Voices of the English Reformation John N. King, 2014-03-26 Spanning the different phases of the English Reformation from William Tyndale's 1525 translation of the Bible to the death of Elizabeth I in 1603 John King's magisterial anthology brings together a range of texts inaccessible in standard collections of early modern works The readings demonstrate how Reformation ideas and concerns pervade well known writings by Spenser Shakespeare Sidney and Marlowe and help foreground such issues as the relationship between church and state the status of women and resistance to unjust authority Plays dialogues and satires in which clever laypersons outwit ignorant clerics counterbalance texts documenting the controversy over the permissibility of theatrical performance Moving biographical and autobiographical narratives from John Foxe's Book of Martyrs and other sources document the experience of Protestants such as Anne Askew and Hugh Latimer both burned at the stake of recusants Jesuit missionaries and many others In this splendid collection the voices ring forth from a unique moment when the course of British history was altered by the fate and religious convictions of the five queens Catherine Parr Lady Jane Grey Mary I Mary Queen of Scots and Elizabeth I **Biblical Eschatology, Second Edition** Jonathan Menn, 2018-03-07 Biblical Eschatology provides what is not found in any other single volume on eschatology it analyzes all the major eschatological passages including the Olivet Discourse and the book of Revelation issues including the second coming of Christ the millennium the rapture and Antichrist and positions including all the major views of the millennium in a clear but not superficial way The book concludes with a chapter showing how eschatology is relevant for our lives Biblical Eschatology makes understanding eschatology easier by including chapters on how to interpret prophecy and apocalyptic literature by showing the history of eschatological thought and by placing eschatology in the context of the Bible's overall story line and structure Clarity and understanding are enhanced by the use of comparative tables and appendices Subject and Scripture indexes are included The book interacts with the best of Evangelical and Reformed scholarship and the

extensive bibliography which includes the web addresses of many online resources provides an excellent source for the reader's further study. This is a perfect resource for intelligent Christians including pastors, students and teachers who desire to understand eschatology and to see how it fits together with the rest of the Bible. [The Restoration of the Jews: Early Modern Hermeneutics, Eschatology, and National Identity in the Works of Thomas Brightman](#) Andrew Crome, 2014-05-07

This book offers the first detailed examination of the life and works of biblical commentator Thomas Brightman (1562-1607), analysing his influential eschatological commentaries and their impact on both conservative and radical writers in early modern England. It examines in detail the hermeneutic strategies used by Brightman and argues that his method centred on the dual axes of a Jewish restoration to Palestine and the construction of a strong English national identity. This book suggests that Brightman's use of conservative modes of literal exegesis led him to new interpretations which had a major impact on early modern English eschatology. A radically historicised mode of exegesis sought to provide interpretations of the Old Testament that would have made sense to their original readers, leading Brightman and those who followed him to argue for the physical restoration of the Jews to the Holy Land. In doing so, the standard Reformed identification of Old Testament Israel with elect Christians was denied. This book traces the evolution of the controversial idea that Israel and the church both had separate unfulfilled scriptural promises in early modern England and shows how early modern exegetes sought to re-construct a distinctly English Christian identity through reading their nation into prophecy. In examining Brightman's hermeneutic strategies and their influence, this book argues for important links between a literal hermeneutic ideas of Jewish restoration and national identity construction in early modern England. Its central arguments will be of interest to all those researching the history of biblical interpretation, the role of religion in constructing national identity and the background to the later development of Christian Zionism. This important study provides a new examination of Thomas Brightman's hermeneutical method, particularly his ideas on the restoration of the Jews. The author's thorough analysis of Brightman's approach also has more general and wider implications for understanding the development of English apocalyptic interpretation into the later seventeenth century. Dr Warren Johnston, Associate Professor of History, Algoma University.

Andrew Crome's ground-breaking study of Thomas Brightman offers a new and sometimes surprising account of the development of millennial thinking in and beyond early modern England. This masterly account demonstrates the extent to which an emerging Zionism supported an emerging English nationalism while outlining the historical roots of some of the most important of contemporary geopolitical themes. Professor Crawford Gribben, Professor of Early Modern British History, Queen's University Belfast. This important study provides a new examination of Thomas Brightman's hermeneutical method, particularly his ideas on the restoration of the Jews. The author's thorough analysis of Brightman's approach also has more general and wider implications for understanding the development of English apocalyptic interpretation into the later seventeenth century. Dr Warren Johnston, Associate Professor of History, Algoma University.

The Apocalypse Or Book of Revelations, Explained According to the Spiritual Sense, Wherein are Disclosed the Arcana Therein Foretold which Have Been Hitherto Hidden Emanuel Swedenborg,1895 **Apocalypse and Millennium** Kenneth G. C. Newport,2000-08-10 Apocalypse and Millennium argues that far from being a random sequence of bizarre statements millennial schemes including the setting of dates for the second coming of Christ are more often characterised by highly complex and internally consistent interpretations of scripture Such interpretations do not always result in positive outcomes As an example the work of David Koresh is examined at length Koresh styled by some the Wacko from Waco clearly had views which some would find odd However his interpretation of scripture did not lack system or context and to see him in that light is to begin to understand why his message had appeal particularly to those of the Seventh day Adventist tradition The final three chapters in this book outline Koresh s thinking on end time events and trace the line of his interpretative tradition from nineteenth century Millerism through Seventh day Adventism and Davidianism which began in 1929
