Writing the American Past Mark M. Smith, 2009-03-09 *Writing the American Past* reproduces dozens of untranscribed handwritten documents offering students the opportunity to transcribe decipher and interpret primary sources Documents include diary entries from Massachusetts in the 1690s a woman detailing the Great Awakening an eighteenth century treaty with Native Americans a journal describing antebellum train travel and a letter by a slave Skillfully teaches students to engage with the raw material of pre 1877 US history the written document An introduction and headnotes to each document contextualize the sources and provide a foundation from which the student can explore the material

History of Oakland County, Michigan Samuel W. Durant, Henry B. Pierce, 1877 *The Debate Over Slavery* David F. Ericson, 2000-12 Frederick Douglass and George Fitzhugh disagreed on virtually every major issue of the day On slavery women s rights and the preservation of the Union their opinions were diametrically opposed Where Douglass thundered against the evils of slavery Fitzhugh counted its many alleged blessings in ways that would make modern readers cringe What then could the leading abolitionist of the day and the most prominent southern proslavery intellectual possibly have in common According to David F Ericson the answer is as surprising as it is simple liberalism In *The Debate Over Slavery* David F Ericson makes the controversial argument that despite their many ostensible differences most Northern abolitionists and Southern defenders of slavery shared many common commitments to liberal principles to the nation to the nation s special mission in history and to secular progress He analyzes side by side pro and antislavery thinkers such as Lydia Marie Child Frederick Douglass Wendell Phillips Thomas R Dew and James Fitzhugh to demonstrate the links between their

very different ideas and to show how operating from liberal principles they came to such radically different conclusions His raises disturbing questions about liberalism that historians philosophers and political scientists cannot afford to ignore

Parliament. Library,1897 In an Age of Experts Steven Brint,2020-06-30 Since the 1960s the number of highly educated professionals in America has grown dramatically During this time scholars and journalists have described the group as exercising increasing influence over cultural values and public affairs The rise of this putative new class has been greeted with idealistic hope or ideological suspicion on both the right and the left In an Age of Experts challenges these characterizations showing that claims about the distinctive politics and values of the professional stratum have been overstated and that the political preferences of professionals are much more closely linked to those of business owners and executives than has been commonly assumed **A ^ALegacy of Discrimination** Lee C. Bollinger,Geoffrey R. Stone,2023-01-18 In A Legacy of Discrimination Lee C Bollinger and Geoffrey R Stone trace the history of affirmative action and the legal challenges it has faced over the decades They introduce evolving affirmative action case law that sought to dismantle racism and enable social educational and economic progress for Black people and other minority groups They demonstrate how and why affirmative action policies stand on firm legal ground and must remain protected A timely and robust overview of affirmative action this book will serve as a powerful defense of a policy that has accomplished more than most people realize in making America a fairer and more inclusive country *The Great Republic* Bernard Bailyn,1981
