Andrew Fuller's Theology of Revival Ryan Rindels, 2021-01-21 Revival is the arguable heartbeat of evangelical Christianity Though a theologically diverse and globally diffused phenomenon evangelicalism originated in a distinctly Calvinistic milieu Many Puritans in the seventeenth century evangelicals before the revivals emphasized the work of the Holy Spirit including the importance of personal conversion Unlike theologically Arminian proponents of revival such as Charles G Finney many Puritans and early evangelicals believed and taught that the absolute sovereignty of God was compatible with human responsibility Calvinistic Baptists in the early eighteenth century who rejected this tension declined numerically yet a new generation of pastors led their denomination through this impasse Andrew Fuller 1754-1815 defended Reformed doctrine in the Particular Baptist tradition while emphasizing the importance of human response in his preaching writing and fundraising for the Baptist Missionary Society The fruit of Fuller's ministry included growth of churches in England conversions among people groups in the Global South and the preservation of Reformed theology in a challenging Enlightenment context

Hawkins, 2019-08-05 Perhaps the most important difficult and unresolved issue in Shakespeare studies is the question of Lear's last lines the whole meaning of Shakespeare's greatest and most controversial tragedy depends upon it In the 1608 Quarto it is O o o o that zero to which the Fool compares Lear himself In the 1623 Folio the King's last words are Look on her Look her lips Look there look there No one but Lear sees what he points us to envision Is it epiphany or delusion Is Lear's tragedy nihilistic or redemptive In search of an answer Hawkins deploys a wide spectrum of critical approaches close scrutiny of the rival texts and comparison with the play's sources the unique double structure of Lear its symbols and imagery its visual and verbal scriptural allusions even its numerology The book enlists its readers in a quest for final meaning not unlike the movement of the play itself towards Dover and the extreme verge of its imagined cliff that high place where life borders upon death and earth meets sky and sea **The Southern Presbyterian Review**, 1853
