Women, Pilgrimage, and Rituals of Healing in Modern and Ancient Greece Evy Johanne Håland, 2023-07-21 This book investigates religious rituals and gender in modern and ancient Greece with a specific focus on women's role in connection with healing. How can we come to understand such mainstays of ancient culture as its healing rituals when the male recorders did not and could not know or say much about what occurred since the rituals were carried out by women? The book proposes that one way of tackling this dilemma is to attend similar healing rituals in modern Greece carried out by women and compare the information with ancient sources, thus providing new ways of interpreting the ancient material we possess. Carrying out fieldwork being present during often enduring rituals within cultures despite other changes teaches one whole new ways of looking at written and pictorial records of such events. By bringing ancient and modern worlds into mutual illumination, this text also has relevance beyond the Greek context both in time and space. *The Bookseller*, 1894

Panicker, who is now a lecturer at the Orthodox seminar in Kottayam, has specific ecumenical aims in mind when he discusses the themes of his book. Hence Panicker is able to make significant contributions to modern ecumenism. **Publisher and Bookseller**, 1894 Vols for 1871 76 1913 14 include an extra number. The chapters encompass a wide geographic and historical range from the fifth to the fifteenth century and from Armenia and Byzantium to Venice, Rome, and Santiago de Compostela. Contributors offer nuanced explorations of the intangible sonic aura produced in these places by the ritual music and harness the use of digital technology to reconstruct historical aural environments. Rooted in a decade-long interdisciplinary research project at Stanford University, Icons of Sound expands our understanding of the inherently intertwined relationship between medieval chant and liturgy, the acoustics of architectural spaces, and their visual aesthetics. Together, the contributors provide insights that are relevant across art history, sound studies, musicology, and medieval studies.

A Library of the World's Best Literature - Ancient and Modern - Vol. XLV (Forty-Five Volumes); Synopses of Famous Books & General Index Charles Dudley Warner, 2009-01-01 It would be enough to recommend this astonishing 45 volume set first published in 1896 if it were merely a wonderfully massive compilation of the world's best writings from the world's best authors up until the advent of the 20th century But A Library of the World's Best Literature is so much more than that For this marvelous collection represents the evolution of human thought the evolution of human civilization even as seen through the mind of one of the most important if sadly almost forgotten literary figures of the 19th century Popular American essayist novelist and journalist CHARLES DUDLEY WARNER 1829-1900 was renowned for the warmth and intimacy of his writing which encompassed travelogue biography and autobiography fiction and more and influenced entire generations of his fellow writers Here the prolific writer turned editor for his final grand work a splendid survey of global literature classic and modern and it's not too much to suggest that if his friend and colleague Mark Twain who stole Warner's quip about how everybody complains about the weather but nobody does anything about it had assembled this set it would still be hailed today as one of the great achievements of the book world And so it still deserves to be Arranged not chronologically but alphabetically mostly under the names of authors but in some cases of literatures or special subjects such as Icelandic literature or Arthurian legend this set is no dry reference work These eminently browsable volumes available through Cosimo for the first time in decades in both paperback and hardcover editions are meant to be read and enjoyed by anyone who loves the written word Volume 45 features more synopses of notable works from Adam Bede by George Eliot to Zury The Meanest Man in Spring County by Joseph Kirkland including many not previously referenced in the set but highlighted as well worth a serious reader's time and attention This volume also includes a General Index to the 45 volume set
