*The Cambridge World History: Volume 3, Early Cities in Comparative Perspective, 4000 BCE-1200 CE* Norman Yoffee, 2015-03-19 From the fourth millennium BCE to the early second millennium CE the world became a world of cities This volume explores this critical transformation from the appearance of the earliest cities in Mesopotamia and Egypt to the rise of cities in Asia and the Mediterranean world Africa and the Americas Through case studies and comparative accounts of key cities across the world leading scholars chart the ways in which these cities grew as nodal points of pilgrimages and ceremonies exchange storage and redistribution and centres for defence and warfare They show how in these cities along with their associated and restructured countrysides new rituals and ceremonies connected leaders with citizens and the gods new identities as citizens were created and new forms of power and sovereignty emerged They also examine how this unprecedented concentration of people led to disease violence slavery and subjugations of unprecedented kinds and scales

*The Cambridge World History of Slavery: Volume 3, AD 1420-AD 1804* David Eltis, Stanley L. Engerman, Keith R. Bradley, Paul Cartledge, Seymour Drescher, 2011-07-25 The various manifestations of coerced labour between the opening up of the Atlantic world and the formal creation of Haiti

**A Companion to World History** Douglas Northrop, 2012-08-07 A COMPANION TO WORLD HISTORY This new volume offers insightful reflections by both leading and emerging world historians on approaches methodologies arguments and pedagogies of a sub discipline that has continued to be in flux as well as in need of defining itself as a relevant alternative to the traditional national regional or chronological fields of inquiry Choice The focus on the practicalities of how to do world history probably gives it its edge Its thirty three chapters are grouped into sections that address how to set up research projects in world history how to teach it how to get jobs in it how to frame it and how it is done in various parts of the globe It is an actual handbook in other words as opposed to a sample of exemplary work English Historical Review A Companion to World History offers a comprehensive overview of the variety of approaches and practices utilized in the field of world and global history This state of the art collection of more than 30 insightful essays including contributions from an international cast of leading world historians and emerging scholars in the field identifies continuing areas of contention disagreement and divergence while pointing out fruitful directions for further discussion and research Themes and topics explored include the lineages and trajectories of world history key ideas and methods employed by world historians the teaching of world history and how it draws upon and challenges traditional approaches and global approaches to writing world history By considering these interwoven issues of scholarship and pedagogy from a transnational interregional and world global scale fresh insights are gained and new challenges posed With its rich compendium of diverse viewpoints A Companion to World History is an essential resource for the study of the world's past

**The Industrial Turn in World History** Peter Stearns, 2016-09-13 In *The Industrial Turn in World History* Peter N Stearns presents a concise yet far reaching overview of the worldwide shift from agricultural societies to industrial societies

over the past two centuries Putting the implications for individuals and societies in global context while simultaneously considering the limits of generalization across cultures Stearns's text explores the nature of industrialization across national and regional lines Rather than portraying the Industrial Revolution as primarily a Western early 19th century development this new narrative argues that the move to industrial societies is an ongoing and truly global shift Taking a largely social and cultural approach Stearns engages with the leading edge approach of looking at emotion historically allowing readers to ask questions about the impact of industrial society on emotional experience and happiness levels This innovating framing allows for use in a variety of courses including world history economic history and more general courses on the Industrial Revolution

**Revolutionary Movements in World History** James DeFronzo, 2006-07-20 This groundbreaking three volume encyclopedia is the first to focus exclusively on the revolutionary movements that have changed the course of history from the American and French Revolutions to the present ABC CLIO is proud to present an encyclopedia that reaches around the globe to explore the most momentous and impactful political revolutions of the last two and a half centuries exploring their origins courses consequences and influences on subsequent individuals and groups seeking to change their own governments and societies In three volumes Revolutionary Movements in World History covers 79 revolutions from the American and French uprisings of the late 18th century to the rise of communism Nazism and fascism from Ho Chi Minh and Fidel Castro to the Ayatollah al Qaeda and the fall of the Berlin wall Written by leading experts from a number of nations this insightful cutting edge work combines detailed portrayals of specific revolutions with essays on important overarching themes Full of revealing insights compelling personalities and some of the most remarkable moments in the world's human drama Revolutionary Movements in World History offers a new way of looking at how societies reinvent themselves

**Ancient Civilizations of the World** Denny Rose & Rowan Allen, 2018-05-08 About 5 000 years ago the first urban societies developed laying the foundations for the first civilizations Nearly all civilizations share the same few features they have abundant food surpluses contained cities political bureaucracies armies defined religious and social hierarchies and long distance trading Ancient Egyptian culture flourished between c 5500 BCE with the rise of technology as evidenced in the glass work of faience and 30 BCE with the death of Cleopatra VII the last Ptolemaic ruler of Egypt It is famous today for the great monuments which celebrated the triumphs of the rulers and honored the gods of the land The culture is often misunderstood as having been obsessed with death but had this been so it is unlikely it would have made the significant impression it did on other ancient cultures such as Greece and Rome Neolithic means e new stonee even though agriculture was the crowning achievement of the period Civilizations started out small Agriculture at first tended to tie only small groups together These groups also all settled along rivers important as a reliable and predictable source of water As time passed families usually worked the same plot of land over successive generations leading to the concept of ownership Ancient mortars and grinding tools unearthed in a large mound in the Zagros Mountains of Iran reveal that people were grinding

wheat and barley about 11 000 years ago Grass pea wild wheat wild barley and lentils were found throughout the site including some of the earliest known samples This was much further east than most sites known for early agriculture This book furnishes with utmost facility to all classes of readers the needed information on ancient civilization The unusual variety of the subject makes this a work of endless fascination

**A Global History of Modern Historiography** Georg G Iggers,Q. Edward Wang,Supriya Mukherjee,2016-09-01 The first book on historiography to adopt a global and comparative perspective on the topic A Global History of Modern Historiography looks not just at developments in the West but also at the other great historiographical traditions in Asia the Middle East and elsewhere around the world over the course of the past two and a half centuries This second edition contains fully updated sections on Latin American and African historiography discussion of the development of global history environmental history and feminist and gender history in recent years and new coverage of Russian historical practices Beginning in the mid eighteenth century the authors analyse historical currents in a changing political social and cultural context examining both the adaptation and modification of the Western influence on historiography and how societies outside Europe and America found their own ways in the face of modernization and globalization Supported by online resources including a selection of excerpts from key historiographical texts this book offers an up to date account of the status of historical writing in the global era and is essential reading for all students of modern historiography

**The Oxford Encyclopedia of Women in World History** Bonnie G. Smith,2008 The Encyclopedia of Women in World History captures the experiences of women throughout world history in a comprehensive 4 volume work Although there has been extensive research on women in history by region no text or reference work has comprehensively covered the role women have played throughout world history The past thirty years have seen an explosion of research and effort to present the experiences and contributions of women not only in the Western world but across the globe Historians have investigated womens daily lives in virtually every region and have researched the leadership roles women have filled across time and region They have found and demonstrated that there is virtually no historical social or demographic change in which women have not been involved and by which their lives have not been affected The Oxford Encyclopedia of Women in World History benefits greatly from these efforts and experiences and illuminates how women worldwide have influenced and been influenced by these historical social and demographic changes The Encyclopedia contains over 1 250 signed articles arranged in an A Z format for ease of use The entries cover six main areas biographies geography and history comparative culture and society including adoption abortion performing arts organizations and movements such as the Egyptian Uprising and the Paris Commune womens and gender studies and topics in world history that include slave trade globalization and disease With its rich and insightful entries by leading scholars and experts this reference work is sure to be a valued go to resource for scholars college and high school students and general readers alike

**Teaching Recent Global History** Diana B. Turk,Laura J. Dull,Robert Cohen,Michael R. Stoll,2014-03-05 Teaching Recent Global History explores innovative ways to teach world history beginning with the early 20th century The authors unique approach unites historians social studies teachers and educational curriculum specialists to offer historically rich pedagogically innovative and academically rigorous lessons that help students connect with and deeply understand key events and trends in recent global history Highlighting the best scholarship for each major continent the text explores the ways that this scholarship can be adapted by teachers in the classroom in order to engage and inspire students Each of the eight main chapters highlights a particularly important event or theme which is then complemented by a detailed discussion of a particular methodological approach Key features include An overarching narrative that helps readers address historical arguments Relevant primary documents or artifacts plus a discussion of a particular historical method well suited to teaching about them Lesson plans suitable for both middle and secondary level classrooms Document based questions and short bibliographies for further research on the topic This invaluable book is ideal for any aspiring or current teacher who wants to think critically about how to teach world history and make historical discussions come alive for students

**Eurasian Slavery, Ransom and Abolition in World History, 1200-1860** Dr Christoph Witzernath,2015-11-28 Recent research has demonstrated that early modern slavery was much more widespread than the traditional concentration on colonial plantation slavery might suggest This volume provides both an overview and snapshot of current research on the history of captivity slavery ransom and abolition in the vicinity of the Eurasian steppe from the early modern period to modern times The contributions centre on the Russian Empire while bringing together scholars from various historical traditions of the leading states in this region including Poland Lithuania and the Ottoman Empire and their various successor states

The Status of World History Instruction in American Secondary Schools William E. Pulliam,1972 The one year course in world history popular in some quarters does not seem to have made much headway High school level courses on world history are one of the many responses to the World Wars yet said courses have never been recommended by a committee of national scope on which there were any historians Opinion surveys among teachers and students indicate that no other part of the typical social studies program is more criticized than the tenth grade level one year elective world history course These courses are increasing in number textbooks are multiplying and a few interesting experiments are being worked out yet there is no general agreement on organization scope objectives teaching strategies or assessment in these courses This document is a summary of historical and recent surveys on curricular trends in social studies with regard to

world history to help educators assess what impact they may have on the teaching of world history in the 1970s

**Technology: A World History** Daniel R. Headrick, 2009-04 Technology A World History offers a brilliant history of invention around the globe Historian Daniel R Headrick ranges from the Stone Age and the beginnings of agriculture to the Industrial Revolution and the electronic revolution of the recent past In tracing the growing power of humans over nature through increasingly powerful innovations he compares the evolution of technology in different parts of the world providing a much broader account than is found in other histories of technology
