John Milton John T. Shawcross, 2021-09-15 The facts of John Milton's life are well documented but what of the person Milton the man whose poetic and prose works have been deeply influential and are still the subject of opposing readings John Shawcross's different biography depicts the man against a psychological backdrop that brings into relief who he was in his works and from his works While the theories of Freud Lacan Kohut and others underlie this pursuit of Milton's self Jung and some of his followers provide the basic understanding by which Shawcross places Milton in the panorama of history His explorations of the psychological underpinnings of Milton's decision to become a poet of the homoerotic dimensions of his personality and of his relationships with father and mother demonstrate the extent to which psychobiography proves itself invaluable as a means to appreciate this complex writer and his complex writings This biography combines the traditional chronological narrative with a technique akin to that of fiction a mixture of times and a triggering of remembrances from various time frames without time differentiations Such an approach offers a view of Milton not only in being but in process of being Shawcross's examination of two current concerns gender attitudes and political ideologies ranges Milton's work against the self he exhibits Specialists and nonspecialists alike will find in this magisterial biography a wealth of new insight into one of the greatest of English poets *Bookseller's catalogues* Thornton J. and son, 1883

Milton and Questions of History Mary Ellen Nyquist, Feisal Gharib Mohamed, Mary Nyquist, 2012-01-01 Milton and Questions of History considers the contribution of several classic studies of Milton written by Canadians in the twentieth century It contemplates whether these might be termed a coherent school of Milton studies in Canada and it explores how these concerns might intervene in current critical and scholarly debates on Milton and more broadly on historicist criticism in its relationship to renewed interest in literary form The volume opens with a selection of seminal articles by noted scholars including Northrop Frye Hugh McCallum Douglas Bush Ernest Sirluck and A S P Woodhouse Subsequent essays engage and contextualize these works while incorporating fresh intellectual concerns The Introduction and Afterword frame the contents so that they constitute a dialogue between past and present critical studies of Milton by Canadian scholars

What Shall I Read Next? F. Seymour Smith, 1953-01-02 Originally published in 1953 *What Shall I Read Next* lists nearly 2000 works published after 1900 with the compiler's own appreciatory comments on selected items. It was a companion volume to Mr Seymour Smith's *English Library*. Both books are published on behalf of the National Book League. In his introduction explaining the scope and purpose of the book Mr Seymour Smith wrote: 'Some will find it useful merely as a shopping list reminding them of books they know something about already and serving as a remembrancer. To others and particularly to younger readers it may introduce books which have so far escaped their notice. It is hoped too that for booksellers and librarians it will have a practical use as a desk book for answering enquiries for serving as a check list for stock and for use as a reference book when memory fails.' **A Variorum Commentary on the Poems of John Milton: The Latin and Greek poems, by D. Bush. The Italian poems, by J. Shaw and A. Giamatti** Douglas Bush, 1970

Approaches to the Anglo and American Female Epic, 1621-1982 Bernard Schweizer, 2019-02-08 Epic has long been regarded as the exclusive domain of the male literary genius and as an incarnation of patriarchal values. This provocative collection of essays challenges such a hegemonic stereotype by demonstrating the ways in which women writers have successfully adapted the masculine epic tradition to suit their own aesthetic needs and to express their own heroic literary social and historical visions. Bringing the female epic out of the shadows the contributors rethink generic boundaries to illuminate this heretofore hidden literary practice. The essays range from Mary Tighe to Rebecca West from Elizabeth Barrett Browning to Gwendolyn Brooks and from Frances Burney to Virginia Woolf. Bernard Schweizer's introduction titled *Muses with Pens* connects the trajectory of ideas and influences in the individual essays to demonstrate how each participates in reclaiming for women writers a place in the development of a female epic tradition. The volume will be an invaluable resource for scholars working on issues related to genre canon formation and the evolution of female literary authority

Inside Paradise Lost David Quint, 2014-02-02 Inside Paradise Lost opens up new readings and ways of reading Milton s epic poem by mapping out the intricacies of its narrative and symbolic designs and by revealing and exploring the deeply allusive texture of its verse David Quint s comprehensive study demonstrates how systematic patterns of allusion and keywords give structure and coherence both to individual books of Paradise Lost and to the overarching relationship among its books and episodes Looking at poems within the poem Quint provides new interpretations as he takes readers through the major subjects of Paradise Lost its relationship to epic tradition and the Bible its cosmology and politics and its dramas of human choice Quint shows how Milton radically revises the epic tradition and the Genesis story itself by arguing that it is better to create than destroy by telling the reader to make love not war and by appearing to ratify Adam s decision to fall and die with his wife The Milton of this Paradise Lost is a Christian humanist who believes in the power and freedom of human moral agency As this indispensable guide and reference takes us inside the poetry of Milton s masterpiece Paradise Lost reveals itself in new formal configurations and unsuspected levels of meaning and design
