Looseleaf for The Art of Watching Films Joe Boggs, Dennis W. Petrie, 2021-10-19 Never before have movies been so readily available to those who wish to watch them When the first edition of this book was published students viewing opportunities were mostly limited to local theaters classrooms with 16mm projection capabilities or television Since then cable satellite VCRs laserdisc players and DVRs beginning with TiVo have dramatically widened our choice of films to see and ways to see them DVDs and streaming video via the Internet and Wi Fi have offered home viewers both improved visual and sound quality and content extras such as commentaries by directors actors writers editors cinematographers and other filmmakers as well as extended making of documentaries Perhaps most helpfully for the study of film these technologies allow direct digital entry to individual scenes so that we can now scrutinize a film sequence by sequence shot by shot and even frame by frame What are we to make of this greater access to movies What purpose does it serve This textbook is informed by the belief that making films is an art and that watching films is also an art Most students come into an introductory film course having watched plenty of movies but during the semester they develop ways to engage in the experience on a deeper more meaningful level

Judas Iscariot: Damned or

Redeemed Carol A. Hebron, 2016-09-22 At the beginning of the 20th century Judas was characterised in film as the epitome of evil the villainous Jew Film makers cast Judas in this way because this was the Judas that audiences had come to recognize and even expect But in the following three decades film makers as a result of critical biblical study were more circumspect about accepting the alleged historicity of the Gospel accounts Carol A Hebron examines the figure of Judas across film history to show how the portrayal becomes more nuanced and more significant even to the point where Judas becomes the protagonist with a role in the film equal in importance to that of Jesus Hebron examines how in these films we begin to see a rehabilitation of the Judas character and a restoration of Judaism Hebron reveals two distinct theologies rejection and acceptance The Nazi Holocaust and the exposure of the horrors of genocide at the end of World War II influenced how Judaism Jews and Judas were to be portrayed in film Rehabilitating the Judas character and the Jews was necessary and film was deemed an appropriate medium in which to begin that process The ^AOxford Handbook of the Bible and American Popular Culture Dan W. Clanton, Jr., Terry R. Clark, 2020-11-24 The study of the reciprocal relationship between the Bible and popular culture has blossomed in the past few decades The Oxford Handbook of the Bible and American Popular Culture assesses the current state of the field offers examples of work in that field and suggests future directions for further study

The Message Behind the Movie Douglas M. Beaumont, 2009-05-01 Some Christians denounce nearly every move that Hollywood produces others celebrate even the most morally and artistically questionable While most Christians can agree on the cultural importance of films very few are able to interpret movies with insight and understanding Apologetics professor and film lover Doug Beaumont wants moviegoers to become more informed viewers by better grasping the cinematic techniques and genre considerations that filmmakers use to communicate their central themes He also wades into hot button issues of nudity violence and language in movies helping Christians to more carefully evaluate celluloid depictions of sin Packed with quote and excerpts from many of Hollywood s most successful films and from some of the indie favorites that have gained cult followings *The Message Behind the Movie* is a fun and enlightening look at the art from that defines our age

The Message Behind the Movie—The Reboot Douglas Beaumont, 2022-04-11 When it comes to movies people of faith often focus on negative assessments of the film industry and certain style elements that they find objectionable such as violence nudity or harsh language While these criticisms are important they are not the whole story A film s message and its method are not always the same thing By discussing the cinematic techniques and the genre considerations filmmakers use to communicate their ideas this book helps Catholics and other Christians to become informed viewers Douglas Beaumont shows how to evaluate the stories that movies tell and how to discern what they say about reality God and what it means to be human At the same time he illustrates how movie watchers can engage in thoughtful lively discussions about not only film but also the big questions in life Art of Watching Films Kenneth Jurkiewicz, Petrie Boggs, 1999-08-01 **Teaching**
