Thackston Teri, 2018 **The Quickening** Yvonne Heidt, 2014-01-13 Tiffany Curran has the ability to read places and people by touch and although it s a gift she uses to help people it s also a curse that prevents her from having much human contact She tries to keep life simple but that all changes when Katerina Volchosky calls in the Sisters of Spirits paranormal team for help Kat is tired of reporting about violence in the city and vows this story is her last She is hoping that S O S can connect with a serial killer s victims to help provide clues When she meets Tiffany she dreams of a promise made centuries ago to a flame haired priestess Ancient whispers of curses and witches haunt Tiffany s nightmares and the closer she and Kat get to the murderer the louder the whispers get Worse Tiffany has a horrific suspicion she might know who the killer is **Smoke and Fire** Julie Cannon, 2014-01-01 Brady Stewart lives for the fire Nightmares of the fire haunt Nicole McMillan Whether fighting fires in the Kuwaiti desert in the waters of the Gulf of Mexico or the heartland of Oklahoma both women hide behind a smoke screen of who they really are When they meet and face the challenge of their lives their passion ignites because where there s smoke there s fire *Gleason's Pictorial Drawing-room Companion* Maturia Murray Ballou, 1852 **Windigo Thrall** Cate Culpepper, 2014-01-01 The Windigo has a heart of ice The legends of an ancient cannibal demon might have been enthralling but they were folklore To Jo and Becca investigating reports of a Windigo is a lively scholarly exercise and for Grady and Elena it means a weekend at an idyllic mountain retreat Only Pat and Maggie can draw on their Native roots to recognize a monster out of Algonquin myth but only if they unlock the mystery of their shared past Throw six volatile personalities into a snowbound cabin beset by a blizzard and stalked by a monster and there s no assurance they ll survive the night with their sanity intact or their lives *The Victorian Baby in Print* Tamara S. Wagner, 2020-10-15 *The Victorian Baby in Print* Infancy Infant Care and Nineteenth Century Popular Culture explores the representation of babyhood in Victorian Britain The first study to focus exclusively on the baby in nineteenth century literature and culture this critical analysis discusses the changing roles of an iconic figure A close look at the wide ranging portrayal of infants and infant care

not only reveals how divergent and often contradictory Victorian attitudes to infancy really were but also challenges persistent clichés surrounding the literary baby that emerged or were consolidated at the time and which are largely still with us. Drawing on a variety of texts including novels by Charles Dickens, Wilkie Collins, Mary Elizabeth Braddon, Mrs Henry Wood and Charlotte Yonge as well as parenting magazines of the time, childrearing manuals and advertisements, this study analyses how their representations of infancy and infant care utilised and shaped an iconography that has become definitional of the Victorian age itself. The familiar clichés surrounding the Victorian baby have had a lasting impact on the way we see both the Victorians and babies, and a critical reconsideration might also prompt a self-critical reconsideration of the still burgeoning market for infant care advice today.

Unicorns Can Be Deadly Charlotte Stuart, 2025-03-04 A young boy witnesses a kidnapping in a homeless encampment and flees for his life. After rescuing a young boy trying to escape from two men who are chasing him, private investigator and single mom Cameron Chandler is repeatedly told that you can't save everyone. Nevertheless, she takes on several clients who want her and her partner Yuri at Pennywise Investigations to find missing homeless relatives, including a three-month-old baby. Challenged by an investigation that ventures into a complex world of camaraderie and hardships where no one is safe, Cameron finds solace in her quirky but supportive family, her partner's trivia rants, her dog's obsession with stuffed endangered species toys, and a handsome detective who may or may not be interested in more than a professional relationship.

Who was Who on TV Norman Chance, 2011-01-07 The information herein was accumulated over fifty-some odd years. The collection process started when TV first came out and continued until today. The books are in alphabetical order and cover shows from the 1940s to 2010. The author has added a brief explanation of each show and then listed all the characters who played the roles and, for the most part, the year or years the actor or actress played that role. Also included are most of the people who created the shows: the producers, directors, and the writers of the shows. These books are a great source of trivia information, and for most of the older folk, they will bring back some very fond memories. I know a lot of times we think back and say, "Who was the guy that played such and such a role?" Enjoy.
