deterring slave revolts recovering fugitive slaves enacting a ban on slave imports and not enacting a ban on the interstate slave trade It also bolstered its own law enforcement power by reinforcing navy squadrons to interdict illegal slave trading hiring deputy marshals to capture fugitive slaves and slave rescuers and deploying soldiers to remove Native Americans and deter slave rescues and revolts Going beyond Don Fehrenbacher's The Slaveholding Republic Ericson shows how the presence of slavery indirectly influenced the development of the American state in highly significant ways Enforcement of the 1808 slave import ban involved the federal government in border control for the first time and participation in founding a colony in Liberia established an early model of public private partnerships The presence of slavery also spurred the development of the U S Army through its many slavery related deployments particularly during the Second Seminole War and the federal government's own slave rentals influenced its labor management practices Ericson's study unearths a long neglected history connecting slavery influenced policy areas more explicitly to early American state development and more fully accounting for the money and manpower the federal government devoted to those areas Rich in historical detail it marks a significant contribution to our understanding of state development and the impact of slavery on early American politics

A Concise History of the American Republic Samuel Eliot Morison, Henry Steele Commager, William Edward Leuchtenburg, 1977

Unfaithful Carol Faulkner, 2019-09-20 In her 1855 fictionalized autobiography Mary Gove Nichols told the story of her emancipation from her first unhappy marriage during which her

husband controlled her body her labor and her daughter Rather than the more familiar metaphor of prostitution Nichols used adultery to define loveless marriages as a betrayal of the self a consequence far more serious than the violation of a legal contract Nichols was not alone In Unfaithful Carol Faulkner places this view of adultery at the center of nineteenth century efforts to redefine marriage as a voluntary relationship in which love alone determined fidelity After the Revolution Americans understood adultery as a sin against God and a crime against the people A betrayal of marriage vows adultery was a cause for divorce in most states as well as a basis for civil suits Faulkner depicts an array of nineteenth century social reformers who challenged the restrictive legal institution of marriage redefining adultery as a matter of individual choice and love She traces the beginning of this redefinition of adultery to the evangelical ferment of the 1830s and 1840s when perfectionists like John Humphrey Noyes founder of the Oneida Community concluded that marriage obstructed the individual s relationship to God In the 1840s and 1850s spiritualist feminist and free love critics of marriage fueled a growing debate over adultery and marriage by emphasizing true love and consent After the Civil War activists turned the act of adultery into a form of civil disobedience culminating in Victoria Woodhull s publicly charging the Reverend Henry Ward Beecher with marital infidelity Unfaithful explores how nineteenth century reformers mobilized both the metaphor and the act of adultery to redefine marriage between 1830 and 1880 and the ways in which their criticisms of the legal institution contributed to a larger transformation of marital and gender relations that continues to this day **The Mexican Nation** Herbert Ingram Priestley,1923 **Reader's Guide to Periodical Literature Supplement** ,1927 United States Code

United States,1959 **Second Catalogue of the Library of the Peabody Institute of the City of Baltimore, Including the Additions Made Since 1882** Johns Hopkins University. Peabody Institute. Library,George Peabody Library,1905

Second Catalogue of the Library of the Peabody Institute of the City of Baltimore, Including the Additions Made Since 1882 George Peabody Library,1905 Freedom's Gardener Myra B. Young Armstead,2013-06-22 Unearths an unexpected bloom of liberty in an ex slave s journal **Making the "America of Art"** Naomi Z. Sofer,2005 Making the America of Art demonstrates that beginning in the 1850s women writers challenged the terms of the Scottish Common Sense philosophy which had made artistic endeavors acceptable in the new Republic by subordinating aesthetic motivation to moral and educational goals Harriet Beecher Stowe and Augusta Jane Evans drew on Ruskin to argue for the creation of a religiously based national aesthetic In the postbellum years Louisa May Alcott Rebecca Harding Davis Elizabeth Stuart Phelps and Constance Fenimore Woolson continued the process in a series of writings that revolved around three central areas of concern the place of the popular in the realm of high art the role of the genius and the legacy of the Civil War Sofer significantly revises the history of 19th century American women s authorship by detailing the gradual process that produced women writers wholly identified with literary high culture at the century s end **BOOK JACKET** Title Summary field provided by Blackwell North America Inc All Rights Reserved *The Rise and Fall of the White Republic* Alexander Saxton,2003

Saxton asks why white racism remained an ideological force in America long after the need to justify slavery and Western conquest had disappeared **The Transformation of the American Democratic Republic** Stephen M.

Krason,2017-09-08 In this stimulating volume Stephen M Krason considers whether the Founding Fathers vision of the American democratic republic has been transformed and if so in what ways He looks to the basic principles of the Founding Fathers then discusses the changes that resulted from evolving contemporary expectations about government Referencing philosophical principles and the work of great Western thinkers Krason then explores a variety of proposals that could forge a foundation for restoration Acknowledging that any attempt to revive the Founders views on a democratic republic must start in the public sphere Krason focuses on concerned citizens who are aware of the extent to which our current political structures deviate from the Founders vision and want to take action Ultimately a democratic republic can exist be sustained and flourish only when there is a deep commitment to it in the minds and norms of its people Written by a foremost authority in the field of US Constitutional law this book will appeal to those interested in American history society and politics *Our American Republic* David Saville Muzzey,1963

The American Republic Since 1877 Chapter 27 Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the ability of words has become more evident than ever. They have the capability to inspire, provoke, and ignite change.
