The Agony Of Exegesis Canon And Early Christian Cultures:

The Agony of Exegesis Benjamin Myers, 2014-11 **God's Word, Spoken or Otherwise** Charles M. Ramsey, 2021-09-27
Set in British India soon after the Uprising of 1857 *God's Word Spoken and Otherwise* explores the controversial and ingenious ideas of one of South Asia's most influential public thinkers Sir Sayyid Ahmad Khan 1817-1898 Bringing to light previously unpublished material from his exegetical commentaries on the Bible and Qur'an this study explores the interplay of natural and prophetic revelation from an intertextual perspective The book provides fresh insight into Sir Sayyid's life and work and underscores both the originality of his ideas and also their continuity within a dynamic Muslim intellectual tradition

The Anchor Bible Dictionary: D-G, 1992 The Sunday school chronicle [afterw.] New chronicle of Christian education
National Sunday school union, 1878 *Frozen Institutions* Bruce N. Kaye, 2022-07-26 Thanks for the memories well maybe not It has been hard work getting over the break up of the fifteen hundred year Anglican marriage of church and state the so called English Christendom It is still a work in progress because the marriage left behind so many unconscious assumptions about power institutions and community relations The first group of essays in this book challenges some of the frozen elements in church institutions in particular habits of orthodoxy catholicity and canonical Scripture They are framed in the context of the struggles of the Anglican Communion The second set of essays refer to the Anglican Church of Australia and some attempts at defrosting its institutions These are lectures and papers given across Australia mostly during the author's time as General Secretary of the Anglican Church of Australia The last essay is an account of a current struggle over the blessing of a same sex couple legally married under recently changed civil law It illustrates the role of the constitution of the church in this dispute The loose federation of dioceses in the constitution has generally enabled dioceses to live separately The danger in this has been the specter of a church made up of diocesan silos rather than of engaged fellowship However the federal structure does not need to work that way Indeed in the present conflict situation this very looseness could be used to provide space for more respectful engagement How this crisis is handled will be an early clue as to whether the church is up to it
