state of the art analysis of numerous aspects of the disciplinary encounter between historians and IR theorists Thereafter sections on Practices Locales and Moments offer a wide variety of perspectives from the longue dur e to the ephemeral individual moment and challenge many conventional ways of defining the contexts of historical enquiry about international relations Contributors come from a range of academic backgrounds and present a diverse array of methodological and philosophical ideas as well as their various historical interests The Oxford Handbooks of International Relations is a twelve volume set of reference books offering authoritative and innovative engagements with the principal sub fields of International Relations The series as a whole is under the General Editorship of Christian Reus Smit of the University of Queensland and Duncan Snidal of the University of Oxford with each volume edited by specialists in the field The series both surveys the broad terrain of International Relations scholarship and reshapes it pushing each sub field in challenging new directions Following the example of Reus Smit and Snidal s original Oxford Handbook of International Relations each volume is organized around a strong central thematic by scholars drawn from different perspectives reading its sub field in an entirely new way and pushing scholarship in challenging new directions

Accounting for History in Marx's Capital Robert Bryer,2019-06-25 Accounting for History uses the accounting interpretation of Marx s theories of history and value to explain and defend his prediction of the inevitability of socialism as the end of history In addition to the technological and institutional development of advanced capitalism Bryer argues that the key necessary conditions are that workers see through capitalist ideology understanding that Marx s theory of value explains why the phenomenal forms appearing in capitalist accounts are distortions of the underlying social reality and that demystified accounting is integral to his concept of socialism on Day One To get to Day One the book concludes Marx left Marxists the tasks of critical accounting
