

I Dream of a World of Peace

I dream of a world of peace,
Where people can live a life of ease.
World where there is no difference between rich and poor,
Life being pleasant for living ever more.

I dream of a world of happiness,
Where there is no sight of selfishness.
Where each and everyone can get their needs,
And have belief in their deeds.

I dream of a world of kindness,
Where people can know that value of love is priceless.
Where people could realise that of earth we are all children,
And to have a kind heart is better for all men.

I dream of a world of loving mates,
Where people can realise all are great.
Where people can know that in this earth,
With a kind heart people must give birth.

I dream of a world of peace,
Where people can live a life of ease!

How to Achieve World Peace Jim Des

Rocher, 2004-10-25 This book deals with plans to achieve a true World Peace Achieving World Peace is a subject that has never been openly discussed by the people of this world before The content of this book is original because a real workable plan for achieving World Peace has never been offered to the people of this world because it can change the way we live in this world Violence and wars have been a part of our lives since the beginning of the human race and now this book is offering for the first time a chance to live in a world that is dominated by peace This book takes a serious look at civilizing this world for the first time and offers a simple way to go about civilizing this world This book takes the dreams of achieving World Peace and makes achieving World Peace a reality This book solves the mystery of how to achieve World Peace This book shows us how to end all wars and military conflicts and put an end to all the terrorism in this world The plan for achieving World Peace laid out in this book is a stroke of political brilliance because no one in this world could possibly stand against any efforts by the people of this world to achieve true World Peace When the people in this world are armed with a perfect political issue like achieving World Peace that no world leader or government could possibly be against they can easily achieve World Peace Any political issue like achieving World Peace that has one hundred percent support can not fail The content of this book is very powerful and will change the way we live on this earth Injecting a World Peace movement

into world politics will force our governments to address the World Peace issue and when they do they will have no choice but to accept the plan for achieving World Peace No government or world leader could ever stand in front of their people and try to explain why World Peace is bad for the people of their country This book offers an opportunity to all peace loving people in to world to be part of a movement that will lead to a true World Peace *U.S. Participation in the United Nations and U.N. Glidewell, 1990 If you think your job is hopelessly difficult you may be right Particularly if your job is public administration Those who study or practice public management know full well the difficulties faced by administrators of complex bureaucratic systems What they don't know is why some jobs in the public sector are harder than others and how good managers cope with those jobs Drawing on leadership theory and social psychology Erwin Hargrove and John Glidewell provide the first systematic analysis of the factors that determine the inherent difficulty of public management jobs and of the coping strategies employed by successful managers To test their argument Hargrove and Glidewell focus on those jobs fraught with extreme difficulties impossible jobs What differentiates impossible from possible jobs are 1 the publicly perceived legitimacy of the commissioner's clientele 2 the intensity of the conflict among the agency's constituencies 3 the public's confidence in the authority of the commissioner's profession and 4 the strength of the agency's myth or long term idealistic goal Hargrove and Glidewell flesh out their analysis with six case studies that focus on the roles played by leaders of specific agencies Each essay summarizes the institutional strengths and weaknesses specifies what makes the job impossible and then compares the skills and strategies that incumbents have employed in coping with such jobs Readers will come away with a thorough understanding of the conflicting social psychological and political forces that act on commissioners in impossible jobs
