National Health Data Dictionary 2012 version 16 ,2012 Handbook of Social Justice in Loss and Grief Darcy L. Harris,Tashel C. Bordere,2016-02-05 The Handbook of Social Justice in Loss and Grief is a scholarly work of social criticism richly grounded in personal experience evocative case studies and current multicultural and sociocultural theories and research It is also consistently practical and reflective challenging readers to think through responses to ethically complex scenarios in which social justice is undermined by radically uneven opportunity structures hierarchies of voice and privilege personal and professional power and unconscious assumptions at the very junctures when people are most vulnerable at points of serious illness confrontation with end of life decision making and in the throes of grief and bereavement Harris and Bordere give the reader an active and engaged take on the field enticing readers to interrogate their own assumptions and practices while increasing chapter after chapter their cultural literacy regarding important groups and contexts The Handbook of Social Justice in Loss and Grief deeply and uniquely addresses a hot topic in the helping professions and social sciences and does so with uncommon readability

Children of the 21st century Dex, Shirley,Joshi, Heather,2005-10-12 This book documents the early lives of almost 19 000 children born in the UK at the start of the 21st century and their families It is the first time that analysis of data from the hugely important Millennium Cohort Study a longitudinal study

following the progress of the children and their families has been drawn together in a single volume The unrivalled data is examined here to address important policy and scientific issues The book is also the first in a series of publications that will report on the children's lives at different stages of their development The fascinating range of findings presented here is strengthened by comparison with data on earlier generations This has enabled the authors to assess the impact of a wide range of policies on the life courses of a new generation including policies on child health parenting childcare and social exclusion Babies of the new millennium title tbc is the product of an exciting collaboration from experts across a wide range of health and social science fields The result is a unique and authoritative analysis of family life and early childhood in the UK that cuts across old disciplinary boundaries It is essential reading for academics students and researchers in the health and social sciences It will also be a useful resource for policy makers and practitioners who are interested in childhood child development child poverty child health childcare and family policy

Couples' Transitions to Parenthood Charlotte Faircloth, 2021-07-10 This book argues that new parents are caught in an uncomfortable crossfire between two competing discourses those around ideal relationships and those around ideal parenting The author suggests that parents are pressured to be equal partners while also being asked to parent their children intensively in ways markedly more demanding of mothers Reconciling these ideals has the potential to create resentment and disappointment Drawing on research with couples in London as they became parents the book points to the social pressures at play in raising the next generation at material physiological and cultural levels Chapters explore these levels through concrete practices birth feeding and sleeping three of the most highly moralised areas of contemporary parenting culture
